Subcontractors/Suppliers or Subcontractors/Suppliers for damages in tort (including negligence), or contract except as specifically provided in this Subcontract.

No provision of this Order and no action taken by SRNS under this Order shall be construed to make or constitute SRNS the employer or joint employer of any of the employees of Subcontractor/Supplier or any Subcontractor/Supplier.

A.4 ADMINISTRATION AND ASSIGNMENT
SRNS shall make payments under this Subcontract from funds advanced by the Government and agreed to be advanced by DOE, and not from its own assets. This Subcontract may be assigned by SRNS to DOE or its designee, and in case of such transfer and notice thereof to the Subcontractor/Supplier, SRNS shall have no further responsibilities hereunder. The Subcontractor/Supplier shall not assign rights or obligations to third parties without the prior written electronic consent of SRNS. However, the Subcontractor/Supplier may assign rights to be paid amounts due or to become due to a financing institution if SRNS is promptly furnished written electronic notice and a signed copy of such assignment.    (i) Accept payment by check or some other mutually agreeable method of payment; or
   (ii) Request SRNS to extend payment due dates until such time as SRNS makes payment by EFT.

B. Mandatory Submission of Subcontractor’s/Supplier’s EFT Information.

In the event that the EFT information changes, Subcontractor/Supplier shall be responsible for providing the updated information to the designated office.

C. Mechanisms for EFT Payment.
SRNS may make payment by EFT through either the Automated Clearing House (ACH) network, subject to the rules of the National Automated Clearing House Association, or the Fedwire Transfer System.

D. Suspension of Payment.
(1) SRNS is not required to make any payment under this Subcontract until after receipt, by the designated office, of the correct EFT payment information from Subcontractor/Supplier. Until receipt of the correct EFT information, any invoice or subcontract financing request shall be determined not to be a proper invoice for the purpose of payment under this Subcontract.
(2) If the EFT information changes after submission of correct EFT information, SRNS shall begin using the changed EFT information no later than 30 days after its receipt by the designated office. However, Subcontractor/Supplier may request that no further payments be made until the updated EFT information is implemented by the payment office.

E. Payment Information.
On the day payment on Subcontractor’s/Supplier’s invoice is due, SRNS will issue instructions to its bank to transfer payment to Subcontractor/Supplier, and will also send a FAX to Subcontractor/Supplier explaining the details to support the payment. Subcontractor/Supplier shall include electronically all invoices directly to Accounts Payable via the SRNS-ACCOUNTPAY@srsgov email account. Subcontractor/Supplier shall include banking information on each invoice submitted to facilitate proper EFT. The Subcontractor/Supplier shall include on the invoice the Subcontractor/Supplier name; invoice date; subcontract/purchase order number; vendor invoice number, account number, and/or any other identifying number agreed to by subcontract; description (including, for example, subcontract line/subline number), unit price and quantity of goods and services rendered per specific line item and line item sub-total cost; subcontract name (where practicable), title and telephone number; other substantiating documentation or information required by the subcontract. If there are invoice discrepancies, SRNS will relay to the subcontractor/supplier the deficiencies in their invoice within ten (10) days of receipt of the invoice. The invoice will not be acted upon. Receipt of a corrected invoice will re-initiate the aging of the invoice for payment purposes.

F. Liability for Uncompleted or Erroneous Transfers.
(1) If an uncompleted or erroneous transfer occurs because SRNS used the Subcontractor’s/Supplier’s EFT information incorrectly, SRNS remains responsible for -
   (i) Making a correct payment; and
   (ii) Recovering any erroneously directed funds.
(2) If an uncompleted or erroneous transfer occurs because Subcontractor’s/Supplier’s EFT information was incorrect, or was revised within 30 days of SRNS release of the EFT payment transaction instructions to the bank, and;
(i) If the funds are no longer under the control of the payment office, SRNS is deemed to have made payment and the Subcontractor/Supplier is responsible for recovery of any erroneously directed funds; or

In the event of termination for cause, SRNS shall not be liable to the Subcontractor/Supplier for any amount for supplies or services not accepted, and the Subcontractor/Supplier shall be liable to SRNS for any and all rights and remedies provided by law. If it is determined that SRNS improperly terminated this subcontract for default, such termination shall be determined to be a termination for convenience.

SRNS will either issue a Change Order or deny the request in writing.

E. If any change under this clause directly or indirectly causes an increase or decrease in cost of, or the time required for, the performance of any part of the Work under this Subcontract, and Subcontractor/Supplier timely requests an equitable adjustment, an equitable adjustment shall be made, and the Subcontract modified accordingly. However, Subcontractor/Supplier shall not be entitled to and neither SRNS nor the Government shall be liable to Subcontractor/Supplier or its lower-tier Subcontractors/Suppliers for increased costs in connection with any changes or delays in the Work for claims arising in tort (including negligence), or in contract except as specifically provided in this Subcontract.

H. Any delay by Subcontractor/Supplier in giving notice or presenting a proposal for adjustment under this clause shall be grounds for rejection of the claim if and to the extent SRNS or the Government are prejudiced by such delay. In no case shall a claim by Subcontractor/Supplier be considered if asserted after final payment under this Subcontract.

I. Failure by SRNS and Subcontractor/Supplier to agree on any adjustment shall be a dispute within the meaning of the term and condition titled "DISPUTES." However, Subcontractor/Supplier shall proceed diligently with performance of the work as changed pending final resolution of any request for relief, dispute, claim appeal, or action arising under the Subcontract and comply with any decision of SRNS.

C. Upon receipt of notice to resume suspended Work, Subcontractor/Supplier shall immediately resume performance under this Subcontract to the extent required in the notice.

