- O. "Non-Federal Employer" means any employer with respect to Covered Funds – the contractor or Subcontractor/Supplier, as the case may be, if the contractor or Subcontractor/Supplier is an employer; and any professional membership organization, certification of other professional body, any agent or licensee of the Federal

A.2 GENERAL

The terms and conditions of these General Provisions and those set forth in the Savannah River Nuclear Solutions, LLC (SRNS) Order or Subcontract apply notwithstanding any different or additional terms and conditions which may be submitted or proposed by Subcontractor/Supplier, and SRNS objects to and shall not be bound by any such additional or different terms and conditions.

- A. This Order, which term shall be determined to include related plans, drawings, specifications, and other documents, contains the entire agreement and understanding between the parties as to the subject matter of this Order, and merges and supersedes all prior agreements, understandings commitments, representations, writings, electronic or otherwise, and discussions between them. Neither of the parties will be bound by any prior obligations, conditions, warranties, or representations with respect to the subject matter of this Order. The parties agree that recourse may not be had to the alleged prior dealings, usage of trade, course of dealing, or course of performance to explain or supplement the express terms of this Order.
- B. The failure of either party to enforce at any time any of the provisions of this Order or to require at any time performance by the other party of any of such provisions shall in no way be construed to be a waiver of such provision, nor in any way to affect the validity of this Order or any parts thereof, or the right of either party thereafter to enforce each and every provision.
- C. The headings used in this Order are not to be construed as modifying, limiting or expanding in any way the scope or extent of the provisions in this Order.
- D. All references herein to the Department of Energy Acquisition Regulations (DEAR) or Federal Acquisition Regulations (FAR) are those in effect on the date of this Order.
- E. In the event of an inconsistency between provisions of this Order, the inconsistency shall be resolved by giving precedence as follows:
 - (1) Order;

- (2) These General Provisions;
 - (3) Statement of work; and
 - (4) Other provisions of this Order, whether incorporated by reference or otherwise.
- F. Wherever references are made in this Order to standards or codes in accordance with which the Work under this Order is to be performed, the edition or revision of the standards or codes current on the effective date of this Order shall apply unless otherwise expressly stated in the specifications and drawings. In case of conflict between any reference standards and codes and any Order Document, the latter shall govern.
- G. Subcontractor/Supplier shall perform all Work pursuant to this Order as an independent contractor. No act or Order of SRNS shall be determined to be an exercise of supervision or control of performance hereunder. No provision of this Order and no action taken by SRNS under this Order shall be construed to make or constitute SRNS the employer or joint employer of any of the employees of Subcontractor/Supplier or any Subcontractor/Supplier.
- H. Subcontractors/Suppliers are required to register and maintain an active DUNS number and a current registration in the System for Award Management (SAM), formerly known as Central Contractor Registration (CCR), in compliance with FAR 52.204-7 and Subpart 42.12 of the FAR. In addition, a Subcontractor/Supplier Information Form (SIF) must be completed and submitted with the supplier's solicitation response.
- I. The fees for Site required training classes will be absorbed by SRNS and the subcontractor's attendance time will be compensated for the initial attendance. If a subcontract employee does not successfully pass the course, the subcontractor's attendance time for a second pass and beyond will not be reimbursed; however, the class fees will continue to be absorbed by SRNS. The same scenario applies for substance abuse testing.

A.3 SUBCONTRACTING

- A. Subcontractor/Supplier shall not subcontract all or substantially all of the Work without the prior written electronic approval of SRNS. This provision shall not apply to purchases of standard commercial articles or raw materials on which Subcontractor/Supplier shall perform further work.
- B. Subcontractor/Supplier shall select Subcontractors/Suppliers on a competitive basis to the maximum practicable extent consistent with the objectives and requirements of this Order.
- C. When the use of Subtier Subcontractors/Suppliers is determined to be necessary, the Prime Subcontractor/Supplier is responsible to flow

- down those Technical and Quality requirements determined to be applicable for the activities within its defined scope of work, in accordance with referenced Codes/Standards/Material Specifications, or other requirements identified within the Procurement documents included with this Order/Subcontract package. The Prime Subcontractor/Supplier is furthermore responsible to flow down all commercial Terms and Conditions, including articles incorporated by reference, to all Subtier Subcontractors/Suppliers, *which includes verification that* the Subtier Subcontractor/Supplier has been appropriately qualified to perform the activities required to satisfy this procurement. The Prime Subcontractor/Supplier must maintain objective evidence of the successful flow down of the referenced requirements and provide such evidence to SRNS upon request. This flow down is also required at all levels if the Subtier Subcontractor/Supplier to the Prime Subcontractor/Supplier deems it necessary to subcontract further its parts of this SRNS contract.
- D. When NQA-1 is invoked as the governing quality standard, the Prime Subcontractor/Supplier and applicable Subtier Subcontractors/Suppliers shall be required to meet the Part I Requirements (Sections 100 through 900, as determined to be applicable) in the Procurement document. NQA-1 Part II will be invoked at the discretion of SRNS and will be detailed via the Procurement documents, and if invoked, must be flowed down from the Prime Subcontractor/Supplier to its applicable Subtier Subcontractors/Suppliers at all levels. If the Prime Subcontractor/Supplier or its Subtier Subcontractors/Suppliers intends to upgrade materials by way of a Commercial Grade Dedication Process, SRNS must be notified of this intent and the Subcontractor's/Supplier's process verified and approved prior to dedicating any material associated with SRNS procurement.
- E. The SRNS Procurement Representative is to be notified in writing, electronically, within five working days of any changes within your company as identified below:
- (1) Key quality personnel to include as a minimum:
 - (i) Quality Assurance/Quality Control Manager
 - (ii) Assistant Quality Assurance/Quality Control Manager
 - (iii) Other critical Quality Assurance/Quality Control personnel
 - (2) Quality Assurance Program Revisions
 - (3) Company ownership transfers/buy-outs, and

- (4) All identified Nonconformance or Corrective Action Reports associated with SRNS Subcontracts including those issued concerning Subtier Subcontractors/Suppliers.

A.4 CHANGES, EXTRAS AND SUBSTITUTIONS

- A. SRNS may at any time, by a written electronic Change Order from the SRNS Supply Chain Management Department (SCM), and without notice to the sureties, if any, make changes within the general scope of this Order. If any such change causes an increase or decrease in the cost of, or the time required for, performance of any part of the Work under this Order, and Subcontractor/Supplier timely requests an equitable adjustment, SRNS shall make an equitable adjustment in (1) the contract price, (2) the time of performance or delivery schedule or both; and (3) other affected terms of this Order, and shall modify this Order accordingly. For any change, whether directed or constructive, Subcontractor/Supplier must assert any request for equitable adjustment under this article in writing, together with such supporting information as SRNS may require, electronically and within thirty days from the date of Subcontractor's/Supplier's first knowledge of the change; or Subcontractor's/Supplier's right to assert such request for equitable adjustment shall be waived. Where the cost of property made obsolete or excess as a result of a change is included in Subcontractor's/Supplier's proposal for adjustment, SRNS shall have the right to prescribe the manner of disposition of such property. Failure to agree to any adjustment shall be a dispute within the meaning of the article of this Order entitled "Disputes". However, nothing herein shall excuse Subcontractor/Supplier from proceeding with this Order as changed.
- B. Any changes, extras or additional work made or performed by Subcontractor/Supplier without the prior approval of the SRNS Supply Chain Management Department shall be at the sole risk and expense of Subcontractor/Supplier, there being no financial recourse against SRNS or the Government whatsoever.
- C. Subcontractor/Supplier shall not substitute other equipment or materials for those specified in this Order, or vary the quantity of the Work, or otherwise make any changes in the Work, without prior written electronic consent of SRNS.

A.5 APPROVALS

The approval by SRNS of designs, work drawings, specifications, reports, or any other data submitted by

Subcontractor/Supplier hereunder shall not affect or relieve Subcontractor/Supplier from any responsibility to furnish said items in full conformance with the requirements of this Order.

A.6 DELIVERY AND PAYMENT

- A. Subcontractor/Supplier shall work such hours, as may be necessary to meet the Order delivery date(s), or any duly authorized extensions thereof, at no increase in the price of this Order. Subcontractor/Supplier shall issue electronically all invoices directly to Accounts Payable via the **SRNS-ACCTSPAY@srs.gov** email account. Subcontractor/Supplier shall include banking information on each invoice submitted to facilitate proper EFT. The Subcontractor/Supplier shall include on the invoice the Subcontractor/Supplier name; invoice date; subcontract/purchase order number; vendor invoice number, account number, and/or any other identifying number agreed to by subcontract; description (including, for example, subcontract line/subline number), unit price and quantity of goods and services rendered per specific line item and line item sub-total cost; subcontract name (where practicable), title and telephone number; other substantiating documentation or information required by the subcontract. If there are invoice discrepancies, SRNS will relay to the subcontractor/supplier the deficiencies in their invoice within ten (10) days of receipt of the invoice. The invoice will not be acted upon. Receipt of a corrected invoice will re-initiate the aging of the invoice for payment purposes.
- B. Unless otherwise provided in this Order, delivery shall not be made more than 15 days prior to the delivery dates specified herein and SRNS may return earlier deliveries at Subcontractor's/Supplier's risk and expense. Subcontractor/Supplier shall comply with the delivery schedule provided in this Order.
- C. Unless otherwise specified in this Order, a separate invoice shall be issued upon each delivery of Supplies or completion of Services, and shall be payable by SRNS upon receipt and acceptance of Supplies or completion of Services and receipt by SRNS of a correct invoice. Credit and discount periods shall be computed from the date such invoice is so payable to the date SRNS's check is mailed or, for Electronic Funds Transfer (EFT), the specified payment date. Unless freight and other charges are itemized, the discount will be taken on the full amount of invoice.
- D. Payment Withheld - Vendor Data. If this Order requires the submittal of Vendor Data, and if such Vendor Data, or any part thereof, is not delivered

within the time specified by this Order, or is deficient upon delivery, SRNS may, until such Vendor Data is delivered or deficiencies are corrected, without limiting any of its other rights or remedies, withhold payments not to exceed 20% of the Order price to the Subcontractor/Supplier.

