A.2 WORK AND SERVICES TO BE PROVIDED

- A. While the Subcontract is in effect, the Consultant will perform certain work and services at the Savannah River Site, at the Consultant's home office, or elsewhere as required from time to time upon the direction of SRR, on either a continuous or an intermittent basis, under the terms and conditions hereinafter set forth. The work and services to be performed by the Consultant(s) is found in the Statement of Work and Services, which is attached to the Subcontract and by this reference incorporated therein. (3) Nothing contained in this Article authorizes the Consultant to incur costs in excess of the estimated cost or other limitation on funds set forth in the Subcontract.

- B. _____ of SRR shall technically direct the work under the Subcontract.

A.4 INDEPENDENT CONTRACTORS

- A. In the performance of the work and services hereunder, the Consultant will act solely as an independent Contractor, and nothing herein contained or implied will at any time be so construed as to create the relationship of employer and employee, partnership, principal and agent, or joint venturer as between SRR and the Consultant. The manner and method of implementing and completing any work to be performed hereunder will be left to Consultant's control and professional judgment. It is understood that SRR has no obligation under local, state, or federal laws regarding the Consultant or any employees, agents, consultants, or subcontractors employed by the Consultant and that the total commitment and liability of SRR in regard to any arrangement or work performed hereunder is to pay the fees and expenses pursuant to the provisions hereof. Payment will be made once monthly upon the receipt of a satisfactory invoice specifying classification(s) or individual(s) charged, the days or portions thereof spent by each in rendering the services described in the Subcontract, and a copy of a detailed expense report from each individual charged, accompanied by receipts for charges in excess of \$25.00, detailing travel and living expenses where travel was involved. Payment terms will be net thirty days.
- B. SRR may withhold final payment hereunder until patent clearances covering the Consultant under the Subcontract have been granted by the Department.
- C. Overpayments. If Consultant becomes aware of a duplicate invoice payment or that SRR has otherwise overpaid on an invoice payment, the Consultant shall immediately notify SRR and request instructions for disposition of the overpayment.

A.7 PAYMENT BY ELECTRONIC FUNDS TRANSFER

- A. Method of Payment.
 - (1) All payments by SRR under this Subcontract shall be made by Electronic Funds Transfer (EFT) except as provided in paragraph A.2 of this Article. As used in this Article, the term "EFT" refers to the funds transfer and may also include the payment information transfer.
 - (2) In the event SRR is unable to release one or more payments by EFT, Consultant agrees to either:
 - (i) Accept payment by check or some other mutually agreeable method of payment; or
 - (ii) Request SRR to extend payment due dates until such time as SRR makes payment by EFT.

- B. Mandatory Submission of Consultant's EFT Information.

Consultant is required to provide SRR with the information required to make payment by EFT. Consultant shall provide this information directly to the office designated in this Subcontract, on forms provided by SRR, no later than 15 days after award. If not otherwise specified in this Subcontract, the payment office is the designated office for receipt of Consultant's EFT information. In the event that the EFT information changes, Consultant shall be responsible for providing the updated information to the designated office.

- C. Mechanisms for EFT Payment.

SRR may make payment by EFT through either the Automated Clearing House (ACH) network, subject to the rules of the National Automated Clearing House Association, or the Fedwire Transfer System.

- D. Suspension of Payment.

- (1) SRR is not required to make any payment under this Subcontract until after receipt, by the designated office, of the correct EFT payment information from Consultant. Until receipt of the correct EFT information, any invoice or subcontract financing request shall be deemed not to be a proper invoice for the purpose of payment under this Subcontract.
- (2) If the EFT information changes after submission of correct EFT information, SRR shall begin using the changed EFT information no later than 30 days after its receipt by the designated office. However, Consultant may request that no further payments be made until the updated EFT information is implemented by the payment office.

- E. Payment Information.

On the day payment on Consultant's invoice is due, SRR will issue instructions to its bank to transfer payment to Consultant, and will also send a FAX to Consultant explaining the details to support the payment.

- F. Liability for Uncompleted or Erroneous Transfers.

- (1) If an uncompleted or erroneous transfer occurs because SRR used the Consultant's EFT information incorrectly, SRR remains responsible for --
 - (i) making a correct payment; and
 - (ii) recovering any erroneously directed funds.
- (2) If an uncompleted or erroneous transfer occurs because Consultant's EFT

information was incorrect, or was revised within 30 days of SRR release of the EFT payment transaction instructions to the bank, and --

- (i) if the funds are no longer under the control of the payment office, SRR is deemed to have made payment and the Consultant is responsible for recovery of any erroneously directed funds; or
- (ii) if the funds remain under the control of the payment office, SRR shall not make payment and the provisions of paragraph D shall apply.