D. If the Subcontractor/Supplier intends to assert a claim for equitable adjustment under this clause, it must, within ten (10) calendar days after receipt of notice to resume Work, submit to SRNS a written electronic statement setting forth the schedule impact and monetary extent of such claim in sufficient detail to permit thorough analysis. A.18 PRICING OF ADJUSTMENTS

When costs are a factor in any determination of a Subcontract adjustment pursuant to the Term and Condition titled "CHANGES", or any other provision of this Subcontract, such costs, upward or downward, shall be submitted by Subcontractor/Supplier in the form of a lump sum proposal on SRNS’S forms “Change Order Proposal Summary” and “Proposal Detail Worksheet”.

8
The proposal shall include an itemized breakdown of all increases or decreases in at least the following detail:

A. **Direct Labor.** Charges for labor furnished and used by Subcontractor/Supplier shall be allowable for all manual classifications up to and including foremen. Charges shall not be included for superintendents, assistant superintendents, general foreman, surveyors, office personnel, timekeepers, and maintenance mechanics; these costs are recovered in the overhead and profit rates established by this clause. Labor rates used to calculate the costs shall be those rates in effect during accomplishment of the changes.

Direct labor costs shall include, in addition to direct payroll costs, payroll taxes, insurance, vacation allowance, subsistence, travel time, overtime premium and any other payroll additives required to be paid by Subcontractor/Supplier by law or labor agreement(s),

B. **Equipment.** Charges shall be allowable for the rental and operation of all equipment furnished and used by Subcontractor/Supplier, except for equipment or tools with a new cost at point of origin of Five Hundred Dollars or less each, which are determined to be covered in the overhead and profit rates established by this clause.

For Subcontractor/Supplier-owned equipment, reasonable equipment charges shall be allowed in accordance with the following:

1. Rental rates as agreed upon in the Subcontract; or
2. Rental rates not greater than seventy percent (70%) of Data Quest Blue Book daily rental rates applicable for the period of performance of the change; and
3. Appropriately discounted to stand-by rates for idle time reasonably required.

When the operated use of equipment is infrequent and, as determined by SRNS, such equipment need not remain at the work site continuously, charges shall be limited to actual hours of use. Equipment not operating but retained at the location of changes at SRNS’S direction shall be charged at the standby rate.

For Rental Equipment not owned by Subcontractor/Supplier, charges will be computed based on actual invoice cost.

For the cost of both rented and owned to be allowable, Subcontractor/Supplier must justify and SRNS agree that the individual pieces of equipment are needed, are appropriate for the work, and that the mobilization costs are allocable to the change.

C. **Materials.** Approved incurred costs for material incorporated into the changed Work or required for temporary construction facilities made necessary by the change shall be allowable at net cost delivered to the job site.

D. **Overhead, Profit and All Other Costs.** Overhead, profit and markup percentages included in the proposal, shall include, but not be limited to, insurance, use of small tools, incidental job burdens, and general home and field office expense. No percentages for overhead, profit or lower-tier markup will be allowed on employment taxes under FICA and FUTA.

The maximum percentage for the overhead, profit and markup shall not exceed those shown below.

For work subcontracted to a lower-tier by Subcontractor/Supplier, the proposal submitted to SRNS shall only include one overhead percentage and one profit percentage in addition to Subcontractors/Suppliers markup. No more than these three percentages will be allowed regardless of the number of tiers of Subcontractors/Suppliers. The lower-tier's percentage of overhead and profit shall not exceed those shown below.

Allowable percentages on changes for direct hire work will not exceed the following: 10 percent overhead and 10 percent profit on the first $20,000; 7.5 percent overhead and 7.5 percent profit on the next $30,000; and 6.75 percent overhead and 6.75 percent profit on balance over $50,000. Profit shall be computed by multiplying the profit percentage by the sum of the direct costs and computed overhead costs.

The prime Subcontractor’s/Supplier’s fee on work performed by **Lower-tier Subcontractors/Suppliers** will be based on the net increased cost to the prime Subcontractor/Supplier as applicable. Allowable
fee on changes will not exceed the following: 8 percent fee on the first $20,000; 5.5 percent fee on the next $30,000; and 2 percent fee on balance over $50,000.

A.19 SUBCONTRACTING
A. Subcontractor/Supplier shall not subcontract all or substantially all of the Work without the prior written electronic approval of SRNS. This provision shall not apply to purchases of standard commercial articles or raw materials on which Subcontractor/Supplier shall perform further work.

B. When the use of a Subtier Subcontractor/Supplier is determined to be necessary, the Prime Subcontractor/Supplier is responsible to flow down those Technical and Quality requirements determined to be applicable for the activities within its defined scope of work, in accordance with referenced Codes/Standards/Material Specifications, or other requirements identified within the Procurement documents included with this Order/Subcontract package. The Prime Subcontractor/Supplier is furthermore responsible to flow down all commercial Terms and Conditions, including articles incorporated by reference, to all Subtier Subcontractors/Suppliers, which includes verification that the Subtier Subcontractor/Supplier has been appropriately qualified to perform the activities required to satisfy this procurement. The Prime Subcontractor/Supplier must maintain objective evidence of the successful flow down of the referenced requirements and provide such evidence to SRNS upon request. This flow down is also required at all levels if the Subtier Subcontractor/Supplier to the Prime Subcontractor/Supplier deems it necessary to subcontract further its parts of this SRNS contract.

C. When NQA-1 is invoked as the governing quality standard, the Prime Subcontractor/Supplier and applicable Subtier Subcontractors/Suppliers shall be required to meet the Part 1 Requirements (Sections 100 through 900, as determined to be applicable) in the Procurement document. NQA-1 Part II will be invoked at the discretion of SRNS and will be detailed via the Procurement documents, and if invoked, must be flowed down from the Prime Subcontractor/Supplier to its applicable Subtier Subcontractors/Suppliers at all levels.

