## **FONSI for Biomass Cogeneration and Heating Facilities at SRS Available for Review**

The U.S. Department of Energy (DOE) has issued a finding of no significant impact (FONSI) for the final environmental assessment (EA) entitled Biomass Cogeneration and Heating Facilities at the Savannah River Site (SRS) (DOE/EA-1605). The facilities will consist of two energy conservation measures: a new biomass cogeneration facility to replace the existing coal-fired D Area powerhouse; and two new biomass heating plants, one in K Area and one in L Area to replace the existing oil-fired steam plant in K Area.

An electronic copy of the final EA and FONSI may be viewed by directing your browser to <http://www.srs.gov/general/srs-home.html>. Requests for copies of the final EA and FONSI should be sent to:

Andrew R. Grainger, NEPA Compliance Officer  
U. S. Department of Energy, Savannah River Operations Office  
Building 730-1B, Room 3150, Aiken, SC 29808