A.8 PROFESSIONAL CONDUCT

- A. The Consultant will, in the event of a change in either its private interests or services under the Subcontract, discuss with SRR any possible conflict of interests which may arise as a result of such change.
- B. The Consultant warrants that any personnel provided under the Subcontract are not an employee of an organization and concurrently performing work on a full-time annual basis for that organization under a cost-type contract with the Department, and that they will not accept such employment during the term of the Subcontract unless approved in writing by SRR. For breach or violation of this warranty, SRR shall have the right to terminate the Subcontract without liability and the Consultant agrees to repay any and all remuneration received under the Subcontract.
- C. A.9 ASSUMPTION OF RISK AND INDEMNIFICATION

- A. Assumption of Risk.
The Consultant assumes all risk of property loss, of damage, and of personal injury or death which may be sustained by the Consultant(s)' employees and/or subcontractors as a result of performing the work and services required under the Subcontract. The Consultant also assumes entire responsibility and liability for losses, expenses, damages, demands, and claims by third parties arising out of any injury or including death or alleged injury of any person, or damage or alleged damage to property, sustained or alleged to have been sustained as a result of or arising out of the fault or negligence of employees and/or subcontractors in the performance of the work or services.
- B. Indemnification.
The Consultant will indemnify and save harmless SRR, the Government, its agents and employees, from and against any and all claims, demands, actions, suits, damages, expenses, including attorney's fees, and liabilities whatsoever including but not limited to actions and claims brought under a Workers'/Workmen's Compensation Act or industrial insurance statute provided however that nothing herein shall require the indemnification for injury or death or damage to property caused by the negligence of SRR or the Government.
- C. Insurance.
 - (1) The Consultant shall procure and thereafter maintain at its own expense, the following insurance:
 - (i) Workers' Compensation and Employer's Liability.

Limits of Liability: \$1,000,000 Combined Single Limit

Note: All personnel operating motor vehicles at SRS must have a valid driver's license, vehicle registration and proof of insurance (regardless of state of origin). Anyone not having these documents is subject to being denied access to SRS and, if in violation of a law, being cited for the violation.

- (2) Certificates of insurance evidencing that the requirements of this Article have been met shall be furnished to SRR before work is commenced with respect to performance under this Order. In addition, a copy of the policy endorsement for Comprehensive General Liability insurance (Ref. paragraph C. (1)(ii) above), naming SRR and the Government as "Additional Insured", shall be submitted with the certificate of insurance. Provisions shall be made for thirty days advance notice by mail to SRR of change in or cancellation of such insurance. Certificates shall be issued by insurance carriers satisfactory to SRR.
- (3) In the event the Consultant fails to furnish such Certificates of Insurance, as required in paragraph 2 hereinabove, prior to commencement of work or to continue to maintain such insurance during the performance of the Subcontract, SRR shall have the right to stop work and/or to withhold any payments or partial payments required to be made under the Subcontract; and shall have the right to continue withholding any or all of said payments so long as the Consultant has not complied with the requirements of this Article.
- (4) On subcontracts involving blasting or other hazardous operations, the Consultant's insurance shall specifically state that all blasting or such other hazardous operations are fully covered.
- D. Consultant agrees to comply with and require its Subcontractors to comply with all applicable laws, rules, and regulations with respect to state industrial insurance or Workers/Workmen's Compensation, occupational disease,

occupational safety and health, or withholding and payment of social security and federal and state income taxes. Consultant further agrees to indemnify SRR and the Government against, and to save and hold harmless SRR and the Government from, any and all liability and expense with respect to claims against SRR or the Government which may result from the failure or alleged failure of Consultant or of any of its subcontractors to comply therewith.

A.10 DISPUTES

- A. Consultant shall not be entitled to and neither SRR nor the Government shall be liable to the subcontractor or its lower tier suppliers or subcontractors for damages in tort (including negligence), or contract, or otherwise, except as specifically provided in this order.
- B. The Parties shall attempt to settle any claim or controversy arising from this Order through consultation and negotiations in good faith and a spirit of mutual cooperation. If those attempts fail, then the dispute will be mediated by a mutually acceptable mediator chosen by the Parties within thirty (30) days after written notice by one party demanding mediation. Neither Party may unreasonably withhold consent to the selection of a mediator, and the Parties will share the costs of the mediation equally. Any dispute which cannot be resolved between the Parties through negotiation or mediation shall be resolved by litigation in a court of competent jurisdiction located in the State of South Carolina. Determination of any substantive issue of law shall be according to the Federal common law of Government contracts as enunciated and applied by Federal judicial bodies and boards of contract appeals of the Federal Government; if there is no applicable Federal Government contract law, the law of the State of South Carolina shall apply in the determination of such issues.
- C. During a pending dispute, the Consultant shall proceed diligently with performance of all terms of this Order. The Consultant's consent to so proceed shall not restrict or otherwise affect the Consultant's right to contest any claim.