- E. Notwithstanding anything herein, SRNS shall be entitled at any and all times to set off against any amounts payable at any time by SRNS hereunder any amount owing from Subcontractor/Supplier to SRNS under this Order or other Orders with Subcontractor/Supplier.
- F. Overpayments. If Subcontractor/Supplier becomes aware of a duplicate invoice payment or that SRNS has otherwise overpaid on an invoice payment, the Subcontractor/Supplier shall immediately notify SRNS and request instructions for disposition of the overpayment.

A.7 PAYMENT BY ELECTRONIC FUNDS TRANSFER

A. Methods of Payment.

- (1) All payments by SRNS under this Order shall be made by Electronic Funds Transfer (EFT) except as provided in paragraph A.2 of this Article. As used in this Article, the term "EFT" refers to the funds transfer and may also include the payment information transfer.
- (2) In the event SRNS is unable to release one or more payments by EFT, Subcontractor/Supplier agrees to either:
 - (i) Accept payment by check or some other mutually agreeable method of payment; or
 - (ii) Request SRNS to extend payment due dates until such time as SRNS makes payment by EFT.

B. Mandatory Submission of Subcontractor's/Supplier's EFT Information.

Subcontractor/Supplier is required to provide SRNS with the information required to make payment by EFT. Subcontractor/Supplier shall provide this information directly to the office designated in this Order, on forms provided by SRNS, no later than 15 days after award. If not otherwise specified in this Order, the payment office is the designated office for receipt of Subcontractor's/Supplier's EFT information. In the event that the EFT information changes, the Subcontractor/Supplier shall be responsible for providing the updated information to the designated office.

C. Mechanisms for EFT Payment.

SRNS may make payment by EFT through either the Automated Clearing House (ACH) network,

subject to the rules of the National Automated Clearing House Association, or the Fedwire Transfer System.

D. Suspension of Payment.

- (1) SRNS is not required to make any payment under this Order until after receipt, by the designated office, of the correct EFT payment information from Subcontractor/Supplier. Until receipt of the correct EFT information, any invoice or Subcontract financing request shall be determined to be an incorrect invoice for the purpose of payment under this Order.
- (2) If the EFT information changes after submission of correct EFT information, SRNS shall begin using the changed EFT information no later than 30 days after its receipt by the designated office. However, Subcontractor/Supplier may request that no further payments be made until the updated EFT information is implemented by the payment office.

E. Payment Information.

On the day payment on Subcontractor's/Supplier's invoice is due, SRNS will issue instructions to its bank to transfer payment to Subcontractor/Supplier, and will also send a FAX to Subcontractor/Supplier explaining the details to support the payment.

F. Liability for Uncompleted or Erroneous Transfers.

- (1) If an uncompleted or erroneous transfer occurs because SRNS used the Subcontractor's/Supplier's EFT information incorrectly, SRNS remains responsible for --
 - (i) Making a correct payment; and
 - (ii) Recovering any erroneously directed funds.
- (2) If an uncompleted or erroneous transfer occurs because Subcontractor's/Supplier's EFT information was incorrect, or was revised within 30 days of SRNS release of the EFT payment transaction instructions to the bank, and --
 - (i) If the funds are no longer under the control of the payment office, SRNS is considered to have made payment and the Subcontractor/Supplier is responsible for recovery of any erroneously directed funds; or
 - (ii) If the funds remain under the control of the payment office, SRNS shall not make payment and the provisions of paragraph D shall apply.

A.8 PASSAGE OF TITLE AND LIENS

- A. Title to the Supplies shall pass to the Government at the place of delivery to SRNS. If purchased

F.O.B. shipping point, delivery to the carrier shall be considered to be delivery to SRNS.

The Subcontractor/Supplier shall not provide material or equipment that contains material that is known to be suspect or counterfeit (see paragraph E below). If the Subcontractor/Supplier believes that furnishing used or reconditioned supplies or components will be in the Government's interest, the Subcontractor/Supplier shall so notify the SRNS Procurement Representative in writing electronically. The Subcontractor's/Supplier's notice shall include a proposal for consideration by SRNS that states the reason for the request to use reconditioned or used supplies or components.

- (2) If it is determined that a suspect/counterfeit part has been supplied, SRNS will impound the items pending a decision on disposition. The Subcontractor/Supplier may be required to replace such items with items acceptable to SRNS and shall be liable for all costs relating to the impoundment, removal, and replacement. this article. The warranty for other than corrected or replaced Supplies or Services shall continue until the expiration of such period and a period equal to the time elapsed between the discovery of the nonconformity and its correction.

- E. The Subcontractor/Supplier understands and agrees that DOE may unilaterally deny a security badge to an employee and that the denial remains effective for that employee unless DOE subsequently determines that access may be granted. Upon notice from DOE or SRNS that an employee’s application for a security badge is or will be denied, the Subcontractor/Supplier shall promptly identify and submit the appropriate forms for the substitute employee. The denial of a security badge to individual employees by DOE shall not be cause for extension of the period of performance of this Order or any

Subcontractor/Supplier claim against DOE or SRNS.

- E. The Subcontractor/Supplier shall include this clause, including this paragraph E. in any Lower-tier Subcontract, awarded in the performance of this Order, in which an employee(s) of the Subtier Subcontractor/Supplier will require physical access to DOE-owned or leased facilities.

A.39 WAIVER OF BENEFITS
(STAFF AUGMENTATION SUBCONTRACTS ONLY)

Prior to performance, the Subcontractor/Supplier shall obtain from each Subcontractor employee and submit to SRNS a signed acknowledgement and waiver of any SRNS salary and benefits programs in a form satisfactory to SRNS, whereby the Subcontractor employee agrees and understands that (s)he is an employee of the Subcontractor/Supplier, and not of Savannah River Nuclear Solutions, LLC (SRNS) or the United States Department of Energy, that the employee will receive all compensation (salary and benefits) from Subcontractor/Supplier/ and will not be eligible for any salary or benefits programs provided by SRNS, including but not limited to base salary, health and welfare plans, pension plans, and 401(k) investment savings programs.

A.63 CONTRACTOR REQUIREMENTS
DOCUMENT DOE O 221.1B, REPORTING
FRAUD, WASTE AND ABUSE TO THE
OFFICE OF INSPECTOR GENERAL

Regardless of the performer of the work, the Subcontractor/Supplier is responsible for complying with the requirements of this Contractor Requirements Document (CRD). This flow down applies to subcontracts with a value of \$5.5 million or more and with a period of performance of 120 days or longer.

SUBCONTRACTOR/SUPPLIER AND ITS SUBTIER SUBCONTRACTORS/SUPPLIERS MUST MEET THE FOLLOWING REQUIREMENTS.

1. GENERAL REQUIREMENTS.

Subcontractor/Supplier, and its Subtier Subcontractors/Suppliers, must not deter or dissuade employees from notifying an appropriate authority of actual or suspected violations of law, rule or regulation (including criminal acts under Title 18 of the United States Code, Crimes and Criminal Procedure); gross mismanagement; a gross waste of funds; serious threats to environment, safety, and health; and abuse of authority relating to DOE programs, operations, facilities, contracts, or information technology systems. Appropriate authorities include but are not limited to the Office of Inspector General (OIG), a supervisor, an Employee Concerns office, general counsel, security officials, the U.S. Government Accountability Office, outside law enforcement agency such as the Federal Bureau of Investigation (FBI) or State/local police. Subcontractor's/Supplier's, and its Subtier Subcontractors'/Suppliers', employees are not expected to report allegations based on mere suspicion or speculation. When in doubt, officials are encouraged to contact a local OIG representative to determine whether reporting is necessary.

Individuals who contact the OIG are not required to reveal their identity to the OIG. However, persons who report allegations are encouraged to identify themselves in the event additional questions arise as the OIG evaluates or pursues their allegations. Confidentiality for DOE Federal employees is established by the Inspector General Act of 1978, section 7(b), which prevents the OIG from disclosing the identity of a DOE Federal employee who reports an allegation or provides information, without the individual's consent, unless the OIG determines that disclosure is unavoidable during the course of the investigation. Because of their unique role within DOE, the OIG also applies this provision to DOE facility management contractor employees. All others who report allegations are not automatically entitled to confidentiality. Such individuals may request confidentiality, which will be evaluated on a case-by-case basis.

Individuals who contact the OIG are encouraged to provide relevant and specific details of the issue, including the identity of the person, company, or organization alleged to have engaged in wrongdoing; a description of the alleged impropriety; the DOE facility and program affected by the alleged misconduct; Contract/Subcontract numbers; date(s) of alleged wrongdoing; how the complainant is aware of the alleged impropriety; the identity of potential witnesses;

and the identity and location of supporting documentation.

a. The following issues are exempt from reporting to the OIG:

(1) Threats of actual or imminent bodily injury or death (such as assault, arson, etc.). However, threats of actual or imminent bodily injury or death must be reported immediately to SRNS, site security, and Federal, State, or local law enforcement authorities in accordance with DOE or local site guidance.

(2) Information about espionage. Information regarding espionage, including approaches made by representatives of other Governments for the commission of espionage or the collection of information, must be reported to the Department's Deputy Director of Counterintelligence and SRNS Counterintelligence.

b. The following issues may be reported to the OIG, but are routinely referred to other appropriate authorities:

(1) Regulatory violations already submitted to or discovered by the Office of Enterprise Assessments;

(2) Professional disagreements of opinion;

(3) Non-compliance with internal office policies and procedures; policy disagreements;

(4) Security infractions;

(5) Employee grievances and disputes among employees;

(6) Prohibited personnel practices;

(7) Employee performance concerns, and minor conduct issues such as tardiness and other minor leave issues, insubordinate behavior and failure to follow instructions, and discourteous and unprofessional behavior;

(8) Failure to pay legitimate debts;

(9) Equal employment opportunity complaints (including sexual harassment complaints);

(10) Classification appeals (related to both documents and personnel positions);

(11) Theft of personal property; and

(12) Off-duty conduct that does not involve DOE funds, programs, operations, facilities, subcontracts, or information technology systems.

