### ***Revisions to SRS permit on solid waste management units***

The U.S. Department of Energy-Savannah River Operations Office has requested from the South Carolina Department of Health and Environmental Control a modification to Savannah River Site's 1992 Resource Conservation and Recovery Act Part B Permit Renewal Application, Volume I.

This volume contains general information about issues common to all hazardous waste facilities at the site.

The revision (Rev. 6) updates Appendix 6 of Volume I. This appendix contains information pertaining to solid waste management units at the site. This revision

satisfies the permit requirement to update this list of waste management units annually.

More information, including the actual permit application, is available for review and copying at the University of South Carolina-Aiken library, or by contacting personnel listed below.