A.11 CHANGES

- A. SRR may at any time, by a written change notice from the SRR and Materials Management Department, and without notice to the sureties, if any, make changes, within the general scope of the Subcontract. If any such change causes an increase or decrease in the cost of, or the time required for, performance of any part of the work

under the Subcontract, whether changed or not changed by the Subcontract, SRR shall make an equitable adjustment in the Subcontract price,

- (1) The time of performance or delivery schedule or both; and
- (2) Other affected terms of the Subcontract, and shall modify the Subcontract accordingly. Any proposal by Consultant for adjustment under this article, together with such supporting information as SRR may require, must be submitted in writing within 30 days from the date of receipt by the Consultant of the notification of change; provided however, that SRR, if it decides that the facts justify such action, may receive and act upon any such proposal for adjustment at any time prior to final payment under the Subcontract. Where the cost of property made obsolete or excess as a result of a change is included in Consultant's proposal for adjustment, SRR shall have the right to prescribe the manner of disposition of such property. Failure to agree to any adjustment shall be a dispute within the meaning of the article entitled "Disputes". However, nothing herein shall excuse Consultant from proceeding with the Subcontract as changed.

- B. Any changes, extras or additional work made or performed by Consultant without the prior written approval of the SRR and Materials Management Department shall be at the sole risk and expense of the Consultant, there being no financial recourse against SRR or the Government whatsoever.
- C. Consultant shall not substitute other equipment or materials for those specified in the Subcontract, or vary the quantity of the Work, or otherwise make any changes in the Work, without prior written consent or SRR.
- D. If any change under this Article causes an increase or decrease in the Consultant's cost of, or the time required for, the performance of any part of the work under the Subcontract, whether or not changed by any such order, the Contracting Officer shall make an equitable adjustment and modify the Subcontract in writing. However, except for an adjustment based on defective specifications, no adjustment for any change under paragraph B of this Article shall be made for any costs incurred more than twenty days before the Consultant gives written notice as required. In the case of defective specifications for which the Government is responsible, the equitable adjustment shall include any increased cost reasonably incurred by the Consultant in attempting to comply with

the defective specifications.

- E. The Consultant must assert its right to an adjustment under this Article within 30 days after:
 - (1) receipt of a written change order under paragraph A of this Article, or
 - (2) the furnishing of a written notice under paragraph B of this Article, by submitting to the Contracting Officer a written statement describing the general nature and amount of the proposal, unless this period is extended by the Government. The statement of proposal for adjustment may be included in the notice under paragraph B above.
- F. No proposal by the Consultant for an equitable adjustment shall be allowed if asserted after final payment under the Subcontract.

A.12 COMPLIANCE

Consultant shall comply with all applicable federal, state, and local laws and ordinances and all pertinent lawful orders, rules, and regulations, including new provisions of 10 CFR Part 851 relating to Health and Safety. Consultant shall track and expect any lower tier subcontractors to track their Experience Modification Rate (EMR) and Total Recordable Case (TRC) rate and submit a properly executed Environmental Safety and Health (ES&H) Worksheet (obtainable from the SRR ES&H Department) in addition to letters from their workers' compensation carriers verifying their EMRs. If a three-year average interstate EMR exceeds 1.0, Consultant and lower tier subcontractors no longer are in compliance to continue the performance of work under this Order if work is being performed on-site. Compliance shall be a material requirement of this Subcontract. Except as otherwise directed by SRR, Consultant shall procure without additional expense to SRR, all necessary permits or licenses.

A.13 RIGHTS TO PROPOSAL DATA

Except for the technical data contained on those pages of Consultant's proposal which are specifically identified in the Subcontract with specific reference to this article and asserted by Consultant as being proprietary data, it is agreed that, as a condition of the award of the Subcontract and notwithstanding the provisions of any notice appearing on the proposal or elsewhere, SRR and the Government shall have the right to use, duplicate, disclose and have others do so for any purpose whatsoever, the technical data contained in the proposal upon which the Subcontract is based.

A.14 TERMINATION

SRR may, by written notice, terminate the

Subcontract in whole or in part, when it is in SRR's interest to do so. If the Subcontract is so terminated, SRR shall be liable for payments only as specified in the Article entitled "Schedule of Rates" for services performed before the effective date of termination.

A.15 PERSONAL SERVICES

- A. It is the intent of the parties of the Subcontract that the work and services provided for herein shall be performed personally by the Consultant personnel who are assigned by the Consultant except that incidental services such as secretarial and clerical assistance may be performed by others when requested by the Consultant. Except for such incidental assistance, any services provided for herein may not be performed by persons other than a consultant unless written approval for such performance is given by SRR.
- B. It is understood that SRR shall not be liable for any claims for work performed under or in connection with the Subcontract by persons other than the Consultant.

A.16 ASSIGNMENT

SRR may assign the Subcontract, in whole or in part, to the Department, or to such Consultant as the Department may designate to perform SRR's obligations hereunder. Upon receipt by the Consultant of written notice that the Department or a Consultant so designated by the Department has accepted an assignment of the Subcontract and assumed such obligations, SRR shall be relieved of all responsibility hereunder and the Consultant shall thereafter look solely to such assignee for performance of SRR's obligations. SRR may also assign any claims hereunder to the Department. The Consultant shall not assign the Subcontract or any interest therein, nor claims thereunder, nor subcontract any portion of the work to be performed without the prior written consent of SRR or SRR's assignee.