If the Prime Subcontractor/Supplier or its Subtier Subcontractors/Suppliers intends to upgrade materials by way of a Commercial Grade Dedication Process, SRNS must be notified of this intent and the Subcontractor’s/Supplier’s process verified and approved prior to dedicating any material associated with an SRNS procurement.

C. Where SRNS, or the Government has made investigations of subsurface conditions in areas where Work is to be performed under this Subcontract, such investigations are made by SRNS and the Government for the purpose of study and design. If the records of such investigations are included in the Subcontract Documents, the interpretation of such records shall be the sole responsibility of Subcontractor/Supplier. If within a reasonable period as determined by SRNS, Subcontractor/Supplier does not improve performance to meet the currently approved Subcontract Schedule, failure of Subcontractor/Supplier to comply with SRNS’s instructions may be grounds for determination by SRNS that Subcontractor/Supplier is not prosecuting the Work with such diligence as will assure completion within the times specified. Delays attributable to and within the control of Subcontractor’s/Supplier’s or Subcontractors/Suppliers of any tier shall be determined to be delays within the control of Subcontractor/Supplier. Radiological survey time to release personnel, materials, equipment, or facilities from known radiological areas shall not be considered excusable delays. Within seven (7) calendar days after the termination of any excusable delay, Subcontractor/Supplier shall file a written electronic notice with SRNS specifying the actual duration of the delay. Failure to give any of the above notices shall be sufficient ground for denial of an extension of time. If SRNS determines that the delay was unforeseeable, beyond the control and without the fault or negligence of Subcontractor/Supplier, SRNS will determine the duration of the delay and will extend the time of performance of this Subcontract.

A.30 SUBCONTRACTOR’S/SUPPLIER’S WORK AREA
All Subcontractor/Supplier Work areas on the Jobsite will be assigned by SRNS. Subcontractor/Supplier

Subcontractor/Supplier shall, at the time any equipment is moved onto the Jobsite, present to SRNS an itemized list of all equipment, including but not limited to cranes, pumps and compressors. Said list must include description and quantity, and serial number where applicable. Prior to removal of any or all equipment, Subcontractor/Supplier shall clear such removal through SRNS.

Any Subcontractor/Supplier or rental equipment involved in an on-site accident shall not be removed from the site until all information required for the accident investigation is obtained and approval for release is received from SRNS.

A.33 COOPERATION WITH OTHERS

SRNS, the Government, other contractors and other Subcontractors/Suppliers may be working at the Jobsite during the performance of this Subcontract and Subcontractor/Supplier Work or use of certain facilities may be interfered with as a result of such concurrent activities. SRNS reserves the right to require Subcontractor/Supplier to schedule the order of performance of the Work in such a manner as will minimize interference with Work of any of the parties involved. Subcontractor/Supplier shall fully cooperate with other Subcontractors/Suppliers and with SRNS, or the Government. Subcontractor/Supplier shall not commit any act that will interfere with the performance of work by any other Subcontractor/Supplier or by SRNS, or the Government.

Should Subcontractor/Supplier incur any additional costs or sustain any damages through any act or omission of another Subcontractor/Supplier, Subcontractor/Supplier shall have no claim or cause of action against SRNS, SRNS or the Government for such additional costs or damages and hereby waives any such claim. The phrase "act or omission" as used herein includes but is not limited to delays, interferences, hindrances, or disruptions on the part of another Subcontractor/Supplier.

Nothing in the foregoing shall be construed to require Subcontractor/Supplier to indemnify and save harmless the Government and SRNS from any liability arising out of or resulting from a nuclear incident. To the extent necessary to execute the foregoing indemnification and as permitted by law, Subcontractor/Supplier specifically waives any and all immunity provided by any industrial insurance or Workers/Workmen's Compensation Act or statute.

A.37 WORKPLACE SUBSTANCE ABUSE PROGRAMS

A. Fitness for Duty

(1) Subcontractor/Supplier and its Subtier Subcontractors/Suppliers are required to comply with this Workplace Substance Abuse Program article, which addresses the Subcontractor/Supplier portion of SRNS “Workplace Substance Abuse Program Plan.” The Subcontractor/Supplier shall advise employees and Subtier Subcontractors/Suppliers that it is the policy of SRNS to prohibit the use, possession, sale and distribution of alcohol, drugs or other controlled substance within the limits of the Savannah River Site (SRS), and/or any SRS off-site facilities, and to prohibit the presence of individuals who have such substances in the body for non-medical reasons.
In order to ensure that SRNS work sites are free of illegal drugs and alcohol, all personnel and Subcontractor/Supplier employees shall be tested in accordance with the requirements of DEAR 970.5223-4 and 10 CFR 707, “Workplace Substance Abuse Program at DOE Sites”. Testing includes initial “Pre-Access” testing and “Random” testing for the presence of illegal drugs and alcohol. Any Subcontractor/Supplier employee who is found in violation of the policy may be removed or barred from the site.

(2) The Subcontractor/Supplier agrees to advise its employees and Subtier Subcontractors/Suppliers of the above policy prior to assignment to the Site and to maintain documentation that such advice has been given.

B. Substance Testing
(1) SRNS will collect oral swab specimens or urine specimens when Subcontractor/Supplier employees are processed for badging. The specimen collection will be performed at SRS or one of the third party collection facilities contracted by SRNS to perform collections. SRNS will send these specimens to a certified laboratory for testing and verification. The testing process may take up to five (5) days to obtain results. In the event of "positive" findings, the Subcontractor/Supplier will be notified and shall arrange for an "Exit Conference". The Subcontractor/Supplier then agrees to promptly remove such individual from the Savannah River Site (SRS) and return the badge to the SRNS Badge Office.

(2) A Breath Alcohol Test will be given during the initial badging process and the results will be available immediately. The Breath Alcohol Test will be performed at SRS or one of the third party testing facilities contracted by SRNS to perform Breath Alcohol Tests. In the event of "positive" findings, the Subcontractor/Supplier will be notified and shall arrange for an "Exit Conference". The Subcontractor/Supplier then agrees to promptly remove such individual from the Savannah River Site (SRS) and return the badge to the SRNS Badge Office.