2. SPECIFIC CONTRACTOR REQUIREMENTS.

a. In accordance with Federal Acquisition Regulation (FAR) clause 52.203-13, the Contractor/Subcontractor/Supplier shall timely disclose, in writing, to the OIG whenever, in connection with the award, performance, or closeout of a DOE contract or any subcontract thereunder, the Contractor/Subcontractor/Supplier has credible evidence that a principal, employee, agent, or subtier subcontractor/supplier of the Contractor/Subcontractor/Supplier has committed:

(1) A violation of Federal criminal law involving fraud, conflict of interest, bribery, or gratuity violations found in Title 18 of the U.S. Code; or

(2) A violation of the civil False Claims Act, found in Title 31 of the U.S. Code.

b. Notify Subcontractor's/Supplier's and its Subtier Subcontractors'/Suppliers' employees annually of their duty to report actual or suspected violations of law, rule, or regulation outlined above.

c. Prominently display DOE OIG hotline posters within business segments performing work under a DOE Subcontract and at DOE work sites.

d. Subcontractor/Supplier and its Subtier Subcontractors'/Suppliers' personnel with appropriate authority may gather additional information prior to reporting the matter to the OIG, provided:

(1) relevant information and documents are not altered, destroyed or hidden, and

(2) personnel are not influenced in their recollection of events or discouraged or prohibited from contacting, or cooperating with, the OIG.

e. With the exceptions of traffic violations and thefts of personal property, ensure that criminal allegations or offenses involving DOE funds, programs, operations, facilities, subcontracts, or information technology systems that are reported to an outside law enforcement agency such as the FBI or state/local police are reported to the OIG within 3 business days of making or becoming aware of such a report to ensure timely and appropriate coordination among law enforcement agencies with DOE jurisdiction.

f. Ensure that no nondisclosure policy, directive, form, or agreement is implemented or enforced that restricts Subcontractor's/Supplier's and its Subtier Subcontractors'/Suppliers' employees from reporting information about actual or suspected violations of law, statute, or regulation involving fraud, waste, abuse, misuse, corruption, criminal acts, or mismanagement to the OIG.

g. Ensure that no Subcontractor/Supplier and its Subtier Subcontractor/Supplier employee with authority takes or threatens to take any action against any Subcontractor/Supplier and its Subtier Subcontractor/Supplier employee as a reprisal for making a whistleblower complaint or disclosing information in support of a whistleblower complaint to a supervisor, management official, the OIG or other appropriate authority.

h. Report to the OIG any credible evidence, including a credible statement from the alleged victim, that reprisal action is being or has been taken, or is threatened to be taken, against a Subcontractor/Supplier and its Subtier Subcontractor/Supplier employee for making a complaint or disclosing information to a supervisor, management official, the OIG, or other appropriate authority.

b. not impede or hinder another employee's or subtier subcontractor's cooperation with the OIG.

c. ensure that reprisals are not taken against DOE contractor or SRNS employees who cooperate with or disclose information to the OIG or other lawful appropriate authority.

A.65 DOE O 486.1A, FOREIGN GOVERNMENT
SPONSORED OR AFFILIATED
ACTIVITIES

Regardless of the performer of the work, the subcontractor/supplier is responsible for complying with the requirements of this article. The definitions found in Attachment 2 to DOE O 486.1A, referenced in and made a part of this article, provide information applicable to subcontracts in which this article is inserted. The Subcontractor/supplier is responsible for flowing down the requirements of this DOE Order and article to subtier subcontractors, at any tier, to the extent necessary to ensure compliance.

Subcontractor personnel participation in any Foreign Government-Sponsored Talent Recruitment Program of a Foreign Country of Risk is prohibited.

The Subcontractor specifically acknowledges that in the event it is required to delay performance of work as a result of compliance with this clause this may qualify as grounds for termination for cause in accordance with this agreement.

(This article applies to Advisory and Assistance services, and all other service and material subcontracts. Exceptions to this requirement are Strategic Agreement auto-sourced purchase orders and purchase orders placed through Vinimaya; however, Organizational Conflicts of Interest (OCI) determinations must be addressed for Strategic Agreements and at the Basic Ordering Agreement(BOA) and Task Order Authorization (TOA) level for services. Pcard orders and purchase orders equal to or less than the micro-purchase threshold are exempt from this requirement.)

A.66. ORGANIZATIONAL CONFLICTS OF
INTEREST (JUN 1997)

DEAR 952.209-72

(a) Purpose. The purpose of this clause is to ensure that the subcontractor (1) is not biased because of its financial, contractual, organizational, or other interests which relate to the work under this subcontract, and (2) does not obtain any unfair competitive advantage over other parties by virtue of its performance of this subcontract.

(b) Scope. The restrictions described herein

shall apply to performance or participation by the subcontractor and any of its affiliates or their successors in interest (hereinafter collectively referred to as "subcontractor") in the activities covered by this clause as a prime contractor, subcontractor, cosponsor, joint venturer, consultant, or in any similar capacity. For the purpose of this clause, affiliation occurs when a business concern is controlled by or has the power to control another or when a third party has the power to control both.

(1) Use of Subcontractor's Work Product.

(i) The subcontractor shall be ineligible to participate in any capacity in SRNS, subcontracts, or proposals therefore (solicited and unsolicited) which stem directly from the subcontractor's performance of work under this subcontract for a period of (Subcontractor/Supplier see Request for Proposal/Request for Quote article and reference DEAR 909.507-2) years after the completion of this subcontract. Furthermore, unless so directed in writing by the Procurement Representative, the subcontractor shall not perform any advisory and assistance services, or all other services and materials, work under this subcontract on any of its products or services or the products or services of another firm if the subcontractor is or has been substantially involved in their development or marketing.

Nothing in this subparagraph shall preclude the subcontractor from competing for follow-on subcontracts for advisory and assistance services or all other services and materials.

(ii) If, under this subcontract, the subcontractor prepares a complete or essentially complete statement of work or specifications to be used in competitive acquisitions, the contractor shall be ineligible to perform or participate in any capacity in any contractual effort which is based on such statement of work or specifications. The contractor shall not incorporate its products or services in such statement of work or specifications unless so directed in writing by the contracting officer, in which case the restriction in this subparagraph shall not apply.

(iii) Nothing in this paragraph shall preclude the subcontractor from offering or selling its standard and commercial items to SRNS.

(2) Access to and use of information. (i) If the subcontractor, in the performance of this subcontract, obtains access to information, such as SRNS plans, policies, reports, studies, financial plans, internal data protected

by the Privacy Act of 1974 (5 U.S.C. 552a), or data which has not been released or otherwise made available to the public, the subcontractor agrees that without prior written approval of the Procurement Representative it shall not: (A) use such information for any private purpose unless the information has been released or otherwise made available to the public;

(B) compete for work for SRNS based on such information for a period of six (6) months after either the completion of this subcontract or until such information is released or otherwise made available to the public, whichever is first;

(C) submit an unsolicited proposal to SRNS which is based on such information until one year after such information is released or otherwise made available to the public; and

(D) release such information unless such information has previously been released or otherwise made available to the public by SRNS.

(ii) In addition, the subcontractor agrees that to the extent it receives or is given access to proprietary data, data protected by the Privacy Act of 1974 (5 U.S.C. 552a), or other confidential or privileged technical, business, or financial information under this subcontract, it shall treat such information in accordance with any restrictions imposed on such information.

(iii) The subcontractor may use technical data it first produces under this subcontract for its private purposes consistent with paragraphs (b)(2)(i) (A) and (D) of this clause and the patent, rights in data, and security provisions of this subcontract.

(c) Disclosure after award. (1) The subcontractor agrees that, if changes, including additions, to the facts disclosed by it prior to award of this subcontract, occur during the performance of this subcontract, it shall make an immediate and full disclosure of such changes in writing to the Procurement Representative. Such disclosure may include a description of any action which the subcontractor has taken or proposes to take to avoid, neutralize, or mitigate any resulting conflict of interest. SRNS may, however, terminate the subcontract for convenience if it deems such termination to be in the best interest of SRNS.

(2) In the event that the subcontractor was aware of facts required to be disclosed or the

existence of an actual or potential organizational conflict of interest and did not disclose such facts or such conflict of interest to the Procurement Representative, SRNS may terminate this contract for default.

(d) Remedies. For breach of any of the above restrictions or for nondisclosure or misrepresentation of any facts required to be disclosed concerning this subcontract, including the existence of an actual or potential organizational conflict of interest at the time of or after award, the Procurement Representative may terminate

the subcontract for default, disqualify the subcontractor from subsequent related contractual efforts, and pursue such other remedies as may be permitted by law or this subcontract.

(e) Waiver. Requests for waiver under this clause shall be directed in writing to the Procurement Representative and shall include a full description of the requested waiver and the reasons in support thereof. If it is determined to be in the best interests of SRNS, the Procurement Representative may grant such a waiver in writing.

(End of clause)

ALTERNATE I: In accordance with 909.507-2 and 970.0905, include the following alternate in the specified types of subcontracts.

(f) Subcontracts. (1) The Procurement Representative subcontractor shall include a clause, substantially similar to this clause, including this paragraph (f), in subcontracts in

accordance with FAR part 13 and involving the performance of advisory and assistance services as that term is defined at FAR 37.201. The terms “subcontract,” “subcontractor,” and “Procurement Representative” shall be appropriately modified to preserve SRNS’s rights.

(2) Prior to the award under this subcontract for advisory and assistance services or all other service and material subcontracts, the Procurement Representative shall obtain from the proposed subcontractor or consultant the disclosure required by DEAR 909.507-1, and shall determine in writing whether the interests disclosed present an actual or significant potential for an organizational conflict of interest. Where an actual or significant potential organizational conflict of interest is identified, the subcontractor shall take actions to avoid, neutralize, or mitigate the organizational conflict to the satisfaction of the Procurement Representative. If the conflict cannot be avoided or neutralized, the Procurement

Representative must obtain the approval of the DOE contracting officer prior to entering into the subcontract.

(2) Confidential Subcontractor/Supplier financial information, internal corporate governance records and correspondence between the Subcontractor/Supplier and other segments of the Subcontractor/Supplier located away from the DOE facility (i.e. the Subcontractor's/Supplier's corporate headquarters);

(3) Records relating to any procurement action by the Subcontractor/Supplier, except for records that under 48 CFR 970.5232-3 are described as the property of the Government; and Part 970 - DOE Management and Operating Contracts

[https://www.acquisition.gov/print/24896 83/177;](https://www.acquisition.gov/print/24896%2083/177)

(4) Legal records, including legal opinions, litigation files, and documents covered by the attorney-client and attorney work product privileges; and

(5) The following categories of records maintained pursuant to the technology transfer clause in the SRNS/DOE Contract:

(i) Executed license agreements, including exhibits or appendices containing information on royalties, royalty rates, other financial information, or commercialization plans, and all related documents, notes and correspondence.

(ii) The subcontractor's/supplier's protected Cooperative Research and Development Agreement (CRADA) information and appendices to a CRADA that contain licensing terms and conditions, or royalty or royalty rate information.

(iii) Patent, copyright, mask work, and trademark application files and related Subcontractor/Supplier invention disclosures, documents, and correspondence, where the Subcontractor/Supplier has elected rights or has permission to assert rights and has not relinquished such rights or turned such rights over to the Government.

(c) Subcontract completion or termination. Upon subcontract completion or termination, the subcontractor/supplier shall ensure final disposition of all Government-owned records to a Federal Record Center, the National Archives and Records Administration, to a successor subcontractor/supplier, its designee, or other destinations, as directed by SRNS. Upon the request of the SRNS and/or Government, the subcontractor/supplier shall provide either the original subcontractor-owned records or copies of the records identified in paragraph (b) of this clause, to SRNS or its designees, including, but not limited to, DOE or a successor contractor to SRNS. Upon delivery, title to such records shall vest in DOE or its designees, and such records shall be protected in accordance with applicable federal laws (including the

Privacy Act) as appropriate. If the Subcontractor/Supplier chooses to provide its original subcontractor-owned records to the Government or its designee, the Subcontractor/Supplier shall retain future rights to access and copy such records as needed.

(d) Inspection, copying, and audit of records. All records acquired or generated by the Subcontractor/Supplier under this subcontract in the possession of the Subcontractor/Supplier, including those described at paragraph (b) of this clause, shall be subject to inspection, copying, and audit by the Government, SRNS, or their respective designees at all reasonable times, and the Subcontractor/Supplier shall afford the Government, SRNS, or their designees reasonable facilities for such inspection, copying, and audit; provided, however, that upon request by the DOE Contracting Officer or SRNS Procurement Representative, the Subcontractor/Supplier shall deliver such records to a location specified by the DOE Contracting Officer or SRNS Procurement Representative for inspection, copying, and audit. The Government, SRNS, and their respective designees shall use such records in accordance with applicable federal laws (including the Privacy Act), as appropriate.

(e) Applicability. This clause applies to all records created, received and maintained by the Subcontractor/Supplier without regard to the date or origination of such records including all records acquired from a predecessor Subcontractor/Supplier.

(f) Records maintenance and retention. Subcontractor/Supplier shall create, maintain, safeguard, and disposition records in accordance with 36 CFR Chapter XII, Subchapter B, "Records Management" and the National Archives and Records Administration (NARA)-approved Records Disposition Schedules. Records retention standards are applicable for all classes of records, whether or not the records are owned by the Government or the Subcontractor/Supplier. The Government may waive application of the NARA-approved Records Disposition Schedules, if, upon termination or completion of the subcontract, the Government, or SRNS, exercises rights under paragraph (c) of this clause to obtain copies of records described in paragraph (b) and delivery of records described in paragraph (a) of this clause.

***D.1 INSPECTION OF SUPPLIES AND SERVICES**

A. Definitions

- (1) "Services" as used in this article includes services performed, workmanship, and material furnished or utilized in the performance of services.
- (2) "Supplies" as used in this article, includes but is not limited to raw materials, components, intermediate assemblies, end products, and lots of supplies.

B. Subcontractor/Supplier shall provide and maintain an inspection system acceptable to SRNS covering Services and/or Supplies and shall tender to SRNS for acceptance only Supplies that have been inspected in accordance with the inspection system and have been found by Subcontractor/Supplier to be in conformity with Order requirements. As part of the system, Subcontractor/Supplier shall prepare records evidencing all inspections made under the system and the outcome. These records shall be kept complete and made available to SRNS and the Government during Order performance and for as long afterwards as this Order requires. SRNS and the Government may perform reviews and evaluations reasonably necessary to ascertain compliance with this paragraph. These reviews and evaluations shall be conducted in a manner that will not unduly delay the Work. The right of review, whether exercised or not, does not relieve Subcontractor/Supplier of its obligations under this Order.

C. SRNS and the Government has the right to inspect and test all Supplies and Services called for by this Order, to the extent practicable, at all places and times, including the period of manufacture, and in any event before acceptance. SRNS and the Government shall perform inspections and tests in a manner that will not unduly delay the Work. SRNS and the Government assume no contractual obligation to perform any inspection and test for the benefit of Subcontractor/Supplier, unless specifically set forth elsewhere in this Order.

D. If SRNS or the Government performs an inspection or test on the premises, or remotely/virtually, of Subcontractor/Supplier, Subcontractor/Supplier shall furnish, and shall require Subcontractors/Suppliers to furnish, without additional charge, all reasonable facilities and assistance for the safe and convenient performance of these duties. Except as otherwise provided in this Order, SRNS shall bear the expense of SRNS and Government inspections or

tests made at other than the Subcontractor's/Supplier's premises; provided, that in case of rejection, SRNS and the Government shall not be liable for any reduction in the value of inspection or test samples.

E. (1) When Supplies or Services are not ready at the time specified by Subcontractor/Supplier for inspection or test, SRNS may charge to Subcontractor/Supplier the additional cost to SRNS related to the inspection or test.

(2) SRNS may also charge Subcontractor/Supplier for any additional cost of inspection or test when prior rejection makes re-inspection or retest necessary.

F. SRNS has the right either to reject or to require correction of nonconforming Supplies. Supplies are nonconforming when they are defective in material or workmanship or are otherwise not in conformity with Order requirements. SRNS may reject nonconforming Supplies with or without disposition instructions.

G. Subcontractor/Supplier shall remove Supplies rejected or required to be corrected. However, SRNS may require correction in place, promptly after notice, by and at the expense of Subcontractor/Supplier. Subcontractor/Supplier shall not tender for acceptance corrected or rejected Supplies without disclosing the former rejection or requirement for correction, and, when required, shall disclose the corrective action taken.

H. If any of the Services do not conform to Order requirements, SRNS may require Subcontractor/Supplier to perform the Services again in conformity with Order requirements, at no increase in Order amount. When the defects in Services cannot be corrected by re-performance, SRNS may

(1) Require Subcontractor/Supplier to take necessary action to ensure that future performance conforms to Order requirements and

(2) Reduce the Order price to reflect the reduced value of the Services performed.

I. If Subcontractor/Supplier fails to remove, replace, or correct rejected Supplies promptly, that are required to be removed or to be replaced or corrected, or to re-perform nonconforming Services promptly in conformance with Order requirements or to take the necessary action to ensure future performance of Services in conformity with Order requirements, SRNS may

(1) By Order or otherwise, remove, replace, or correct the Supplies and perform the Services and charge the cost to Subcontractor/Supplier;

(2) Terminate this Order for default; or

- (3) Require delivery and make an equitable price reduction.
- J. (1) If this Order provides for the performance of quality assurance at source, whether performed on the supplier's premises or remote/virtually, and if requested by SRNS, the Subcontractor/Supplier shall furnish advance notification of the time
- (i) When Subcontractor/Supplier inspection or tests will be performed in accordance with the terms and conditions of this Order and
- (ii) When the Supplies will be ready for SRNS inspection.
- (2) The SRNS request shall specify the period and method of the advance notification and the SRNS representative to whom it shall be furnished. Requests shall not require more than two workdays of advance notification if the SRNS representative is in residence in the Subcontractor's/Supplier's plant, nor more than seven workdays in other instances.
- K. SRNS shall accept or reject Supplies as promptly as practicable after delivery, unless otherwise provided in this Order. SRNS's failure to inspect and accept or reject the Supplies shall not relieve Subcontractor/Supplier from responsibility, nor impose liability on SRNS, for nonconforming Supplies.
- L. Inspections and tests by SRNS and the Government do not relieve Subcontractor/Supplier of responsibility for defects or other failures to meet Order requirements. Acceptance shall be conclusive, except for latent defects, fraud, gross mistakes amounting to fraud, or as otherwise provided in this Order.
- M. If acceptance is not conclusive for any reason, SRNS, in addition to any other rights and remedies provided by law, or under other provisions of this Order, shall have the right to require the Subcontractor/Supplier
- (1) At no increase in Order price, to correct or replace the defective or nonconforming Supplies at the original point of delivery or at Subcontractor's/Supplier's plant, at SRNS's election, and in accordance with a reasonable delivery schedule as may be agreed upon between Subcontractor/Supplier and SRNS; provided that SRNS may require a reduction in Order price if Subcontractor/Supplier fails to meet such delivery schedule, or
- (2) Within a reasonable time after receipt by Subcontractor/Supplier of notice of defects

or nonconformance, to repay such portion of this Order as is equitable under the circumstances if SRNS elects not to require correction or replacement. When Supplies are returned to Subcontractor/Supplier, Subcontractor/Supplier shall bear the transportation cost from the original point of delivery to Subcontractor's/Supplier's plant and return to the original point when that point is not the Subcontractor's/Supplier's plant. If Subcontractor/Supplier fails to perform or act as required in (1) or (2) above and does not cure such failure within a period of ten days (or such longer period as SRNS may authorize electronically) after receipt of notice from SRNS specifying such failure, SRNS shall have the right by contract or other-wise to replace or correct such Supplies and charge to Subcontractor/Supplier the cost occasioned thereby.

SECTION E

SECTION E ARTICLES APPLY IF THE PRICE OF THIS ORDER EXCEEDS \$100,000.

E.1 TERMINATION FOR CONVENIENCE OF SRNS

Article A.16 is hereby deleted.

- A. SRNS may terminate performance of the Work, in whole or, from time to time, in part if SRNS determines that a termination is in the SRNS's interest. SRNS shall terminate by delivering to Subcontractor/Supplier a Notice of Termination specifying the extent of termination and the effective date. Upon receipt of the notice, if title to property is vested in Subcontractor/Supplier under this Order, it shall revert to the Government regardless of any other article of this Order, except for property that Subcontractor/Supplier disposed of by bona fide sale or removed from the site.
- B. After receipt of a Notice of Termination, and except as directed by SRNS, Subcontractor/Supplier shall immediately proceed with the following obligations, regardless of delay in determining or adjusting any amounts due under this article:
- (1) Stop Work as specified in the notice.
 - (2) Place no further Subcontracts or Orders (referred to as Subcontracts in this article) for materials, services, or facilities, except as necessary to complete the continued portion of this Order.
 - (3) Terminate all Subcontracts to the extent they relate to the Work terminated.
 - (4) Assign to the Government, as directed by SRNS, all right, title, and interest of Subcontractor/Supplier under the Subcontracts terminated, in which case SRNS shall have the right to settle or to pay any termination settlement proposal arising out of those terminations.
 - (5) With approval or ratification to the extent required by SRNS, settle all outstanding liabilities and termination settlement proposals arising from the termination of Subcontracts; the approval or ratification will be final for purposes of this article.
 - (6) As directed by SRNS, transfer title to the Government and deliver to SRNS
 - (i) The fabricated or un-fabricated parts, work in process, completed work, supplies, and other material produced or acquired for the Work terminated, and
 - (ii) The completed or partially completed plans, drawings, information, and other property that, if this Order had been completed, would be required to be furnished to SRNS.
 - (7) Complete performance of the Work not terminated.

- (8) Take any action that may be necessary, or that SRNS may direct, for the protection and preservation of the property related to this Order that is in the possession of Subcontractor/Supplier and in which SRNS has or may acquire an interest.
 - (9) Use its best efforts to sell, as directed or authorized by SRNS, any property of the types referred to in subparagraph (6) above; provided, however, that Subcontractor/Supplier (i) is not required to extend credit to any purchaser and (ii) may acquire the property under the conditions prescribed by, and at prices approved by, SRNS. The proceeds of any transfer or disposition will be applied to reduce any payments to be made by SRNS under this Order, credited to the price or cost of the Work, or paid in any other manner directed by SRNS.
- C. After expiration of the plant clearance period as defined in Subpart 45.6 of the Federal Acquisition Regulation, Subcontractor/Supplier may submit to SRNS a list, certified as to quantity and quality, of termination inventory not previously disposed of, excluding items authorized for disposition by SRNS. Subcontractor/Supplier may request SRNS to remove those items or enter into an agreement for their storage. Within fifteen days, SRNS will accept title to those items and remove them or enter into a storage agreement. SRNS may verify the list upon removal of the items, or if stored, within forty-five days from submission of the list, and shall correct the list, as necessary, before final settlement.
- D. After termination, Subcontractor/Supplier shall submit a final termination settlement proposal to SRNS in the form and with the certification prescribed by SRNS. Subcontractor/Supplier shall submit the proposal promptly, but no later than one year from the effective date of termination, unless extended in electronic writing by SRNS upon written electronic request of Subcontractor/Supplier within this one-year period. However, if SRNS determines that the facts justify it, a termination settlement proposal may be received and acted on after one year or any extension. If Subcontractor/Supplier fails to submit the proposal within the time allowed, SRNS may determine, on the basis of information available, the amount, if any, due Subcontractor/Supplier because of the termination and shall pay the amount determined.
- E. Subject to paragraph D above, Subcontractor/Supplier and SRNS may agree upon the whole or any part of the amount to be paid

because of the termination. The amount may include a reasonable allowance for profit on work done. However, the agreed amount, whether under this paragraph E or paragraph F below, exclusive of settlement costs, may not exceed the total Order price as reduced by

- (1) The amount of payments previously made and
- (2) The Order price of Work not terminated. This Order shall be amended, and Subcontractor/Supplier paid the agreed amount. Paragraph F below shall not limit, restrict, or affect the amount that may be agreed upon to be paid under this paragraph.

F. If Subcontractor/Supplier and SRNS fail to agree on the whole amount to be paid because of the termination of Work, SRNS shall pay Subcontractor/Supplier the amounts determined by SRNS as follows, but without duplication of any amounts agreed on under paragraph E of this article:

- (1) For Work performed before the effective date of termination, the total (without duplication of any items) of:
 - (i) The cost of the Work;
 - (ii) The cost of settling and paying termination settlement proposals under terminated Subcontracts that are properly chargeable to the terminated portion of this Order, if not included in subdivision (i) above; and
 - (iii) A sum, as profit on subdivision (i) above, determined by SRNS under section 49.202 of the Federal Acquisition Regulation, in effect on the date of this Order, to be fair and reasonable; however, if it appears that Subcontractor/Supplier would have sustained a loss on the entire Order had it been completed, SRNS shall allow no profit under this subdivision (iii) and shall reduce the amount of the settlement to reflect the indicated rate of loss.
- (2) The reasonable costs of settlement of the work terminated, including:
 - (i) Accounting, legal, clerical, and other expenses reasonably necessary for the preparation of termination settlement proposals and supporting data;
 - (ii) The termination and settlement of Subcontracts (excluding the amounts of such settlements); and
 - (iii) Preservation and protection of property under subparagraph B (8) of this article.

G. Except for normal spoilage, and except to the extent that SRNS expressly assumed the risk of loss, SRNS shall exclude from the amounts

payable to Subcontractor/Supplier under paragraph F above, the fair value, as determined by SRNS, of property that is destroyed, lost, stolen, or damaged so as to become undeliverable to SRNS or to a Procurement Representative.

- H. The cost principles and procedures of Part 31 of the Federal Acquisition Regulation as supplemented or modified by Part 931 of the Department of Energy Acquisition Regulation, in effect on the date of this Order, shall govern all costs claimed, agreed to, or determined under this article.
- I. If Subcontractor/Supplier failed to submit the termination settlement proposal within the time provided in paragraph D or K and failed to request a time extension, the decision of SRNS is final and not subject to the Disputes article. If SRNS has made a determination of the amount due under paragraph D, F, or K, SRNS shall pay Subcontractor/Supplier
 - (1) The amount determined by SRNS, if there is no right of appeal or if no timely appeal has been taken, or
 - (2) The amount finally determined on an appeal.
- J. In arriving at the amount due Subcontractor/Supplier under this article, there shall be deducted-
 - (1) All un-liquidated advance or other payments to Subcontractor/Supplier under the terminated portion of this Order;
 - (2) Any claim which SRNS or the Government has against Subcontractor/Supplier under this Order; and
 - (3) The agreed price for, or the proceeds of sale of, materials, supplies, or other things acquired by Subcontractor/Supplier or sold under the provisions of this article and not recovered by or credited to SRNS.
- K. If the termination is partial, Subcontractor/Supplier may file a proposal with SRNS for an equitable adjustment of the price(s) of the continued portion of this Order. SRNS shall make any equitable adjustment agreed upon. Any proposal by Subcontractor/Supplier for an equitable adjustment under this article shall be requested within ninety days from the effective date of termination unless extended electronically by SRNS.
- L. (1) SRNS may, under the terms and conditions it prescribes, make partial payments and payments against cost incurred by Subcontractor/Supplier for the terminated portion of this Order, if SRNS believes the total of these payments will not exceed the amount to which Subcontractor/Supplier will be entitled.

(2) If the total payments exceed the amount finally determined to be due, Subcontractor/Supplier shall repay the excess to SRNS upon demand, together with interest computed at the rate established by the Secretary of the Treasury under 50 U.S.C. App. 1215(b)(2). Interest shall be computed for the period from the date the excess payment is received by Subcontractor/Supplier to the date the excess is repaid. Interest shall not be charged on any excess payment due to a reduction in Subcontractor's/Supplier's termination settlement proposal because of retention or other disposition of termination inventory until ten days after the date of the retention or disposition, or a later date determined by SRNS because of the circumstances.

M. Unless otherwise provided in this Order or by statute, Subcontractor/Supplier shall maintain all records and documents relating to the terminated portion of this Order for three years after final settlement. This includes all books and other evidence bearing on Subcontractor's/Supplier's costs and expenses under this Order. Subcontractor/Supplier shall make these records and documents available to the Government, at Subcontractor's/Supplier's office, at all reasonable times, without any direct charge. If approved by SRNS, photographs, microphotographs, or other authentic reproductions may be maintained instead of original records and documents.

E.2 AUDIT AND RECORDS-NEGOTIATION

A. Cost or Pricing Data

If, pursuant to law, the Subcontractor/Supplier has been required to submit cost or pricing data in connection with this Order or any modification to this Order, SRNS, the Government or representatives of the Government who are employees of the Government shall have the right to examine and audit all of the Subcontractor's/Supplier's books, records, documents, and other data regardless of form (e.g., machine readable media such as disk, tape, etc.) or type (e.g., data bases, application software, database management software, utilities, etc.) including computations and projections related to proposing, negotiating, pricing, or performing the Order or modification, in order to evaluate the accuracy, completeness, and currency of the cost or pricing data. The right of examination shall extend to all documents necessary to permit adequate evaluation of the cost or pricing data submitted, along with the computations and projects used.

B. Reports

If the Subcontractor/Supplier is required to furnish cost, funding, or performance reports, SRNS, the government or representatives of the Government who are employees of the Government shall have the right to examine and audit books, records, other documents, and supporting materials, for the purpose of evaluating

- (1) The effectiveness of the Subcontractor's/Supplier's policies and procedures to produce data compatible with the objectives of these reports and
- (2) The data reported.

