## **Class 2 Notice M-Area and Metallurgical Laboratory Hazardous Waste Management Facilities Permit Modification Requested**

The United States Department of Energy (DOE)-Savannah River Operations Office has requested from the South Carolina Department of Health and Environmental Control (SCDHEC) a modification to Savannah River Site's (SRS) 2000 Resource Conservation and Recovery Act (RCRA) Part B Permit Renewal Application for Volume III. The modification details post-closure reporting and operations at the M-Area and Metallurgical Laboratory Hazardous Waste Management Facilities (HWMFs).

The modification (Revision 6 of Volume III) requests changes to the reporting requirements from semi-annual to annual as allowed by the SCDHEC RCRA Paperwork Burden Reduction Initiative. The revised application also adds the approved requirements from the SCDHEC Temporary Authorization approval for the suspension of operations at the A-2 Air Stripper System.

This notice begins a 60-day comment period. More information, including the actual permit application, is available for review and copying at the DOE Public Reading Room located in the University of South Carolina-Aiken Library, or by contacting personnel identified in this notice. The Permittee's compliance history during the life of the permit being modified is available from the SCDHEC.

A public meeting will be held on October 4, 2012 at 3:00 p.m. at the Aiken County Public Library. Representatives from SRS will be available to answer questions on the modification. Written Comments may be sent to SCDHEC. All comments will be considered in the final decision. For additional information, contact Paul Sauerborn Savannah River Nuclear Solution, LLC, Savannah River Site, 730-1B, Aiken, SC 29808. Please send your comments to R. A. Haynes, P.E., Director, Division of Waste Management, Bureau of Land and Waste Management, South Carolina Department of Health and Environmental Control, 2600 Bull Street, Columbia, SC 29201-1708.