(3) The Subcontractor/Supplier agrees to advise its employees and Subtier Subcontractors/Suppliers that it is the policy of SRNS that: (1) the manufacture, dispensation or sale, offer for sale, purchase, use, transfer, or possession of alcohol and illegal drugs on SRS or US Department of Energy (Owner) premises is prohibited; (2) employees, while on the SRS premises, are prohibited from being under the influence of alcohol (“Under the Influence” means the employee is affected by alcohol in any detectable manner) or impaired by drugs; (3) entry onto the SRS premises constitutes consent to an inspection of the employee and his or her vehicle as well as their personal effects while entering, on, or leaving premises; (4) any employee who is found in violation of this policy or who refuses to permit an inspection may be removed or barred from the SRS premises at the discretion of SRNS. As used herein, “SRS premises” means the property, leased or otherwise, including owned project site locations in which SRNS business is being conducted, and owned or rented vehicles and/or equipment is being operated.

The Subcontractor/Supplier agrees to secure the written consent of employees to release results of substance abuse tests (breath alcohol and urine) to the designated SRNS representative.

In the event of "positive" findings, the Subcontractor/Supplier will be notified and shall arrange for an "Exit Conference". The Subcontractor/Supplier then agrees to promptly remove such individual from the Savannah River Site (SRS) and return the badge to the SRNS Badge Office. Any positive finding will result in denial of site access for 12 months for the Subcontract/Supplier employee. In the event of a refusal, the Subcontractor’s employee may be terminated for cause and the individual will be refused access to the site.

Occurrence testing additionally requires the following:

If an injury /illness is the result of an occupational incident that requires recordable medical treatment, as defined by OSHA, then drug and alcohol testing is required. In addition, if an occupational incident involves damage to government vehicle or property or Subcontractor equipment then drug and alcohol testing is required. SRNS will require the Subcontractor/Supplier to have their employees drug and alcohol tested on the day of the injury, illness or incident.
(5) Subcontractor’s/Supplier’s employees who are required to obtain a security clearance may be required to successfully pass an additional alcohol and drug screening as required in the Security Requirements article of this order.

are encouraged to contact a local OIG representative to
determine whether reporting is necessary.
Individuals who contact the OIG are not required to
reveal their identity to the OIG. However, persons
who report allegations are encouraged to identify
themselves in the event additional questions arise as
the OIG evaluates or pursues their allegations.
Confidentiality for DOE Federal employees is
established by the Inspector General Act of 1978,
section 7(b), which prevents the OIG from disclosing
the identity of a DOE Federal employee who reports
an allegation or provides information, without the
individual’s consent, unless the OIG determines that
disclosure is unavoidable during the course of the
investigation. Because of their unique role within
DOE, the OIG also applies this provision to DOE
facility management contractor employees. All others
who report allegations are not automatically entitled to
confidentiality. Such individuals may request
confidentiality, which will be evaluated on a case-by-
case basis.
Individuals who contact the OIG are encouraged to
provide relevant and specific details of the issue,
including the identity of the person, company, or
organization alleged to have engaged in wrongdoing;
a description of the alleged impropriety; the DOE
facility and program affected by the alleged
misconduct; Contract/Subcontract numbers; date(s) of
alleged wrongdoing; how the complainant is aware of
the alleged impropriety; the identity of potential
witnesses; and the identity and location of supporting
documentation.
a. The following issues are exempt from reporting to
the OIG:
(1) Threats of actual or imminent bodily injury or
death (such as assault, arson, etc.). However, threats
of actual or imminent bodily injury or death must be
reported immediately to SRNS, site security, and
Federal, State, or local law enforcement authorities in
accordance with DOE or local site guidance.
(2) Information about espionage. Information
regarding espionage, including approaches made by
representatives of other Governments for
the commission of espionage or the collection of
information, must be reported to the Department’s
Deputy Director of Counterintelligence and SRNS
Counterintelligence.
b. The following issues may be reported to the OIG,
but are routinely referred to other appropriate
authorities:
(1) Regulatory violations already submitted to or
discovered by the Office of Enterprise Assessments;
(2) Professional disagreements of opinion;
(3) Non-compliance with internal office policies and
procedures; policy disagreements;
(4) Security infractions;
(5) Employee grievances and disputes among
employees;
(6) Prohibited personnel practices;
(7) Employee performance concerns, and minor
conduct issues such as tardiness and other minor
leave issues, insubordinate behavior and failure to
follow instructions, and discourteous and
unprofessional behavior;
(8) Failure to pay legitimate debts;
(9) Equal employment opportunity complaints
(including sexual harassment complaints);
(10) Classification appeals (related to both
documents and personnel positions);
(11) Theft of personal property; and
(12) Off-duty conduct that does not involve DOE
funds, programs, operations, facilities, subcontracts,
or information technology systems.
2. SPECIFIC CONTRACTOR REQUIREMENTS.
a. In accordance with Federal Acquisition Regulation
(FAR) clause 52.203-13, the
Contractor/Subcontractor/Supplier shall timely
disclose, in writing, to the OIG whenever, in
connection with the award, performance, or closeout
of a DOE contract or any subcontract thereunder, the
Contractor/Subcontractor/Supplier has credible
evidence that a principal, employee, agent, or subtier
supplier/supplier of the
Contractor/Subcontractor/Supplier has committed:
(1) A violation of Federal criminal law involving
fraud, conflict of interest, bribery, or gratuity
violations found in Title 18 of the U.S. Code; or
(2) A violation of the civil False Claims Act, found in
Title 31 of the U.S. Code.
b. Notify Subcontractor’s/Supplier’s and its Subtier
Subcontractors/Subsuppliers’ employees annually of
their duty to report actual or suspected violations of
law, rule, or regulation outlined above.
c. Prominently display DOE OIG hotline posters
within business segments performing work under a
DOE Subcontract and at DOE work sites.
d. Subcontractor/Supplier and its Subtier
Subcontractors/Subsuppliers’ personnel with
appropriate authority may gather additional
information prior to reporting the matter to the OIG,
provided:
(1) relevant information and documents are not
altered, destroyed or hidden, and
(2) personnel are not influenced in their recollection
of events or discouraged or prohibited from
contacting, or cooperating with, the OIG.
e. With the exceptions of traffic violations and thefts
of personal property, ensure that criminal allegations
or offenses involving DOE funds, programs,
operations, facilities, subcontracts, or information
technology systems that are reported to an outside
law enforcement agency such as the FBI or state/local police are reported to the OIG within 3 business days of making or becoming aware of such a report to ensure timely and appropriate coordination among law enforcement agencies with DOE jurisdiction.

