## **Floodplain Statement of Findings Issued for Lower Three Runs Integrator Operable Unit tail portion (middle and lower subunits) at the Savannah River Site**

The U. S. Department of Energy (USDOE) has issued a Statement of Findings for the a Floodplain and Wetland Assessment for the Lower Three Runs Integrator Operable Unit Tail Portion (Middle and Lower Subunits) located along the Lower Three Runs creek within Barnwell County, South Carolina and Allendale County, South Carolina. The Floodplain and Wetland Assessment was prepared in compliance with 10 CFR Part 1022 as documentation of the potential impacts to the floodplain and wetlands resulting from a time-critical removal action being performed in compliance with the Comprehensive Environmental Response, Compensation and Liability Act. The Floodplain and Wetland Assessment was issued for a 15-day public comment period on March 30, 2012. As concluded in the assessment, the excavation activities associated with the removal action will have minor, temporary impacts within the Lower Three Runs floodplain and wetlands.

A copy of the Statement of Findings is available in the Administrative Record. The Administrative Record is available in the information repositories listed below:

- DOE Public Reading Room at the Gregg-Graniteville Library at the University of South Carolina campus in Aiken, SC; and
- Thomas Cooper Library Government Documents Department at the University of South Carolina in Columbia, SC.

Hard copies of the Statement of Findings will be available from April 26, 2012 to May 10, 2012 at the following locations:

- Reese Library at Augusta State University in Augusta, GA; and
- Asa H. Gordon Library at Savannah State University in Savannah, GA

An electronic copy of the Statement of Findings is posted at the following address:
