Any inconsistencies shall be resolved in accordance with the following descending order of precedence:

- (1) Negotiated Terms and Conditions
- (2) Terms and Conditions

(3) Articles Incorporated by Reference

(4) Statement of Work or other description of services or Supplies

3.0 CHANGES

The Company reserves the right to make changes within the general scope of this Subcontract by issuance of a unilateral change order, or by a bilateral modification to this Subcontract. Such changes may include, without limitation, changes in (1) the description of the items; (2) the quantities of items ordered; (3) the method of shipment or packaging, and (4) the time or place of delivery, inspection, and/or acceptance. The Subcontractor shall promptly comply with any such change made by the Company. If any change affects the cost of or the time required for performance, an equitable adjustment to the price and/or delivery requirements and other affected provisions of the Subcontract shall be made by the parties in a bilateral modification to this Subcontract. For any change, whether directed or constructive, Subcontractor must assert any request for equitable adjustment under this Article in writing, together with such supporting information as The Company may require, electronically and within thirty days from the date of Subcontractor's first knowledge of the change, or Subcontractor's right to assert such request for equitable adjustment shall be waived.

4.0 ASSIGNMENT FOR THE BENEFIT OF DOE

- A. Assignment by Company. This Subcontract may be unilaterally assigned by the Company to DOE or DOE's designee, with subsequent written electronic notice of such assignment to Subcontractor. Following such transfer and assignment, the Company shall have no further responsibilities hereunder.
- B. Assignment by Subcontractor. Unless permitted in paragraph C of this Article, Subcontractor shall not assign Subcontract, including any rights or obligations thereunder, wholly or in part, voluntarily, by operation of law, or otherwise without the prior written electronic consent of the Company. Any assignment of Subcontract in violation of the foregoing shall, at the unilateral option of Company, be void. Subcontractor shall submit the documentation prescribed in FAR Subpart 42.12 when requesting Company acceptance of Subcontractor's successor in interest or to recognize Subcontractor's change of name.
- C. Assignment of Rights to be Paid. Subcontractor may assign rights to be paid amounts due or to become due to a bank, trust company, or other financing institution, including a Federal lending agency, if the Procurement Representative is promptly furnished written notice and a signed copy of such assignment, provided any assignment of monies shall be subject to (1) proper setoffs in favor of Company and (2) any deductions provided for in this Subcontract.
- D. Funding. Unless at the unilateral discretion of Company, Company shall make all payments under this Subcontract from Government funds advanced and agreed to be advanced by DOE, and not from its own funds. In almost all circumstances, funds recovered by Company from Subcontractor are Government funds.
- E. Right to Recovery. If Company seeks recovery from Subcontractor, Subcontractor agrees it shall not plead, assert or raise in any manner a defense that Company has no right to recover (1) because Company, itself, rather than DOE, has suffered no damages on account of the cost-reimbursable nature of Company's Prime Contract with DOE, or (2) because DOE has accepted the project or task performed under this Subcontract.

5.0 AUTHORIZED REPRESENTATIVES AND NOTICE

Unless otherwise specified, all notices and communications in accordance with or related to this Subcontract shall be between authorized representatives designated in writing by the parties. Notices shall be in writing and may be served either personally on the authorized representative of the receiving Party, by email, facsimile, courier or express delivery, or certified mail to the facsimile number or address shown on the face of this Subcontract or such address as directed by notice.

6.0 PUBLICITY

Subcontractor shall not publicly disclose information concerning any respect of the materials or services relating to this Subcontract without the prior written electronic approval of the Procurement Representative unless specifically required by law.

- A. The interest of Company or DOE in this Subcontract may not be used in advertising or publicity without advance written approval of the Procurement Representative.
- B. The requirements of this Article, including B, shall be flowed down to all Lower-tier Subcontracts.

7.0 APPROVALS

The approval by the Company of designs, work drawings, specifications, reports, or any other data submitted by the Subcontractor hereunder shall not affect or relieve the Subcontractor from any responsibility to furnish said items in full conformance with the requirements of this Subcontract.