A.17 THIRD PARTIES

Nothing in the Subcontract, or its amendments, shall be construed to grant, vest or allow any right to be given to any employee or other third party, excluding the Department, or to the legal representative, heirs, assigns, or successors of any of them, as a third party beneficiary. This provision is not intended to limit or impair the rights which any person may otherwise have under applicable Federal statutes or which are granted or reserved to the Government in the Subcontract.

A.18 CONFIDENTIALITY OF INFORMATION

- A. To the extent that the work under the Subcontract requires that the Consultant and Consultants are given access to confidential or proprietary business, technical or financial information belonging to the Government, SRR or other companies, the Consultant shall, after receipt thereof, treat such information to its own use or to disclose such information as confidential and agrees not to appropriate such information to third parties unless specifically authorized by SRR or the Contracting Officer in writing. The foregoing obligations, however, shall not apply to:
 - (1) Information which, at the time of receipt by the Consultant, is in public domain;
 - (2) Information, which is published after receipt thereof by the Consultant or otherwise, becomes part of the public domain through no fault of the Consultant;
 - (3) Information, which the Consultant can demonstrate, was in its possession at the time of receipt thereof and was not acquired directly or indirectly from the government or other companies;
 - (4) Information, which the Consultant can demonstrate, was received by it from a third party that did not require the Consultant to hold it in confidence.
- B. The Consultant shall obtain the written agreement, in a form satisfactory to SRR, of each subcontractor and other employee permitted access, whereby the subcontractor and employee agrees that he/she will not discuss, divulge or disclose any such information or data to any person or entity except those persons within the Consultant's organization directly concerned with the performance of the Subcontract.
- C. The Consultant agrees, if requested by the SRR or the Government, to sign an agreement identical, in all material respects, to the provisions of this article, with each company supplying information to the Consultant under the Subcontract, and to supply a copy of such agreement to SRR. From time to time upon request of SRR, the Consultant shall supply SRR with reports itemizing information received as confidential or proprietary and setting forth the company or companies from which the Consultant received such information.
- D. The Consultant agrees that upon request by DOE or SRR, it will execute a DOE-approved agreement, with any party whose facilities or proprietary data it is given access to or is furnished, restricting the use and disclosure of

the data or the information obtained from the facilities. Upon request by DOE or SRR Consultant personnel shall also sign such an agreement.

A.19 DEFAULT

(4) Unsuccessful Completion Defined

If the individual fails to successfully complete GET, the individual is given a failure notice and is to notify the Subcontract Technical Representative (STR) for rescheduling for remedial training or for a re-test. The individual will be allowed several chances to successfully complete the GET. Continued failure to successfully complete GET will result in resolution by the STR.

(5) Scheduling for GET

The STR shall direct the individual to the appropriate training center to attend the GET session. GET training is scheduled subject to demand.

(6) Records

GET records will be maintained by SRR.

B. Annual Refresher Training.

Refresher Training is required after an individual's initial successful completion of all categories of GET, regardless of the individual's present employer. Category 1 and Category 2 GET training must be repeated annually. For Category 3, successful completion of Consolidated Annual Training (CAT) is required. The Consultant is responsible for scheduling its employees for this training. The STR may be contacted for assistance.

C. Upon providing proof of successful completion of GET either at another DOE facility, or while employed by a firm other than the Consultant under this Order, the employee will not be required to repeat this training.

A.31 SECURITY EDUCATION REQUIREMENTS FOR CONSULTANTS

(This article is applicable if performance of the Purchase Order will require the Consultant's/ lower tier subcontractor's or consultant's employee(s) to receive a security badge.)

A. Subcontractor Security Education Coordinator

(1) If the Subcontract will require a force of more than thirty (30) subcontract employees to receive a badge, then the Consultant shall provide to the SRR Security Education Office, the name of its representative appointed to administer its Security Education Program. This representative shall be referred to as the Consultant

Security Education Coordinator (SSEC).

- (2) If the Subcontract will require that less than thirty (30) subcontract employees to receive a badge, then the SRR Subcontract Technical Representative (STR) will perform the activities discussed herein.

B. Company Roster.

The SSEC will be responsible for providing the STR with a roster of all subcontract personnel receiving a badge. At a minimum the data shall include name, social security number, work telephone number, clearance level and place where work is generally performed. This list shall be kept current and updated every sixty-(60) days.

C. Initial Briefing.

The SSEC will ensure that all subcontract personnel, regardless of clearance level, receive an Initial Security Briefing. This briefing is shown during General Employee Training. This briefing consists of a videotape shown during GET, or at the time of badging for those individuals not required to attend GET.

D. Comprehensive Briefing.

If Consultant personnel have a clearance at the inception of the Subcontract, or receive a clearance at any time during the course of the Subcontract, the SSEC/STR will ensure that those Consultant employees receive a Comprehensive Briefing from SRR.

E. Annual Refresher Briefing.

The SSEC/STR shall ensure that all Consultant employees receive, at least once in a twelve (12) month period, an Annual Security Refresher briefing from SRR. This briefing is provided during GET Refresher Training.

F. Foreign Travel Briefing.

If a Consultant employee plans a trip to a sensitive country, whether on official business or for pleasure, the SSEC/STR is responsible for ensuring that the individual receives a Foreign Travel Briefing from SRR before departing and a Debriefing upon return. The OPSEC Officer is responsible for these Briefings.

G. Badge Retrieval at Termination.

The Consultant is responsible for ensuring that badges are returned or accounted for when a Consultant employee terminates employment or when the Subcontract is completed. The employee must report to Employment Processing Center, for proper completion of out-processing and badge return. This effort should be coordinated with the SRR STR.

H. Termination Briefing.

When a Consultant employee terminates employment or is reassigned, the SSEC/STR will

ensure that a Termination Briefing by SRR is given and the appropriate forms are executed. Briefing materials and appropriate forms are provided by SRR.

A.32 CONSULTANT'S LIABILITY FOR FINES AND PENALTIES

A. Consultant is liable to SRR for fines and penalties assessed by any governmental entity against SRR or DOE as a result of Consultant's failure to perform its work under the Subcontract in compliance with the requirements of the Subcontract.

B. Consultant shall indemnify, defend and hold harmless SRR and DOE from and against any and all claims, demands, actions, causes of action, suits, damages, expenses, including attorney's fees, and liabilities whatsoever resulting from or arising in any manner on account of the assessment of said fines and penalties against SRR or DOE.

A.33 FOREIGN NATIONALS

(As used in this article, the term "Foreign National" is defined to be a person who was born outside the jurisdiction of the United States, is a citizen of a foreign government and has not been naturalized under U.S. law.)

A. The Consultant shall obtain the approval of SRR, in writing, prior to any visit to a DOE or SRR facility by any Foreign National in connection with work being performed under this Order, in accordance with the requirements of DOE Order 142.3, Unclassified Foreign Visits and Assignments Program. Visits are normally for the purpose of technical discussions, orientation, observation of projects or equipment, training, subcontract service work, including delivery of materials, or for courtesy purposes. The term "visit" also includes officially-sponsored attendance at a DOE or SRR event offsite from the DOE/SRR facility, but does not include offsite events and activities open to the general public. Consultant should be aware that required forms and documents necessary for approval of visits by Foreign Nationals should be submitted to the SRR Purchasing Representative at least four (4) to six (6) weeks prior to the visit, depending on the nationality of the individual and the areas to be visited. Forms can be obtained from the SRR Purchasing Representative.

B. In addition, the Consultant shall obtain the approval of the SRR Purchasing Representative, in writing, prior to the employment of, or participation by, any Foreign National in the

performance of work under this Subcontract or any lower tier subcontract at offsite locations. Such approvals will be processed in accordance with the requirements of DOE Order 142.3

- C. In the performance of offsite work, Foreign Nationals only incidentally involved with a SRR Subcontract, and who have no knowledge that their activities are associated with SRR Subcontract work, are exempt from the above.

A.34 JOINT INTELLECTUAL PROPERTY RIGHTS

- A. "Joint Intellectual Property Rights" shall mean any work under the subcontract, which:
 - (1) Results from the involvement of at least one employee/participant from each of SRR and the Consultant; and
 - (2) The subject matter of which is capable of protection under domestic or foreign law, including but not limited to, patents, copyrights, trademarks, or mask works.
- B. As to Joint Intellectual Property Rights, in which SRR has a joint ownership interest, the Consultant agrees to negotiate in good faith with SRR a Memorandum of Agreement to resolve issues of participation in protection and commercialization.

A.35 SCIENTIFIC AND TECHNICAL INFORMATION

- A. Electronic submissions of technical reports will consist of two virus-free copies that are readable in the following formats:
 - (1) Text will be submitted in native software (that is compatible with the suite of document creation software currently used at SRS) (fonts identified) or in RTF (rich text format).
 - (2) Embedded objects and files that are linked to a document must be supplied as well, as follows:
 - (i) Raster images (for example, photographs) will be submitted as TIFF or EPS @ resolution>100 dpi.
 - (ii) Vector art (for example, line art) will be submitted as EPS images.
 - (iii) Data-driven displays (e.g., spreadsheet charts) must be accompanied by data set used to generate them.

A.36 BANKRUPTCY

If the Consultant enters into any proceeding relating to bankruptcy, it shall give written notice via certified mail to the SRR Purchasing Representative within five (5) days of initiating the proceedings. The notification shall include the date on which the

proceeding was filed, the identity and location of the court and a listing of the SRR Subcontract/Order Numbers for which final payment has not been made.