f. Ensure that no nondisclosure policy, directive, form, or agreement is implemented or enforced that restricts Subcontractor’s/Supplier’s and its Subtier Subcontractors’/Suppliers’ employees from reporting information about actual or suspected violations of law, statute, or regulation involving fraud, waste, abuse, misuse, corruption, criminal acts, or mismanagement to the OIG.

g. Ensure that no Subcontractor/Supplier and its Subtier Subcontractor/Supplier employee with authority takes or threatens to take any action against any Subcontractor/Supplier and its Subtier Subcontractor/Supplier employee as a reprisal for making a whistleblower complaint or disclosing information in support of a whistleblower complaint to a supervisor, management official, the OIG, or other appropriate authority.

h. Report to the OIG any credible evidence, including a credible statement from the alleged victim, that reprisal action is being or has been taken, or is threatened to be taken, against a Subcontractor/Supplier and its Subtier Subcontractor/Supplier employee for making a complaint or disclosing information to a supervisor, management official, the OIG, or other appropriate authority.

A.46 CONTRACTOR REQUIREMENTS

A.47 DOE O 486.1A, FOREIGN GOVERNMENT SPONSORED OR AFFILIATED ACTIVITIES

Note: This article applies to Research & Development or Demonstration subcontracts, at any tier, to the extent necessary to ensure the subcontractor’s/Supplier’s or subtier subcontractors’ compliance with the requirements, where the subcontractor’s/Supplier’s or subtier subcontractors’ work within the scope of the Subcontract is performed on or at a Department of Energy of Energy (DOE)/National Nuclear Security Administration (NNSA) site/facility, including DOE/NNSA/contractor leased space.

Regardless of the performer of the work, the subcontractor/Supplier is responsible for complying with the requirements of this article. The definitions found in Attachment 2 to DOE O 486.1A, referenced in and made a part of this article, provide information applicable to subcontracts in which this article is inserted. The Subcontractor/Supplier is responsible for flowing down the requirements of this DOE Order and article to subtier subcontractors, at any tier, to the extent necessary to ensure compliance.

Subcontractor personnel participation in any Foreign Government-Sponsored Talent Recruitment Program of a Foreign Country of Risk is prohibited.

Subcontractor Employee participation in any Other Foreign Government Sponsored or Affiliated Activity is restricted.

1. The Subcontractor shall be required to complete a PF-249 Certification form prior to execution of a subcontract, including any subsequent modifications; and on a recurring annual basis.

4. Upon notification to SRNS of potential activity the Subcontractor recognizes it may be required to stop performance of work under the subcontract during the investigatory period until a final determination is made and/or approval is
granted by DOE, including a decision on any exemption request. The Subcontractor specifically acknowledges that in the event it is required to delay performance of work as a result of compliance with this clause this may qualify as grounds for termination for cause in accordance with this agreement.

(This article applies to Advisory and Assistance services, and all other service and material subcontracts. Exceptions to this requirement are Strategic Agreement auto-sourced purchase orders and purchase orders placed through Vinimaya; however, Organizational Conflicts of Interest (OCI) determinations must be addressed for Strategic Agreements and at the Basic Ordering Agreement (BOA) and Task Order Authorization (TOA) level for services. Pcard orders and purchase orders equal to or less than the micro-purchase threshold are exempt from this requirement.)

A.49. ORGANIZATIONAL CONFLICTS OF INTEREST (JUN 1997)

DEAR 952.209-72

(1) Use of Subcontractor’s Work Product.

(i) The subcontractor shall be ineligible to participate in any capacity in SRNS, subcontracts, or proposals therefore (solicited and unsolicited) which stem directly from the subcontractor’s performance of work under this subcontract for a period of (Subcontractor/Supplier see Request for Proposal/Request for Quote article and reference DEAR 909.507–2) years after the completion of this subcontract. Furthermore, unless so directed in writing by the Procurement Representative, the subcontractor shall not perform any advisory and assistance services, or all other services and materials, work under this subcontract on any of its products or services or the products or services of another firm if the subcontractor is or has been substantially involved in their development or marketing. Nothing in this subparagraph shall preclude the subcontractor from competing for follow-on subcontracts for advisory and assistance services or all other services and materials.

The contractor shall not incorporate its products or services in such statement of work or specifications unless so directed in writing by the contracting officer, in which case the restriction in this subparagraph shall not apply.

(iii) Nothing in this paragraph shall preclude the subcontractor from offering or selling its standard and commercial items to SRNS.