8.0 DISPUTES

- A. Subcontractor and Company agree to make good-faith efforts to settle any dispute or Claim arising under this Subcontract through discussion and negotiation. If such efforts fail to result in a mutually agreeable resolution, the Parties shall consider the use of Alternative Dispute Resolution (ADR). Whether mediation or binding arbitration is voluntarily agreed to, or court ordered, the site of the proceedings shall be Aiken, South Carolina; the Parties shall share the cost of obtaining the mediator or arbiter, and each Party shall bear its discretionary costs.
- B. "Claim," as used in this Article, means a written demand or written assertion by one of the contracting Parties seeking, as a matter of right, the payment of money in a sum certain, the adjustment or interpretation of Subcontract terms, or other relief arising from or relating to this Subcontract, or its breach. However, a written demand or written assertion by Subcontractor seeking the payment of money is not a Claim until certified if certification is required by paragraph (d) below. A request for payment (e.g., a voucher, invoice, or other routine request for payment, a termination settlement proposal, or a request for an adjustment or equitable adjustment) is not in dispute when submitted is not a Claim. An initially undisputed request for payment may be converted to a Claim by Subcontractor by complying with the submission and applicable certification requirements in paragraphs (c) and (d) below.
- C. A Claim by Subcontractor shall be made in writing, cite this Article, and be submitted to the Procurement Representative with a request for a Final Decision.
- D. Subcontractor and any Lower-Tier Subcontractors whose portion of the Claim exceeds \$50,000 shall certify its portion of the Claim; provided however, if Subcontractor cannot certify the Lower-Tier Subcontractor's portion of Subcontractor's Claim, Subcontractor shall explain in writing why it cannot certify that portion.
 - (1) Company shall not be liable for, and shall not pay, any Claim originated by Subcontractor if the Claim exceeds \$50,000 unless Subcontractor's Claim is accompanied by the below certification from Subcontractor.
 - (2) Company shall not be liable for, and shall not pay, any Claim of a Lower-Tier Subcontractor to Subcontractor if the Claim, without mark-ups by a higher-tier subcontractor or Subcontractor, exceeds \$50,000 unless the Claim is accompanied by the below certification from the Lower-Tier Subcontractor that originated the Claim.
 - (3) The aggregate amount of both increased and decreased costs shall be used in determining when the dollar threshold requiring certification is met.

Certification

I certify under penalty of law that: this Claim is made in good faith; the supporting data is accurate and complete to the best of my knowledge and belief; the amount requested accurately reflects the contract adjustment for which the Subcontractor believes Company is liable; and I am duly authorized to certify the claim on behalf of [[the Subcontractor or Lower-Tier Subcontractor, as appropriate]].

I further acknowledge the Company is a prime contractor to the U.S. Department of Energy, and this claim, if accepted by Company, will be paid for with Government funds and therefore be paid by the Government through a letter of credit arrangement with Company, and that a false or fraudulent claim may subject me and/or the Subcontractor to penalties, including, but not limited to, those under the False Claims Act, 31 U.S.C. 3729-3733.

E.

- (1) A Claim from Subcontractor shall be deemed denied if Procurement Representative does not issue a written Final Decision (i) by the date the Procurement Representative notified Subcontractor the decision would be issued, or (ii) within 60 calendar days after receipt of the Claim if the Procurement Representative did not notify Subcontractor of a date by which the Final Decision would be issued. The Procurement Representative may, but is not required to, issue a written Final Decision after a Claim is deemed denied.

- (2) The Procurement Representative's Final Decision on any Subcontractor Claim shall be final and conclusive between the Parties with no right of judicial review, provided however, the Final Decision shall not be final and binding against either Party, and shall be given no evidentiary weight by the trier of fact, if Subcontractor files suit within 90 calendar days of the written Final Decision in the appropriate court as provided for in paragraph (f) below.
- (3) Subcontractor shall have no right to file suit prior to the date of the written Final Decision or 60 calendar days from the Procurement Representative's receipt of the Claim, whichever occurs earlier.

F.