A.37 ACCESS TO DOE-OWNED OR LEASED FACILITIES

(Article applies if employees of Consultant will require physical access to DOE-owned or leased facilities.)

- A. The performance of this Subcontract requires that employees of the Consultant have physical access to DOE-owned or leased facilities. The Consultant understands and agrees that DOE has a prescribed process and policies with which the Consultant and its employees must comply in Subcontract to receive a security badge that allows such physical access, including appropriate access to DOE-owned equipment. Consultant and its employees and those of any lower tier subcontractors shall not use any DOE-owned equipment for personal use under any circumstances. The Consultant shall propose employees whose background offers the best prospect of obtaining a security badge approval for access. This clause does not control requirements for an employee obtaining a security clearance.
- B. The Consultant shall assure:
 - (1) Compliance with procedures established by DOE and SRR in providing its employees with any forms directed by DOE or SRR;
 - (2) Employees properly complete any forms;
 - (3) Employees submit the forms to the person designated by the SRR Representative;
 - (4) Employees cooperate with DOE and SRR officials responsible for granting access to DOE-owned or leased facilities; and
 - (5) Employees provide additional information requested by those DOE/SRR officials.
- C. The Consultant understands and agrees that DOE may unilaterally deny a security badge to an employee and that the denial remains effective for that employee unless DOE subsequently determines that access may be granted. Upon notice from DOE or SRR that an employee's application for a security badge is or will be denied, the Consultant shall promptly identify and submit the appropriate forms for the substitute employee. The denial of a security badge to individual employees by DOE shall not be cause for extension of the period of performance of this Subcontract or any Consultant claim against DOE or SRR.
- D. The Consultant shall return to the SRR Representative, or designee, the badge(s) or other credential(s) provided by DOE pursuant to

this clause, granting physical access to DOE-owned or leased facilities by the Consultant's employee(s) upon:

- (1) Termination of this Subcontract;
- (2) Expiration of this Subcontract;
- (3) Termination of employment on this Subcontract by an individual employee; or
- (4) Demand by DOE/SRR for return of the badge

E. The Consultant shall include this clause, including this paragraph E. in any lower tier subcontract, awarded in the performance of this Subcontract, in which an employee(s) of the lower tier subcontractor will require physical access to DOE-owned or leased facilities

G.1 INTEGRATION OF ENVIRONMENT, SAFETY AND HEALTH INTO WORK PLANNING AND EXECUTION

A. For the purpose of this Article,

- (1) Safety encompasses environment, safety and health, including pollution prevention and waste minimization; and
 - (2) Employees include Consultant and lower tier subcontractor employees.
- B. In performing work under this Subcontract, the Consultant and any lower tier subcontractor(s), shall perform work safely, in a manner that ensures adequate protection for employees, the public, and the environment, and shall be accountable for the safe performance of work. All work shall be performed, to include subcontracted work, in compliance with all applicable SRR/DOE environmental, safety, and health requirements, including DOE Regulation 10 CFR Part 851, "Worker Safety and Health Program", and orders, and procedures including related reporting requirements. Occupational medicine screenings and tests applicable to employees of Consultant and any lower tier subcontractor(s) shall be the responsibility of Consultant and are not reimbursable under this Subcontract. The Consultant shall exercise a degree of care commensurate with the work and the associated hazards. The Consultant shall ensure that management of environment, safety and health (ES&H) functions and activities becomes an integral, but visible part of the Consultant's work planning and execution processes. The Consultant shall, in the performance of work, ensure that:
- (1) Line management is responsible for the protection of employees, the public, and the environment. Line management includes those Consultant and lower tier subcontractor employees managing or supervising employees performing work.
 - (2) Clear and unambiguous lines of authority and responsibility for ensuring ES&H are established and maintained at all organizational levels.
 - (3) Personnel possess the experience, knowledge, skills, and abilities that are necessary to discharge their responsibilities.
 - (4) Resources are effectively allocated to address ES&H, programmatic, and operational considerations. Protecting employees, the public, and the environment is a priority whenever activities are planned and performed.
 - (5) Before work is performed, the associated hazards are evaluated and an agreed-upon set of ES&H standards and requirements are established which, if properly implemented, provide adequate assurance that employees, the public, and the environment are protected from adverse consequences.
- (6) Administrative and engineering controls to prevent and mitigate hazards are tailored to the work being performed and associated hazards. Emphasis should be on designing the work and/or controls to reduce or eliminate the hazards and to prevent accidents and unplanned releases and exposures.
- (7) The conditions and requirements to be satisfied for operations to be initiated and conducted are established and agreed-upon by SRR and the Consultant. These agreed-upon conditions and requirements of the Subcontract are binding upon the Consultant. The extent of documentation and level of authority for agreement shall be tailored to the complexity and hazards associated with the work and shall be established as an Integrated Safety Management System (ISMS). At a minimum and as required by the Subcontract, elements of the safety management system shall include: the Subcontract; Consultant's worker protection plan and task specific plan; and Consultant's internal procedures, policies and practices.
- C. The Consultant and any lower tier subcontractor(s) shall manage and perform work in accordance with (i) Article G.2 or a documented Worker Protection Plan (WPP) that fulfills all conditions in paragraph B. of this Article to the degree specified in Article G.3 or G.4. as indicated applicable to this Subcontract; and (ii) the Safety Management System. Documentation in the Subcontract shall describe how the Consultant will:
- (1) Define the Work to be performed.
 - (2) Identify and analyze hazards associated with the work.
 - (3) Develop and implement hazard controls.
 - (4) Perform work within controls.
 - (5) Provide feedback on adequacy of controls and continue to improve safety management.
- D. The subcontract shall describe how the Consultant will establish, document, and implement safety performance objectives, performance measures, and commitments in response to Subcontract requirements and funding limits while maintaining the integrity of the WPP. The subcontract shall also describe how the Consultant will measure WPP effectiveness.
- E. The Consultant shall submit to the SRR Purchasing Representative documentation of its

