

## RCRA permit modification requested

The U.S. Department of Energy-Savannah River Operations Office has requested from the South Carolina Department of Health and Environmental Control a modification to the Savannah River Site's 1992 Resource Conservation and Recovery Act Part B Permit Renewal Application, Volume II, Hazardous Waste Storage Facility.

The revision (Rev. 7) requests approval to clarify the terminology concerning storage of waste that contains free liquid and waste that contains no free liquid. It also includes an update to the Contingency Plan.

This notice begins a 60-day comment period. More information, including the actual permit application, is available for review and copying at the DOE Public Reading Room located in the University of South Carolina-Aiken library, or by contacting personnel listed below.

The permittee's compliance history during the life of the permit being modified is available from the Agency contact person.

A public meeting will be held August 6, 3 p.m., Aiken County Public Library. Representatives from SRS will be available to
