

The WSRC Team is pleased to announce an enhancement to the Prime and Standard medical plans administered by Blue Cross Blue Shield of South Carolina. Effective January 1, 2001, the following changes to the WSRC/BSRI Prime and Standard Medical Plans will be implemented

Recognizing the importance of regular check-ups, the WSRC Team is increasing the annual limit from \$225 to \$250 for routine adult physical exams performed in a network doctor's office. Under this benefit a covered individual can have a routine exam once every two years between the ages of 19 and 39 and annually beginning at age 40. The annual limit listed on pages 12,27, and 29 of the Medical Care Section of the Benefits Handbook are modified accordingly. All other terms of the plan as described in the booklet apply.