WPP for review and acceptance. The SRR Purchasing Representative will establish dates for submittal, discussions, and revisions to the WPP. The SRR Purchasing Representative will provide guidance on preparation, content, review, and acceptance of the WPP. On an annual basis, the Consultant shall review and update, for SRR acceptance, its safety performance objectives, performance measures, and commitments consistent with, and in response to, Subcontract requirements, funding limits and direction. Resources shall be identified and allocated to meet the safety objectives and performance commitments as well as maintain the integrity of the entire WPP. Accordingly, the subcontract shall be integrated with the Consultant's business processes, as applicable to the Scope of Work contained in this subcontract, for work planning, budgeting, authorization, execution, and change control.

- F. The Consultant and any lower tier subcontractor(s), shall comply with, and assist SRR in complying with, ES&H requirements of all applicable laws and regulations, and applicable directives identified in the Article of this Subcontract on Laws, Regulations, and DOE Directives. The Consultant shall cooperate with Federal and non-Federal agencies having jurisdiction over ES&H matters under this Subcontract.
- G. The Consultant shall promptly evaluate and resolve any noncompliance with applicable ES&H requirements including those specified in the subcontract. If the Consultant fails to provide resolution or, if at any time, the Consultant's acts or failure to act causes substantial harm or an imminent danger to the environment or health and safety of employees or the public, the SRR Purchasing Representative may issue an order stopping work in whole or in part. Any stop work order issued by the SRR Purchasing Representative under this Article (or issued by the Consultant to a lower tier subcontractor shall be without prejudice to any other legal or contractual rights of SRR. In the event that the SRR Purchasing Representative issues a stop work order, an order authorizing the resumption of the work may be issued at the discretion of the SRR Purchasing Representative. The Consultant shall not be entitled to an extension of time or additional fee or damages by reason of, or in connection with, any work stoppage ordered in accordance with this Article.
- H. SRR shall hold the Consultant responsible for compliance with the ES&H requirements

applicable to this Subcontract, including performance of work by any lower tier subcontractor(s).

G.2 ENVIRONMENT, SAFETY, AND HEALTH COMPLIANCE - ALTERNATIVE I

(Compliance by the Consultant with the requirements of this Article G.2 shall satisfy any/all requirements of Article G.1, "Integration of Environment, Safety and Health into Work Planning and Execution", applicable to the scope of work contained in this Purchase Order.)

- A. The Consultant, and any lower tier subcontractor(s), shall take all reasonable precautions in the performance of the work under this Subcontract to protect the environment, safety, and health of employees and members of the public. All work shall be performed to include lower tier subcontracted work in compliance with all applicable SRR/DOE environmental, safety, and health requirements, including DOE Regulation 10 CFR Part 851, "Worker Safety and Health Program", and orders, and procedures including related reporting requirements. Such procedures provide authority to SRR employees to call a "time out/stop work" when unsafe conditions are observed and/or employee actions are likely to cause injury to themselves, other personnel, or cause damage to SRS property. The Consultant shall ensure that its employees, including lower tier subcontractor employees are aware of this authority, and also have similar "time out/stop work" authority when performing work under this subcontract. The SRR Purchasing Representative shall notify the Consultant in writing of any noncompliance with the provisions of this Article and the corrective action to be taken. After receipt of such notice, the Consultant shall immediately take corrective action. In the event that the Consultant fails to take corrective action and comply with said SRR/DOE regulations, requirements and procedures the SRR Purchasing Representative may, without prejudice to any other legal or contractual rights of SRR, issue an order stopping work in whole or in part. An order authorizing the resumption of work may be issued at the discretion of the Purchasing Representative. The Consultant shall not be entitled to an extension of time or additional fee or damages by reason of, or in connection with, any work stoppage ordered in accordance with this Article.

