

**Strategic & Legacy Management Committee**  
**Clint Nangle, Vice Chair**

Clint Nangle, Vice Chair

This committee is involved in strategic issues relevant to the Environmental Management clean-up program at SRS. This includes performance assessments as well long-term policy, planning and cross-cutting issues related to other CAB committees. Specific areas of interest are development and deployment of technology, the DOE-SRS budget decision-making process, future land use and relevant national environmental policy. The Committee encourages other CAB committees to integrate long-term stewardship into issue deliberations and CAB recommendations. Topics under consideration for the Strategic and Legacy Management (S&LM) Committee in 2012 include:

- Planning
  1. EM Lifecycle Plan
  2. Enterprise SRS Update
- Budget Request and Congressional Funding Authorization
  1. Integrated Priority List (IPL)
- Performance Measures
- US Army Training Update
- Update on Natural Resources Management
- Reutilization of SRS Assets for Future Missions
- Savannah River National Laboratory
- Small Modular Reactor
- Historic Preservation