- (1) State Agency. Where Subcontractor is a State agency, such as an Educational Institution, the applicable constitutional provisions or statutes that govern sovereign immunity shall dictate the appropriate forum and law governing substantive issues.
- (2) Seller not a State Agency.
 - a. Any litigation shall be brought and prosecuted exclusively in Federal District Court, with venue in the United States Court for the District of South Carolina, Aiken Division.
 - b. In the event the requirements for jurisdiction in Federal District Court are not present, such litigation shall be brought in either Aiken, Barnwell, or Allendale County, South Carolina.
- (3) THE PARTIES AGREE TO TRIAL BY JUDGE ALONE AND HEREBY WAIVE ANY RIGHT TO DEMAND A TRIAL BY JURY.
- (4) If a court awards interest of any kind, interest shall be simple interest at the applicable rate established by the Secretary of the Treasury under Section 12 of the Contract Disputes Act of 1978 (Public Law 95-563). If a court awards prejudgment interest, interest shall accrue from no earlier than the date a Claim is received by the Procurement Representative.

- G. Subject to (f)(1), the resolution of all issues arising from or relating to this Subcontract shall be governed to the maximum extent practicable by the common law of federal contracts; provided, however, that (i) the "Christian Doctrine" shall not apply, meaning the Government procurement clauses (e.g., the FAR and the DEAR) or portions thereof not appearing in Subcontract shall not be read into this Subcontract, and (ii) where the language of any Article, provision or term herein differs from the language of a Government procurement clause, provision or term, the differing language of this Subcontract shall control. Where the common law of federal contracts does not apply, then subject to (f)(1), resolution shall be governed by the laws of the State of South Carolina, without regard to its Conflicts of Laws rules.
- H. There shall be no interruption in the performance of the work, and Subcontractor shall proceed diligently with the performance of this Subcontract pending final resolution of any dispute arising under or related to this Subcontract between the Parties or between Subcontractor and its Lower-Tier Subcontractors.
- I. The contractual remedies in this Article shall not be deemed to waive, postpone the running of, extend, or otherwise affect any statute of limitation applicable to any request for payment or Claim.

9.0 TERMINATION AT COMPANY'S OPTION

The Company shall have the right at any time, with or without cause, to terminate further performance of the work, by written notice to Subcontractor, specifying the date of termination. On the date of such termination stated in said notice, Subcontractor shall discontinue performance of the work, and shall preserve work in progress and completed work, pending the Company's instructions, and shall turn over such work in accordance with the Company's instructions.

If Subcontractor has fully and completely performed all obligations under this Subcontract up to the date of termination, Subcontractor shall recover from the Company as complete and full settlement for such termination: (a) for work to be performed for a lump sum Contract Price under this Subcontract, the actual costs of all such work satisfactorily executed to the date of termination, plus overhead and profit on such costs based on the percentage agreed to in the original schedule of values. (b) actual cost incurred by Subcontractor to return Subcontractor's field tools and equipment, if any, to its or its Lower-tier subcontractors' premises and to turn over work in progress and completed Work in accordance with the Company's

instructions; plus, (c) actual substantiated cost necessarily incurred in effecting the termination; less, (d) all amounts previously paid to Subcontractor for the work. This is more fully delineated in FAR 31.205-42, which is set forth in its entirety in Part 4.

All claims under any of the foregoing provisions of this Section shall be supported by Subcontractor's accounting records or other such documentation satisfactory in form and content to the Company and verified by the Company. In no event shall Subcontractor be entitled to any consequential damages, including but not limited to prospective profits, loss of future business, loss of production and impairment of credit, and any other such perspective damages because of the termination. All payments made pursuant to Termination at Company's option will be subject to audit. If the Company elects to audit Subcontractor's claims for termination for convenience costs, no payments will be made to Subcontractor, including any outstanding pre-termination costs, until the audit has been completed. The warranty obligations in this Subcontract will survive the termination.

10.0 TERMINATION FOR DEFAULT

The Company may terminate this Subcontract, in whole or in part, if Subcontractor: (1) fails to supply enough properly skilled workers or proper materials or equipment so as to endanger performance of this Subcontract; (2) fails to make payment to sub-tier subcontractors for materials or labor in accordance with the respective Subcontracts between the Subcontractor and the sub-tier subcontractors; (3) disregards applicable laws, ordinances, rules, regulations, directives, or orders, or instructions of the Company; (4) fails to adhere to the time specified in this Subcontract for performance of services or delivery of supplies or services.; or (5) otherwise fails to comply with any material terms of this Subcontract. The Company's right to terminate this Subcontract may be exercised if the Subcontractor does not cure such failure within ten (10) days after receipt of notice from the Company specifying the failure.