(2) Access to and use of information. (i) If the subcontractor, in the performance of this subcontract, obtains access to information, such as SRNS plans, policies, reports, studies, financial plans, internal data protected by the Privacy Act of 1974 (5 U.S.C. 552a), or data which has not been released or otherwise made available to the public, the subcontractor agrees that without prior written approval of the Procurement Representative it shall not:

Such disclosure may include a description of any action which the subcontractor has taken or proposes to take to avoid, neutralize, or mitigate any resulting conflict of interest.
SRNS may, however, terminate the subcontract for convenience if it deems such termination to be in the best interests of SRNS.
(2) In the event that the subcontractor was aware of facts required to be disclosed or the existence of an actual or potential organizational conflict of interest and did not disclose such facts or such conflict of interest to the Procurement Representative, SRNS may terminate this contract for default.
(d) Remedies. For breach of any of the above restrictions or for nondisclosure or misrepresentation of any facts required to be disclosed concerning this subcontract, including the existence of an actual or potential organizational conflict of interest at the time of or after award, the Procurement Representative may terminate the subcontract for default, disqualify the subcontractor from subsequent related contractual efforts, and pursue such other remedies as may be permitted by law or this subcontract.
(e) Waiver. Requests for waiver under this clause shall be directed in writing to the Procurement Representative and shall include a full description of the requested waiver and the reasons in support thereof. If it is determined to be in the best interests of SRNS, the Procurement Representative may grant such a waiver in writing.

(1) The Procurement Representative subcontractor shall include a clause, substantially similar to this clause, including this paragraph (f), in subcontracts in accordance with FAR part 13 and involving the performance of advisory and assistance services as that term is defined at FAR 37.201. The terms “subcontract,” “subcontractor,” and “Procurement Representative” shall be appropriately modified to preserve SRNS’ rights.
(2) Prior to the award under this subcontract for advisory and assistance services or all other service and material subcontracts, the Procurement Representative shall obtain from the proposed subcontractor or consultant the disclosure required by DEAR 909.507–1, and shall determine in writing whether the interests disclosed present an actual or significant potential for an organizational conflict of interest. Where an actual or significant potential organizational conflict of interest is identified, the subcontractor shall take actions to avoid, neutralize, or mitigate the organizational conflict to the satisfaction of the Procurement Representative. SECTION B

SECTION B ARTICLES APPLY ONLY IF SPECIFIED IN THE SUBCONTRACT

B.1 INTEGRATION OF ENVIRONMENT, SAFETY AND HEALTH INTO WORK PLANNING AND EXECUTION

DEAR 970.5223-1

A. For the purpose of this Article,
   (1) Safety encompasses environment, safety and health, including pollution prevention and waste minimization; and
   (2) Employees include Subcontractor/Supplier and lower-tier Subcontractor/Supplier employees.

B. In performing work under this Subcontract, the Subcontractor/Supplier and any lower-tier Subcontractors/Suppliers, shall perform work
safely, in a manner that ensures adequate protection for employees, the public, and the environment, and shall be accountable for the safe performance of work. The Subcontractor/Supplier shall exercise a degree of care commensurate with the work and the associated hazards. The Subcontractor/Supplier shall ensure that management of environment, safety and health (ES&H) functions and activities becomes an integral, but visible part of the Subcontractor’s/Supplier’s work planning and execution processes. The Subcontractor/Supplier shall, in the performance of work, ensure that:

(1) Line management is responsible for the protection of employees, the public, and the environment. Line management includes those Subcontractor/Supplier and Lower-tier Subcontractor/Supplier employees managing or supervising employees performing work.

(2) Clear and unambiguous lines of authority and responsibility for ensuring ES&H are established and maintained at all organizational levels.

(3) Personnel possess the experience, knowledge, skills, and abilities that are necessary to discharge their responsibilities.

(4) Resources are effectively allocated to address ES&H, programmatic, and operational considerations. Protecting employees, the public, and the environment is a priority whenever activities are planned and performed.

(5) Before work is performed, the associated hazards are evaluated and an agreed-upon set of ES&H standards and requirements are established which, if properly implemented, provide adequate assurance that employees, the public, and the environment are protected from adverse consequences.

(6) Administrative and engineering controls to prevent and mitigate hazards are tailored to the work being performed and associated hazards. Emphasis should be on designing the work and/or controls to reduce or eliminate the hazards and to prevent accidents and unplanned releases and exposures.

(7) The conditions and requirements to be satisfied for operations to be initiated and conducted are established and agreed-upon by SRNS and the Subcontractor/Supplier. These agreed-upon conditions and requirements of the Subcontract are binding upon the Subcontractor/Supplier. The extent of documentation and level of authority for agreement shall be tailored to the complexity and hazards associated with the work.

C. Documentation in the subcontract shall describe how the Subcontractor/Supplier will:

(1) Define the Work to be performed;

(2) Identify and analyze hazards associated with the work;

(3) Develop and implement hazard controls;

(4) Perform work within controls; and

(5) Provide feedback on adequacy of controls and continue to improve safety management.

D. The subcontract shall describe how the Subcontractor/Supplier will establish, document, and implement safety performance objectives, performance measures, and commitments in response to Subcontract requirements and funding limits while maintaining the integrity of the WPP. The subcontract shall also describe how the Subcontractor/Supplier will measure WPP effectiveness.

E. The Subcontractor/Supplier shall submit to the Procurement Representative documentation of its WPP for review and acceptance. In utilizing the Focused Observation Checklists, Subcontractors/Suppliers are required to forward any self-identified safety deficiencies to the STR. The STR will forward the deficiencies to SRNS Contractor Assurance for screening.

requirements, the SRNS Procurement
Representative may, without prejudice to any
other legal or contractual rights of SRNS, issue
an order stopping work in whole or in part. An
order authorizing the resumption of work may be
issued at the discretion of the Procurement
Representative. The Subcontractor/Supplier

The ACP shall be a responsible employee, cognizant of the subcontract scope and all applicable environmental, safety and health requirements, including any focused observation safety checklists. The ACP shall furnish an advance copy of applicable focused observation safety checklists to any non-badged temporary personnel anticipating entry onto SRS, and shall meet entering personnel at the SRNS Badging Office, Building 703-46A when they report for temporary badging. The ACP and entering
personnel shall review the scope of work to be performed and upon arrival at the work site review, complete and date any applicable focused observation safety checklist(s). The Subcontractor/Supplier shall (i) thoroughly assess the work scope, (ii) identify the associated hazards, and (iii) apply elements of corresponding Checklists within the Worker Protection Plan (WPP) or utilize applicable Checklists as attachments to the WPP. Subcontract scope performed by the Subcontractor/Supplier and its lower-tier Subcontractors/Suppliers will typically be covered by the WPP and appropriate
Checklists. Such Checklists are available on the Savannah River Site Internet Home Page (http://www.srs.gov/general/busiops/PMMD/SRNS_general_provisions.htm) for review and downloading.