C. Availability

The Subcontractor/Supplier shall make available at its office at all reasonable times the materials described in paragraphs A and B above, for examination, audit, or reproduction, until three (3) years after final payment under this Order or for any longer period required by statute or by other clauses of this contract. In addition -

- (1) If this Order is completely or partially terminated, the records relating to the work terminated shall be made available for three (3) years after any resulting final termination settlement; and
- (2) Records relating to appeals under the Disputes article or to litigation or the settlement of the Government and SRNS claims arising under or relating to this contract shall be made available until such appeals, litigation, or claims are disposed of.

D. Inspections

DOE shall have the right to inspect the work and activities of the Subcontractor/Supplier under this Order at such time and in such manner as it shall deem appropriate.

E. Except as otherwise provided in FAR Subpart 4.7, Contractor Records Retention, the Subcontractor/Supplier may transfer computer data in machine-readable form from one reliable computer medium to another. The Subcontractor's/Supplier's computer data retention and transfer procedures shall maintain the integrity, reliability, and security of the original data. The Subcontractor's/Supplier's choice of form or type of materials described in paragraphs (A), (B), and (C) of this article affects neither the Subcontractor's/Supplier's obligations nor SRNS or the Government's rights under this clause.

F. Comptroller General.

- (1) The Comptroller General of the United States, or an authorized representative, shall have access to and the right to examine any of the Subcontractor's directly pertinent records involving transactions related to this

Subcontract or a Lower-tier Subcontract hereunder.

- (2) This paragraph may not be construed to require the Subcontractor or a Subtier Subcontractor to create or maintain any record that the Subcontractor or Subtier Subcontractor does not maintain in the ordinary course of business or pursuant to a provision of law.

- G. The Subcontractor/Supplier shall insert a clause containing all the terms of this article, including this paragraph (G), in all Subcontracts over \$100,000 under this Order, altering the clause only as necessary to identify properly the contracting parties.

E.3 Sustainable Acquisition Program

- A. Pursuant to Executive Order 13423, Strengthening Federal Environmental, Energy and Transportation Management, and Executive Order 13514, Federal Leadership in Environmental, Energy, and Economic Performance, the Department of Energy (DOE) is committed to managing its facilities in an environmentally preferable and sustainable manner that will promote the natural environment and protect the health and well-being of its Federal employees and subcontractor/supplier service providers. In the performance of work under this contract, the subcontractor/supplier shall provide its services in a manner that promotes the natural environment, reduces greenhouse gas emissions and protects the health and well-being of Federal employees, contract service providers and visitors using the facility.

- B. Green purchasing or sustainable acquisition has several interacting initiatives. The subcontractor/supplier must comply with initiatives that are current as of the contract award date. DOE may require compliance with revised initiatives from time to time. The subcontractor/supplier may request an equitable adjustment to the terms of its contract using the procedures in the Changes clause of the contract. The initiatives important to these Orders are explained on the following Government or Industry Internet Sites:

- (1) Recycled Content Products are described at <http://epa.gov/cpg>
- (2) Biobased Products are described at <http://www.biopreferred.gov/>
- (3) Energy efficient products are at <http://energystar.gov/products> for Energy Star products
- (4) Energy efficient products are at <http://www.femp.energy.gov/procurement> for FEMP designated products

- (5) Environmentally preferable and energy efficient electronics including desktop computers, laptops and monitors are at <http://www.epeat.net> the Electronic Products Environmental Assessment Tool (EPEAT) the Green Electronics Council site

- (6) Greenhouse gas emission inventories are required, including Scope 3 emissions which include subcontractor/supplier emissions. These are discussed at Section 13 of Executive Order 13514 which can be found at <http://www.archives.gov/federal-register/executive-orders/disposition.html>

- (7) Non-Ozone Depleting Alternative Products are at <http://www.epa.gov/ozone/strathome.html>

- (8) Water efficient plumbing products are at <http://epa.gov/watersense>.

- C. The clauses at FAR 52.223-2, Affirmative Procurement of Biobased Products under Service and Construction Contracts, 52.223-15, Energy Efficiency in Energy Consuming Products, and 52.223-17 Affirmative Procurement of EPA-Designated Items in Service and Construction Contracts, require the use of products that have biobased content, are energy efficient, or have recycled content. To the extent that the services provided by the subcontractor/supplier require provision of any of the above types of products, the subcontractor/supplier must provide the energy efficient and environmentally sustainable type of product unless that type of product—

- (1) Is not available;
- (2) Is not life cycle cost effective or does not exceed 110% of the price of alternative items if life cycle cost data is unavailable (EPEAT is an example of lifecycle costs that have been analyzed by DOE and found to be acceptable at the silver and gold level);
- (3) Does not meet performance needs; or,
- (4) Cannot be delivered in time to meet a critical need.

- D. In the performance of this contract, the subcontractor/supplier shall comply with the requirements of Executive Order 13423, Strengthening Federal Environmental, Energy and Transportation Management, (<http://www.epa.gov/greeningepa/practices/eo13423.htm>) and Executive Order 13514, Federal Leadership in Environmental, Energy, and Economic Performance (<http://www.archives.gov/federal-register/executive-orders/disposition.html>). The subcontractor/supplier shall also consider the best practices within the DOE Acquisition Guide, Chapter 23, Acquisition Considerations Regarding Federal Leadership in Environmental, Energy, and

Economic Performance. This guide includes information concerning recycled content products, biobased products, energy efficient products, water efficient products, alternative fuels and vehicles, non-ozone depleting substances and other environmentally preferable products and services. This guide is available on the Internet at: <http://management.energy.gov/documents/AcqGuide23pt0Rev1.pdf>.

- E. In complying with the requirements of paragraph (c) of this clause, the subcontractor/supplier(s) shall coordinate its activities with and submit required reports through the Environmental Sustainability Coordinator or equivalent position. Reporting under this paragraph and paragraphs (f) and (g) of this clause is only required if the contract or subcontract offers subcontracting opportunities for energy efficient and environmentally sustainable products or services exceeding \$100,000 in any contract year.
- F. The subcontractor/supplier shall prepare and submit performance reports, if required, using prescribed DOE formats, at the end of the Federal fiscal year, on matters related to the acquisition of environmentally preferable and sustainable products and services. This is a material delivery under the contract. Failure to perform this requirement may be considered a failure that endangers performance of this contract and may result in termination for default.
- G. These provisions shall be flowed down only to first tier subcontracts exceeding the simplified acquisition threshold that support operation of the DOE facility and offer significant subcontracting opportunities for energy efficient or environmentally sustainable products or services. The Subcontractor, if subcontracting opportunities for sustainable and environmentally preferable products or services exceed the threshold in paragraph (e) of this clause, will comply with the procedures in paragraphs (c) through (e) of this clause regarding the collection of all data necessary to generate the reports required under paragraphs (c) through (e) of this clause, and submit the reports directly to the Prime Contractor's Environmental Sustainability Coordinator at the supported facility. The Subcontractor will advise the subcontractor/supplier if it is unable to procure energy efficient and environmentally sustainable items and cite which of the reasons in paragraph (c) of this clause apply. The reports may be submitted at the conclusion of the subcontract term provided that the subcontract delivery term is not multi-year in nature. If the delivery term is multi-year, the Subcontractor shall report its

accomplishments for each Federal fiscal year in a manner and at a time or times acceptable to both parties. Failure to comply with these reporting requirements may be considered a breach of contract with attendant consequences.

E.4 Executive Order 13423, Strengthening Federal Environmental, Energy, and Transportation Management [Oct 2010]

- (1) Since this contract involves subcontractor/supplier operation of Government-owned facilities and/or motor vehicles, the provisions of Executive Order 13423 are applicable to the subcontractor/supplier to the same extent they would be applicable if the Government were operating the facilities or motor vehicles. (including amounts payable for Subcontracts and settlement costs) pursuant to the Termination For Convenience of SRNS article would, in the exercise of reasonable judgment by the Subcontractor/Supplier, approximate the total amount at the time allotted to the Order. The Subcontractor/Supplier is not obligated to continue performance of the work beyond that point. SRNS is not obligated in any event to pay or reimburse the Subcontractor/Supplier more than the amount from time to time allotted to the Order, anything to the contrary in the Termination for Convenience of SRNS article notwithstanding.

- (1) Consideration is specifically authorized by this Order; and

- B. All materials and work covered by progress payments made shall, at the time of payment, become the sole property of the Government, but this shall not be construed as:
 - (1) Relieving the Subcontractor/Supplier from the sole responsibility for all material and work upon which payments have been made or the restoration of any damaged work; or
 - (2) Waiving the right to SRNS to require the fulfillment of all the terms of the Order.
 - C. In making progress payments, SRNS shall retain, until completion and acceptance of all work, ten (10) percent of the estimated value of work accomplished as of the date of the current application for payment. The equitable adjustment shall be based upon

any increase or decrease in costs due solely to the variation above 115 percent or below 85 percent of the estimated quantity. If the quantity variation is such as to cause an increase in the time necessary for completion, the Subcontractor/Supplier may request, in writing, an extension of time, to be received by SRNS within 10 days from the beginning of the delay, or within such further period as may be granted by SRNS before the date of final settlement of the Order. G.17 RIGHT OF FIRST REFUSAL OF EMPLOYMENT

The scope of work described herein as currently being performed by the SRNS Procurement Representative (SRNS) employees and award of an Order may displace these workers. Consistent with section 3161 of the National Defense Authorization Act (PL 102-484), if the Seller needs to hire additional employees beyond those already part of its existing work force as of the date of this solicitation in order to satisfy the performance requirements set forth by the scope of work in this solicitation, the Seller must first consider the employment of qualified displaced DOE contractor employees who meet the 3161 Job Attachment Test prior to using other avenues to fill that employment need. At the time of award of the Order, the Procurement Representative shall make available to the Seller a list of displaced employees with sufficient information to allow for contact. This requirement

shall be included in the resultant Order and be in effect from the date of award of the Order.