B. Prior to the start of work under this subcontract, the Consultant shall provide to the SRR Purchasing Representative a letter acknowledging a Corporate Safety and Health Policy and confirmation of compliance with SRR procedures. In addition, for any tasks identified in the Statement of Work as outside the scope of SRR procedures, the Consultant shall provide to the SRR Purchasing Representative for SRR review and acceptance any appropriate documentation, procedures or manuals containing task hazard reviews and safeguards to be implemented. Whenever a significant change or addition is made to such documentation, procedures or manuals, the Consultant shall re-submit the revised document to SRR for review and acceptance. Examples of significant changes include any requirement deletions, additional scope added, total re-write or major revision. Additionally, the Consultant must submit annually to SRR either an update to the documentation, procedures or manuals for acceptance or a letter stating that no changes are necessary in the current accepted documents.

C. Equipment Safety.

The Consultant shall ensure that major equipment used in the performance of work under this subcontract is inspected, operated and maintained by qualified competent personnel. As confirmation, the Consultant shall complete Form PF-44, Major Equipment Declaration, (copy available on the SRR Internet Home Page) and provide one (1) copy to the Subcontract Technical Representative (STR), prior to placing any such equipment in service on the Savannah River Site. Additionally, prior to performing any activity involving the loading, unloading, and transporting of self-propelled medium or heavy duty equipment on the Savannah River Site, the Consultant shall complete the "Self-propelled Equipment Loading, Unloading & Transport Safety Review Checklist", copy available on the SRR Home Page at (http://www.srs.gov/general/busiops/PMMD/general_provisions.htm), and provide a copy to the STR.

D. Assigned Competent Person.

The Consultant shall designate in writing an Assigned Competent Person (ACP), and alternates, who will be responsible for SRS perimeter barricade escort and safety orientation for non-badged material/equipment delivery personnel and other non-badged Consultant personnel seeking temporary badges in support of the Consultant's work scope. The ACP shall be a responsible employee, cognizant of the

subcontract scope and all applicable environmental, safety and health requirements, including any focused observation safety checklists. The ACP shall furnish an advance copy of applicable focused observation safety checklists to any non-badged temporary personnel anticipating entry onto SRS, and shall meet entering personnel at the SRR Badging Office, Building 703-46A when they report for temporary badging. The ACP and entering personnel shall review the scope of work to be performed and upon arrival at the work site review, complete and date any applicable focused observation safety checklist(s). For material/equipment deliveries, the ACP shall review any applicable focused observation safety checklists with delivery personnel, including specific safety measures required for loading/unloading in accordance with OSHA.

E. Safety and Health Representative.

The Consultant shall designate a safety and health professional or representative, as specified in the subcontract. The designation must include the person's qualifications and duties. A designated Safety Representative shall have a minimum of thirty (30) hours formal Safety and Health training in OSHA standards or pre-approved equivalent, having other safety related training certificates and/or job experience in General Industry/Construction safety with an understanding of the requirements in 29 CFR Parts 1910/1926. The Safety Representative shall solicit worker feedback during hazard review meetings, field safety inspections, incident investigations and document same when appropriate, e.g., new hazard requiring additional controls, defective equipment, observation of unsafe condition or behavior.

F. Site Reporting Requirements.

The Consultant shall immediately notify the STR or SRR Representative of any event/condition that may require reporting to DOE. Further, the Consultant shall cooperate with any SRR or DOE critique, analysis, or investigation and complete necessary reports for such events/conditions. Events/conditions that require reporting to DOE are defined in DOE Manual 231.1-2 (DOE M 231.1-2) and can include (but are not limited to):

- (1) Operational emergencies.
- (2) Occupational injury or illness (including exposures to hazardous substances in excess of allowable limits) and near misses.
- (3) Any on-the-job injury where an employee is taken offsite for something other than observation. The notification requirement

applies to any person who goes offsite for prompt medical treatment of any type. The mode of transportation (ambulance, personal vehicle, etc.) is not pertinent – any offsite transfers must be reported immediately.

- (4) Any violation of Lockout/Tagout controls where there are no credible barriers left between the worker, and the energy source regardless of whether or not there was an injury.
- (5) Fires/explosions.
- (6) Hazardous energy control failures,
- (7) Operations shutdown directed by management for safety response.
- (8) Environmental release of radioactive materials, hazardous substances, regulated pollutants, oil spills, etc.
- (9) Violation of Federal Motor Carrier Safety Regulations or Hazardous Material Regulations.
- (10) Loss, damage, theft, or destruction to government property (including damage to ecological resources like wetlands, critical habitats, historical/archeological sites, etc.)
- (11) Spread of radioactive contamination or loss of control of radioactive materials.
- (12) Personnel radioactive contaminations or exposures.
- (13) Violations of procedures.

Immediate notification is required of such events to ensure SRR meets its commitment for 30 minute notification to appropriate DOE authorities. The Consultant shall preserve conditions surrounding or associated with the event for continued investigation unless such actions interfere with establishing a safe condition. The Consultant and their employees shall not conceal nor destroy any information concerning noncompliance or potential noncompliance with the environment, safety and health requirements of this subcontract.