(6) Shall include a process that provides authority to Subcontractor/Supplier and lower-tier Subcontractor/Supplier employees to call for a “time out/stop work” when unsafe conditions are observed and/or employee actions are likely to cause injury to themselves, other personnel, or cause damage to SRS property.

The Subcontractor/Supplier shall provide mechanisms to involve workers in the development of WPP goals, objectives, and performance measures and in the identification and control of workplace hazards. Whenever a significant change or addition is made to the WPP, it shall be re-submitted to SRNS for review and acceptance. F. Foreign Travel Briefing
If a subcontract employee plans a trip to a sensitive country, whether on official business or for pleasure, the SSEC/STR is responsible for ensuring that the individual receives a Foreign Travel Briefing from SRNS before departing and a Debriefing upon return. The OPSEC Officer is responsible for these Briefings.

G. Badge Retrieval at Termination

B.10 LIMITATION OF FUNDS
This article is applicable only if this Subcontract is partially funded.

A. Of the total price of this Subcontract, the sum of $___________ is presently available for payment and allotted to this Subcontract. It is anticipated that additional funds will be allocated to the Subcontract in accordance with the following schedule until the total price of the Subcontract is funded:

B. The Subcontractor/Supplier agrees to perform or have performed work on this Subcontract up to the point at which, if this Subcontract is terminated pursuant to the Termination For Convenience of SRNS article of this Subcontract, the total amount payable by SRNS (including amounts payable for Subcontracts and settlement costs) pursuant to the Termination For Convenience of SRNS article would, in the exercise of reasonable judgment by the Subcontractor/Supplier, approximate the total amount at the time allotted to the Subcontract. The Subcontractor/Supplier is not obligated to continue performance of the work beyond that point. SRNS is not obligated in any event to pay or reimburse the Subcontractor/Supplier more than the amount from time to time allotted to the Order, anything to the contrary in the Termination for Convenience of SRNS article notwithstanding.

C. (1) It is contemplated that funds presently allotted to this Order will cover the work to be performed until__________.

(2) If funds allotted are considered by the Subcontractor/Supplier to be inadequate to cover the work to be performed until that date, or an agreed date substituted for it, the Subcontractor/Supplier shall notify SRNS in writing when within the next 60 days the work will reach a point at which, if the Order is terminated pursuant to the Termination For Convenience of SRNS
article of the Order, the total amount payable by SRNS (including amounts payable for Subcontracts and settlement costs) pursuant to the Termination For Convenience of SRNS article will approximate 75 percent of the total amount then allotted to the Order.

(3) (i) The notice shall state the estimated date when the point referred to in subparagraph C. (2) of this clause will be reached and the estimated amount of additional funds required to continue performance to the date specified in subparagraph C. (1) of this clause, or an agreed date substituted for it.

(ii) The Subcontractor/Supplier shall, sixty days in advance of the date specified in subparagraph C. (1) of this clause, or an agreed date substituted for it, advise SRNS in writing as to the estimated amount of additional funds required for the timely performance of the Subcontract for a further period as may be specified in the Subcontractor/Supplier otherwise agreed to by the parties.

(4) If, after the notification referred to in subdivision C.(3)(ii) of this clause, additional funds are not allotted by the date specified in subparagraph C. (1) of this clause, or an agreed date substituted for it, SRNS shall, upon the Subcontractor’s/Supplier’s written electronic request, terminate this Subcontract on that date or on the date set forth in the request, whichever is later, pursuant to the Termination for Convenience of SRNS article.

D. When additional funds are allotted from time to time for continued performance of the work under this Subcontract, the parties shall agree on the applicable period of Subcontract performance to be covered by these funds. The provisions of paragraphs B and C of this clause shall apply to these additional allotted funds and the substituted date pertaining to them, and the Subcontract shall be modified accordingly.

E. If, solely by reason of SRNS's failure to allot additional funds in amounts sufficient for the timely performance of this Subcontract, the Subcontractor/Supplier incurs additional costs or is delayed in the performance of the work under this Subcontract, and if additional funds are allotted, an equitable adjustment shall be made in the price or prices (including appropriate target, billing, and ceiling prices where applicable) of the work to be performed.

F. SRNS may at any time before termination, and, with the consent of the Subcontractor/Supplier, after notice of termination, allot additional funds for this Subcontract.

G. The provisions of this clause with respect to termination shall in no way be determined to limit the rights of SRNS under the Termination for Cause article of this Subcontract. This clause shall become inoperative upon the allotment of funds for the total price of the work under this Subcontract except for rights and obligations then existing under this clause.

H. Nothing in this clause shall affect the right of SRNS to terminate this Subcontract pursuant to the Termination for Convenience of SRNS article of the Subcontract.

B.20 SECURITY REQUIREMENT (JUN 2009)
DEAR 952.204-2
Note: Applicable if under the terms of this Subcontract or Order, Subcontractor's/Supplier's employees will be required to possess access authorizations (L or Q Security Clearance). As prescribed in 904.404(d) (1), the following clause shall be included in Subcontracts entered into under section 31 (research assistance, 42 U.S.C. 2051), or section 41 (ownership and operation of production facilities, 42 U.S.C. 2061) of the Atomic Energy Act of 1954, and in other Subcontracts which involve or are likely to involve classified information or special nuclear material.