G.18 COPYRIGHTS FOR SRNS DIRECTED TECHNICAL PERFORMANCE

Subcontractor/Supplier shall cause its employee(s) to assign to SRNS all rights under the copyright in all works of authorship prepared at the direction of SRNS during the term of this Order. Subcontractor/Supplier shall include terms in its arrangements with its employee(s) to require such assignments to SRNS. To the extent that such works of authorship are considered to be works made for hire for Subcontractor/Supplier, Subcontractor/Supplier agrees to assign and does hereby assign all of its rights under the copyrights in such works to SRNS or the U. S. Government.

G.19 PERFORMANCE-BASED MILESTONE PAYMENTS

A. Amount of payments and limitations on payments.
Subject to such other limitations and conditions as are specified in this Subcontract and this article, the amount of payments and limitations on payments shall be specified in the Subcontract's description of the basis for payment.

B. Subcontractor/Supplier request for performance-based payment.
The Subcontractor/Supplier may submit requests for payment of performance-based payments not more frequently than monthly, in a form and manner acceptable to SRNS. Unless otherwise authorized by the SRNS, all performance-based payments in any period for which payment is being requested shall be included in a single request, appropriately itemized and totaled. The Subcontractor's/Supplier's request shall contain the information and certification detailed in paragraphs (L) and (M) of this article.

- C. Approval and payment of requests.
- (1) The Subcontractor/Supplier shall not be entitled to payment of a request for performance-based payment prior to successful accomplishment of the event or performance criterion for which payment is requested. The SRNS Procurement Representative shall determine whether the event or performance criterion for which payment is requested has been successfully accomplished in accordance with the terms of the Subcontract. SRNS may, at any time, require the Subcontractor/Supplier to substantiate the successful performance of any event or performance criterion which has been or is represented as being payable.
 - (2) The approval by SRNS of a request for performance-based payment does not

constitute an acceptance by SRNS and does not excuse the Subcontractor/Supplier from performance of obligations under this Subcontract.

D. Liquidation of performance-based payments.

- (1) Performance-based finance amounts paid prior to payment for delivery of an item shall be liquidated by deducting a percentage or a designated dollar amount from the delivery payment. If the performance-based finance payments are on a delivery item basis, the liquidation amount for each such line item shall be the percent of that delivery item price that was previously paid under performance-based finance payments or the designated dollar amount. If the performance-based finance payments are on a whole Subcontract basis, liquidation shall be by either predesignated liquidation amounts or a liquidation percentage.
- (2) If at any time the amount of payments under this Subcontract exceeds any limitation in this Subcontract, the Subcontractor/Supplier shall repay to SRNS the excess. Unless otherwise determined by SRNS, such excess shall be credited as a reduction in the unliquidated performance-based payment balance(s), after adjustment of invoice payments and balances for any retroactive price adjustments.

E. Reduction or suspension of performance-based payments.

SRNS may reduce or suspend performance-based payments, liquidate performance-based payments by deduction from any payment under the Subcontract, or take a combination of these actions after finding upon substantial evidence any of the following conditions:

- (1) The Subcontractor/Supplier failed to comply with any material requirement of this Subcontract (which includes paragraphs (H) and (I) of this clause).
- (2) Performance of this contract is endangered by the Subcontractor's/Supplier's—
 - (i) Failure to make progress; or
 - (ii) Unsatisfactory financial condition.
- (3) The Subcontractor/Supplier is delinquent in payment of any Subtier Subcontractor/Supplier or Subcontractor/Supplier under this Subcontract in the ordinary course of business.

F. Title.

- (1) Title to the property described in this paragraph (F) shall vest in the Government. Vestiture shall be immediately upon the date of the first performance-based payment under this Subcontract, for property acquired or

produced before that date. Otherwise, vestiture shall occur when the property is or should have been allocable or properly chargeable to this Subcontract.

- (2) "Property," as used in this clause, includes all of the following described items acquired or produced by the Subcontractor/Supplier that are or should be allocable or properly chargeable to this Subcontract under sound and generally accepted accounting principles and practices:
 - (i) Parts, materials, inventories, and work in process;
 - (ii) Special tooling and special test equipment to which the Government is to acquire title under any other clause of this Subcontract;
 - (iii) Nondurable (i.e., noncapital) tools, jigs, dies, fixtures, molds, patterns, taps, gauges, test equipment and other similar manufacturing aids, title to which would not be obtained as special tooling under paragraph (F)(2)(ii) of this clause; and
 - (iv) Drawings and technical data, to the extent the Subcontractor/Supplier or Subcontractors/Suppliers are required to deliver them to SRNS by other articles of this Subcontract.
- (3) Although title to property is in the Government under this article, other applicable articles of this Subcontract (e.g., the termination or special tooling articles) shall determine the handling and disposition of the property.
- (4) The Subcontractor/Supplier may sell any scrap resulting from production under this Subcontract, without requesting SRNS's approval, provided that any significant reduction in the value of the property to which the Government has title under this clause is reported in writing to SRNS.
- (5) In order to acquire for its own use or dispose of property to which title is vested in the Government under this clause, the Subcontractor/Supplier must obtain SRNS's advance approval of the action and the terms. If approved, the basis for payment (the events or performance criteria) to which the property is related shall be determined not to be in compliance with the terms of the Subcontract and not payable (if the property is part of or needed for performance), and the Subcontractor/Supplier shall refund the related performance-based payments in accordance with paragraph (D) of this clause.

- (6) When the Subcontractor/Supplier completes all of the obligations under this Subcontract, including liquidation of all performance-based payments, title shall vest in the Subcontractor/Supplier for all property (or the proceeds thereof) not—
- (i) Delivered to, and accepted by, SRNS under this Subcontract; or
 - (ii) Incorporated in supplies delivered to, and accepted by, SRNS under this Subcontract and to which title is vested in the Government under this article.
- (7) The terms of this Subcontract concerning liability for Government-furnished property shall not apply to property to which the Government acquired title solely under this article.
- G. Risk of loss.
Before delivery to and acceptance by SRNS, the Subcontractor/Supplier shall bear the risk of loss for property, the title to which vests in the Government under this article, except to the extent SRNS expressly assumes the risk. If any property is damaged, lost, stolen, or destroyed, the basis of payment (the events or performance criteria) to which the property is related shall be determined to be not in compliance with the terms of the Subcontract and not payable (if the property is part of or needed for performance), and the Subcontractor/Supplier shall refund the related performance-based payments in accordance with paragraph (D) of this article.
- H. Records and controls.
The Subcontractor/Supplier shall maintain records and controls adequate for administration of this article. The Subcontractor/Supplier shall have no entitlement to performance-based payments during any time the Subcontractor's/Supplier's records or controls are determined by SRNS to be inadequate for administration of this article.
- I. Reports and SRNS access.
The Subcontractor/Supplier shall promptly furnish reports, certificates, financial statements, and other pertinent information requested by SRNS for the administration of this article and to determine that an event or other criterion prompting a financing payment has been successfully accomplished. The Subcontractor/Supplier shall give SRNS reasonable opportunity to examine and verify the Subcontractor's/Supplier's records and to examine and verify the Subcontractor's/Supplier's performance of this Subcontract for administration of this article.
- J. Special terms regarding default.
If this Subcontract is terminated under the Default article,
- (1) the Subcontractor/Supplier shall, on demand, repay to SRNS the amount of unliquidated performance-based payments, and
 - (2) title shall vest in the Subcontractor/Supplier, on full liquidation of all performance-based payments, for all property for which SRNS elects not to require delivery under the Default article of this Subcontract. SRNS shall be liable for no payment except as provided by the Default article.
- K. Reservation of rights.
- (1) No payment or vesting of title under this clause shall—
 - (i) Excuse the Subcontractor/Supplier from performance of obligations under this Subcontract; or
 - (ii) Constitute a waiver of any of the rights or remedies of the parties under the Subcontract.
 - (2) SRNS's rights and remedies under this article—
 - (i) Shall not be exclusive, but rather shall be in addition to any other rights and remedies provided by law or this Subcontract; and
 - (ii) Shall not be affected by delayed, partial, or omitted exercise of any right, remedy, power, or privilege, nor shall such exercise or any single exercise preclude or impair any further exercise under this article or the exercise of any other right, power, or privilege of SRNS.
- L. Content of Subcontractor's/Supplier's request for performance-based payment.
The Subcontractor's/Supplier's request for performance-based payment shall contain the following:
- (1) The name and address of the Subcontractor/Supplier;
 - (2) The date of the request for performance-based payment;
 - (3) The Subcontract number and/or other identifier of the Subcontractor/Supplier Order under which the request is made;
 - (4) Such information and documentation as is required by the Subcontract's description of the basis for payment; and
 - (5) A certification by a Subcontractor/Supplier official authorized to bind the Subcontractor/Supplier, as specified in paragraph (M) of this clause.
- M. Content of Subcontractor's/Supplier's certification.
As required in paragraph (L) (5) of this article, the Subcontractor/Supplier shall make the following

certification in each request for performance-based payment:

I certify to the best of my knowledge and belief that—

- (1) This request for performance-based payment is true and correct; this request (and attachments) has been prepared from the books and records of the Subcontractor/Supplier, in accordance with the Subcontract and the instructions of SRNS;
- (2) (Except as reported in writing on _____), all payments to Subtier Subcontractors/Suppliers under this Subcontract have been paid, or will be paid, currently, when due in the ordinary course of business;
- (3) There are no encumbrances (except as reported in writing on _____) against the property acquired or produced for, and allocated or properly chargeable to, the Subcontract which would affect or impair the Government's title;
- (4) There has been no materially adverse change in the financial condition of the Subcontractor/Supplier since the submission by the Subcontractor/Supplier to SRNS of the most recent written electronic information dated; _____ and
- (5) After the making of this requested performance-based payment, the amount of all payments for each deliverable item for which performance-based payments have been requested will not exceed any limitation in the Subcontract, and the amount of all payments under the Subcontract will not exceed any limitation in the Subcontract.

