A Fluor Daniel Partnership

PA-EOP-2009-0001

January 12, 2009

Dear CSRA School Administrator,

Savannah River Nuclear Solutions (SRNS), LLC is pleased to announce that applications for the 2009 Innovative Teaching Mini Grants Program are now being accepted. **Only those proposals submitted on the SRNS application will be considered.**

Enclosed with this letter is an application form, flyers for you to post throughout your school, and brochures that contain evaluation criteria, grant writing tips and answers to frequently asked questions. Please read the instructions very carefully to prevent proposals from being disqualified. Make sure every educator who plans to submit a grant receives an application package. The application is also available in both Microsoft Word and pdf format on our web site at http://www.srs.gov/general/outreach/edoutrch/ed_home.htm.

This year we are working against an abbreviated schedule and, therefore, **proposals MUST be received in our office by close of business March 6, 2009.**

Applications cannot be hand delivered by non-SRS employees. Fax copies will not be accepted. Proposals will be evaluated by a panel of judges based on the criteria listed in the brochure. Everyone who submits a grant will get a receipt postcard and will also be invited to a reception, which will be held in April 2009.

SRNS aims to continue the legacy of recognizing and celebrating innovative teaching methods by awarding funds to enhance elementary and middle school science, mathematics, and technology programs in Central Savannah River Area (CSRA) public schools. All elementary and middle school educators in the seven-county CSRA (Aiken, Allendale, Bamberg, Barnwell, and Edgefield counties in South Carolina, and Columbia and Richmond counties in Georgia) are invited to submit an application for one of three categories.

Please encourage all educators to take advantage of this program. If you have questions or need additional information, feel free to contact me at 803-952-9120, or by email at angela.martin@srs.gov.

Sincerely,

Angela P. Martin, Program Coordinator
Innovative Teaching Mini Grants