A. Responsibility. It is the Subcontractor's/Supplier's duty to protect all classified information, special nuclear material and other DOE property. The Subcontractor/Supplier shall, in accordance with DOE security regulations and requirements, be responsible for protecting all classified information and all classified matter (including documents, material and special nuclear material) which are in the Subcontractor's/Supplier’s possession in connection with the performance of work under this Subcontract against sabotage, espionage, loss or theft. Except as otherwise expressly provided in this Subcontract, the Subcontractor/Supplier shall, upon completion or termination of this Subcontract, transmit to DOE any classified matter or special nuclear material in the possession of the Subcontractor/Supplier or any person under the Subcontractor's/Supplier’s control in connection with performance of this Subcontract. If retention by the Subcontractor/Supplier of any classified matter is required after the completion or termination of the Subcontract, the Subcontractor/Supplier shall identify the items and classification levels and categories of matter proposed for retention, the reasons for the retention, and the proposed period of retention. If the retention is approved by the DOE Contracting Officer, the security provisions of the Subcontract shall continue to be applicable to the classified matter retained. Special nuclear material shall not be retained after the completion or termination of the Subcontract.

B. Regulations. The Subcontractor/Supplier agrees to comply with all security regulations and Subcontract requirements of DOE in effect on the date of award.

C. Definition of Classified Information. The term Classified Information means information that is classified as Restricted Data or Formerly Restricted Data under the Atomic Energy Act of 1954, or information determined to require protection against unauthorized disclosure under Executive Order 12958, Classified National Security Information, as amended, or prior executive Orders, which is identified as National Security Information.

D. Definition of Restricted Data. The term Restricted Data means all data concerning design, manufacture, or utilization of atomic weapons; production of special nuclear material; or use of special nuclear material in the production of energy, but excluding data declassified or removed from the Restricted Data category pursuant to 42 U.S.C. 2162 [Section 142, as amended, of the Atomic Energy Act of 1954].

E. Definition of Formerly Restricted Data. The term "Formerly Restricted Data" means information removed from the Restricted Data category based on a joint determination by DOE or its predecessor agencies and the Department of Defense that the information: (1) relates primarily to the military utilization of atomic weapons; and (2) can be adequately protected as National Security Information. However, such information is subject to the same restrictions on transmission to other countries or regional defense organizations that apply to Restricted Data.
F. Definition of National Security Information.
The term "National Security Information" means information that has been determined, pursuant to Executive Order 12958, Classified National Security Information, as amended, or any predecessor Order, to require protection against unauthorized disclosure, and that is marked to indicate its classified status when in documentary form.

G. Definition of Special Nuclear Material.
The term "special nuclear material" means: (1) plutonium, uranium enriched in the isotope 233 or in the isotope 235, and any other material which, pursuant to 42 U.S.C. 2071 [section 51 as amended, of the Atomic Energy Act of 1954] has been determined to be special nuclear material, but does not include source material; or (2) any material artificially enriched by any of the foregoing, but does not include source material.

H. Access authorizations of personnel.

a. The Subcontractor/Supplier shall not permit any individual to have access to any classified information or special nuclear material, except in accordance with the Atomic Energy Act of 1954, and the DOE's regulations and Subcontract requirements applicable to the particular level and category of classified information or particular category of special nuclear material to which access is required.

b. The Subcontractor/Supplier must conduct a thorough review, as defined at 48 CFR 904.401, of an uncleared applicant or uncleared employee, and must test the individual for illegal drugs, (SRNS to provide this testing), prior to selecting the individual for a position requiring a DOE access authorization.

c. The Subcontractor/Supplier must conduct a review, as defined at 48 CFR 904.401, of an uncleared applicant or uncleared employee, and must test the individual for illegal drugs, (SRNS to provide this testing), prior to selecting the individual for a position requiring a DOE access authorization.

d. In collecting and using this information to make a determination as to whether it is appropriate to select an uncleared applicant or uncleared employee to a position requiring an access authorization, the Subcontractor/Supplier must comply with all applicable laws, regulations, and Executive Orders, including those: (a) governing the processing and privacy of an individual's information, such as the Fair Credit Reporting Act, Americans with Disabilities Act (ADA), and Health Insurance Portability and Accountability Act; and (b) prohibiting discrimination in employment, such as under the ADA, Title VII and the Age Discrimination in Employment Act, including with respect to pre- and post-offer of employment disability related questioning.

e. In addition to a review, each candidate for a DOE access authorization must be tested to demonstrate the absence of any illegal drug (SRNS to provide this testing), as defined in 10 CFR Part 707.4. All positions requiring access authorizations are determined to be testing designated positions in accordance with 10
CFR Part 707. All employees possessing access authorizations are subject to applicant, random or for cause testing for use of illegal drugs. DOE will not process candidates for a DOE access authorization unless their tests confirm the absence from their system of any illegal drug.

d. When an uncleared applicant or uncleared employee receives an offer of employment for a position that requires a DOE access authorization, the Subcontractor/Supplier shall not place that individual in such a position prior to the individual’s receipt of a DOE access authorization, unless an approval has been obtained from the head of the cognizant local security office. If the individual is hired and placed in the position prior to receiving an access authorization, the uncleared employee may not be afforded access to classified information or matter or special nuclear material (in categories requiring access authorization) until an access authorization has been granted.

e. The Subcontractor/Supplier must furnish to the head of the cognizant local DOE Security Office, in writing, electronically, the following information concerning each uncleared applicant or uncleared employee who is selected for a position requiring an access authorization:

i. The date(s) each Review was conducted;

ii. Each entity that provided information concerning the individual;