(i) The Subcontractor/Supplier shall provide written notice to the cognizant contract administration office immediately after notification by the PR that duty-free entry will be accorded foreign supplies or, for duty-free supplies identified in the Subcontract, upon award by the

Subcontractor/Supplier to the overseas supplier.
The notice shall identify the:

- (1) Foreign supplies;
 - (2) Country of origin;

DEAR 970.5232-3

(Paragraphs (a) through (h) only)

NOTE: Applicable to all subcontracts (including fixed-price or unit-price subcontracts or purchase orders) of any tier entered into hereunder where, under the terms of the subcontract, costs incurred are a factor in determining the amount payable to the subcontractor.

G.52 SECURITY REQUIREMENTS (JUN 2009)

DEAR 952.204-2

NOTE: Applicable if under the terms of this Order, CONSULTANT will be required to possess access authorizations (L or Q Security Clearance). As prescribed in 904.404(d) (1), the following clause shall be included in Subcontracts entered into under section 31 (research assistance, 42 U.S.C. 2051), or section 41 (ownership and operation of production facilities, 42 U.S.C. 2061) of the Atomic Energy Act of 1954, and in other Subcontracts which involve or are likely to involve classified information or special nuclear material.

A. **Responsibility.** It is the Subcontractor's/Supplier's duty to protect all classified information, special nuclear material and other DOE property. The Subcontractor/Supplier shall, in accordance with DOE security regulations and requirements, be responsible for protecting all classified information and all classified matter (including documents, material and special nuclear material) which are in the Subcontractor's/Supplier's possession in connection with the performance of work under this Subcontract against sabotage, espionage, loss or theft. Except as otherwise expressly provided in this Subcontract, the Subcontractor/Supplier shall, upon completion or termination of this Subcontract, transmit to DOE any classified matter or special nuclear material in the possession of the Subcontractor/Supplier or any person under the Subcontractor's/Supplier's control in connection with performance of this Subcontract. If retention by the Subcontractor/Supplier of any classified

- matter is required after the completion or termination of the Subcontract, the Subcontractor/Supplier shall identify the items and classification levels and categories of matter proposed for retention, the reasons for the retention, and the proposed period of retention. If the retention is approved by the DOE Contracting Officer, the security provisions of the Subcontract shall continue to be applicable to the classified matter retained. Special nuclear material shall not be retained after the completion or termination of the Subcontract.
- B. **Regulations.** The Subcontractor/Supplier agrees to comply with all security regulations and Subcontract requirements of DOE in effect on the date of award.
- C. **Definition of Classified Information.** The term *Classified Information* means information that is classified as Restricted Data or Formerly Restricted Data under the Atomic Energy Act of 1954, or information determined to require protection against unauthorized disclosure under Executive Order 12958, *Classified National Security Information*, as amended, or prior executive Orders, which is identified as *National Security Information*.
- D. **Definition of Restricted Data.** The term *Restricted Data* means all data concerning design, manufacture, or utilization of atomic weapons, production of special nuclear material; or the use of special nuclear material in the production of energy, but excluding data declassified or removed from the Restricted Data category pursuant to 42 U.S.C. 2162 [Section 142, as amended, of the Atomic Energy Act of 1954].
- E. **Definition of Formerly Restricted Data.** The term *"Formerly Restricted Data"* means information removed from the Restricted Data category based on a joint determination by DOE or its predecessor agencies and the Department of Defense that the information: (1) relates primarily to the military utilization of atomic weapons; and (2) can be adequately protected as National Security Information. However, such information is subject to the same restrictions on transmission to other countries or regional defense organizations that apply to Restricted Data.
- F. **Definition of National Security Information.** The term "National Security Information" means information that has been determined, pursuant to Executive Order 12958, *Classified National Security Information*, as amended, or any predecessor Order, to require protection against unauthorized disclosure, and that is marked to indicate its classified status when in documentary form.
- G. **Definition of Special Nuclear Material.** The term "special nuclear material" means: (1) plutonium, uranium enriched in the isotope 233 or in the isotope 235, and any other material which, pursuant to 42 U.S.C. 2071 [section 51 as amended, of the Atomic Energy Act of 1954] has been determined to be special nuclear material, but does not include source material; or (2) any material artificially enriched by any of the foregoing, but does not include source material.
- H. **Access Authorizations of Personnel.**
- a. The Subcontractor/Supplier shall not permit any individual to have access to any classified information or special nuclear material, except in accordance with the Atomic Energy Act of 1954, and the DOE's regulations and Subcontract requirements applicable to the particular level and category of classified information or particular category of special nuclear material to which access is required.
 - b. The Subcontractor/Supplier must conduct a thorough review, as defined at 48 CFR 904.401, of an uncleared applicant or uncleared employee, and must test the individual for illegal drugs, (SRNS to provide this testing), prior to selecting the individual for a position requiring a DOE access authorization.
- I. **A review must:** Verify an uncleared applicant's or uncleared employee's educational background, including any high school diploma obtained within the past five years, and degrees or diplomas granted by an institution of higher learning; contact listed employers for the last three years and the three listed personal references; conduct local law enforcement checks when such checks are not prohibited by state or local law or regulation and when the uncleared applicant or uncleared employee resides in the jurisdiction where the Subcontractor/Supplier is located; and conduct a credit check and other checks as appropriate.
- a. Subcontractor/Supplier reviews are not required for an applicant for DOE access authorization who possesses a current access authorization from DOE or another Federal agency, or whose access authorization may be reapproved without a federal background investigation pursuant to Executive Order 12968, *Access to Classified Information* (August 4, 1995), Sections 3.3(c) and (d).
 - b. In collecting and using this information to

make a determination as to whether it is appropriate to select an uncleared applicant or uncleared employee to a position requiring an access authorization, the Subcontractor/Supplier must comply with all applicable laws, regulations, and Executive Orders, including those:

- (i) governing the processing and privacy of an individual's information, such as the Fair Credit Reporting Act, Americans with Disabilities Act (ADA), and Health Insurance Portability and Accountability Act; and
 - (ii) prohibiting discrimination in employment, such as under the ADA, Title VII and the Age Discrimination in Employment Act, including with respect to pre- and post-offer of employment disability related questioning.
- c. In addition to a review, each candidate for a DOE access authorization must be tested to demonstrate the absence of any illegal drug (SRNS to provide this testing), as defined in 10 CFR Part 707.4. All positions requiring access authorizations are determined to be *testing designated positions* in accordance with 10 CFR Part 707. All employees possessing access authorizations are subject to applicant, random or for cause testing for use of illegal drugs. DOE will not process candidates for a DOE access authorization unless their tests confirm the absence from their system of any illegal drug.
- d. When an uncleared applicant or uncleared employee receives an offer of employment for a position that requires a DOE access authorization, the Subcontractor/Supplier shall not place that individual in such a position prior to the individual's receipt of a DOE access authorization, unless an approval has been obtained from the head of the cognizant local security office. If the individual is hired and placed in the position prior to receiving an access authorization, the uncleared employee may not be afforded access to classified information or matter or special nuclear material (in categories requiring access authorization) until an access authorization has been granted.
- e. The Subcontractor/Supplier must furnish to the head of the cognizant local DOE Security Office, in writing, electronically, the

following information concerning each uncleared applicant or uncleared employee who is selected for a position requiring an access authorization:

- (i) The date(s) each Review was conducted;
- (ii) Each entity that provided information concerning the individual;
- (iii) A certification that the review was conducted in accordance with all applicable laws, regulations, and Executive Orders, including those governing the processing and privacy of an individual's information collected during the review;
- (iv) A certification that all information collected during the review was reviewed and evaluated in accordance with the Subcontractor's/Supplier's personnel policies; and the results of the test for illegal drugs (SRNS to provide this testing).
- (v) The results of the test for illegal drugs (SRNS to provide this testing)

1. **Criminal Liability.**

It is understood that disclosure of any classified information relating to the work or services ordered hereunder to any person not entitled to receive it, or failure to protect any classified information, special nuclear material, or other Government property that may come to the Subcontractor/Supplier or any person under the Subcontractor's/Supplier's control in connection with work under this Subcontract, may subject the Subcontractor/Supplier, its agents, employees, or Subcontractors/Suppliers to criminal liability under the laws of the United States (see the Atomic Energy Act of 1954, 42 U.S.C. 2011 et seq.; 18 U.S.C. 793 and 794).

J. Foreign Ownership, Control, or Influence

The Subcontractor/Supplier shall immediately provide the cognizant security office written electronic notice of any change in the extent and nature of foreign ownership, control or influence over the Subcontractor/Supplier which would affect any answer to the questions presented in the Standard Form (SF) 328, *Certificate Pertaining to Foreign Interests*, executed prior to award of this Subcontract. In addition, any notice of changes in ownership or control which are

required to be reported to the Securities and Exchange Commission, the Federal Trade Commission, or the Department of Justice, shall also be furnished concurrently to the Contracting Officer

K. If a Subcontractor/Supplier has changes involving foreign ownership, control, or influence, DOE must determine whether the changes will pose an undue risk to the common defense and security. In making this determination, DOE will consider proposals made by the Subcontractor/Supplier to avoid or mitigate foreign influences.

L. If the cognizant security office at any time determines that the Subcontractor/Supplier is, or is potentially, subject to foreign ownership, control, or influence, the Subcontractor/Supplier shall comply with such instructions as the DOE Contracting Officer shall provide in writing, electronically, to protect any classified information or special nuclear material.

M. The DOE Contracting Officer may terminate this Subcontract for default either if the Subcontractor/Supplier fails to meet obligations imposed by this clause or if the Subcontractor/Supplier creates a foreign ownership, control, or influence situation in order to avoid performance or a termination for default. The DOE Contracting Officer may terminate this Subcontract for convenience if the Subcontractor/Supplier becomes subject to foreign ownership, control, or influence and for reasons other than avoidance of performance of the Subcontract, cannot, or chooses not to, avoid or mitigate the foreign ownership, control, or influence problem.

N. Employment announcements
When placing announcements seeking applicants for positions requiring access authorizations, the Subcontractor/Supplier shall include in the written electronic vacancy announcement, a notification to prospective applicants that reviews, and tests for the absence of any illegal drug as defined in 10 CFR 707.4, will be conducted by the employer and a background investigation by the Federal government may be required to obtain an access authorization prior to employment, and that subsequent reinvestigations may be required.
