## ANNUAL SRS SUMMER FOOD DRIVE RAISES \$13,397 FOR THE CSRA

AIKEN, S.C. (June 10)--The Projects, Design, and Construction Services (PD&CS) and Soil and Groundwater Closure Projects (SGCP) organizations at the Savannah River Site jointly raised \$13,397 in the last four weeks in their annual summer food drive for the Golden Harvest Food Bank.

The SRS summer food drive is one of Golden Harvest Food Bank's largest fund-raisers in the local community. The annual summer drive originally began in 1991 in the construction department. In 1997 organizers extended the food drive to the division level. Last year a second division became a joint sponsor.

According to long-time PD&CS chair Sheri Still, the food drive has yielded over \$167,000 to Golden Harvest. "We're proud to be able to help fight hunger in the Central Savannah River Area. Many people don't appreciate how great the need is. As employees we want to show we really do care about our neighbors," Still said.

SRS is host annually to two food drives. The winter holiday food drive is scheduled for the end of this year.
