SRS Promotes Careers in Science and Engineering

- SRS employees recently went out in force to encourage middle school students to consider careers in science, engineering and technology.
- Over 2,700 area students attended “Technology Days” an event offering a hands-on approach to learning about technology.
- Another event, “Introduce A Girl to Engineering,” provided girls from local schools an opportunity to learn about careers in engineering.
- “Teach-ins” were also conducted at schools in 11 counties giving students a taste of what it’s like to solve engineering challenges.
- These efforts reached over 25,700 students in Georgia and South Carolina.