The Company may take possession and use any materials, tools, equipment, and the construction facilities and premises and finish the work by whatever method The Company deems expedient at Subcontractor's expense which includes any increased cost incurred that exceeds the Subcontract price.

Subcontractor will not be deemed to be in default for failure to perform caused by the failure of a sub-tier subcontractor if the failure was beyond the control of both Subcontractor and sub-tier subcontractor and without the fault or negligence of either. The rights and remedies of The Company in this Article are in addition to any other rights and remedies provided by law or under this Subcontract.

11.0 LIMITATION OF FUNDS

This is applicable only if this Subcontract is partially funded.

- A. The parties estimate the performance of this Subcontract will not cost the Company more than the negotiated price specified. The Subcontractor agrees to use its best efforts to perform the Work and all obligations under this Subcontract within the negotiated price.
- B. The Funding Schedule specifies the amount presently available for payment by the Company and allotted by this Subcontract, the items covered, and the period of performance it is estimated the allotted amount will cover. The Company will allot additional funds incrementally to the Subcontract up to the full negotiated price specified in the Funding Schedule. The Subcontractor agrees to perform, or has performed, Work on the Subcontract up to the point at which the total amount paid and payable under the Subcontract approximates but does not exceed the total amount in the Subcontract.
- C. The Subcontractor shall notify the Company sixty (60) days before the end of the period specified in the Funding Schedule in writing, electronically, whenever it has reason to believe the value it expects to incur under this Subcontract, when added to all prices previously incurred, will exceed 75 percent of the total amount allotted to the Subcontract. The notice shall state the estimated amount of additional funds required to continue performance for the period specified in the Funding Schedule.
- D. If, after notification, additional funds are not allotted by the end of the period specified in the Funding Schedule or another agreed-upon date, upon the Subcontractor's written electronic request, the Company will terminate this Subcontract on the date in accordance with the provisions of the "Termination" Article of this Subcontract. If the Subcontractor estimates the funds available will allow it to continue to discharge its obligations beyond the date, it may specify a later date in its request, and the Company may terminate this Subcontract on the later date.
- E. Except as required by other provisions of this Subcontract, specifically citing, and stated to be an exception to this Article
 - (1) Company is not obligated to reimburse the Subcontractor for costs incurred in excess of the total amount allotted by Company to this Subcontract; and
 - (2) Subcontractor is not obligated to continue performance under this Subcontract (including actions under the

Termination Article of this Contract) or otherwise incur costs in excess of the amount then allotted to the Subcontract by Company until Company notifies the Subcontractor in writing, electronically, the amount allotted by the Subcontractor has been increased and specifies an increased amount, which shall then constitute the total amount allotted by Company to this Subcontract.

- F. The negotiated price shall be increased to the extent the amount allotted by Company, exceeds the negotiated price specified in the Funding Schedule.
- G. No notice, communication, or representation in any form other than the specified in subparagraph F(2) above, or from any person other than cognizant Company Procurement Agent, shall affect the amount allotted by Company to this Subcontract. In the absence of the specified notice, Company is not obligated to reimburse the Subcontractor for any costs in excess of the total amount allotted by Company to this Subcontract, whether incurred during the course of the Subcontract or as a result of termination.
- H. When and to the extent the amount allotted Company to the Subcontract is increased, any costs the Subcontractor incurs before the increase that are in excess of the amount previously allotted by Company shall be allowable to the same extent as if incurred afterward, unless Company issues a termination or other notice and directs the increase is solely to cover termination or other specified expenses.
- I. Changes to the Subcontract shall not be considered an authorization to exceed the amount allotted by Company specified in the Funding Schedule, unless they contain a statement increasing the amount allotted.
- J. Nothing in this Article shall affect the right of Company to terminate this Subcontract. If this Subcontract is terminated, Company and the Subcontractor shall negotiate an equitable distribution of all property produced or purchased under the Subcontract, based upon the share of costs incurred by each.
- K. If Company does not allot sufficient funds to allow completion of the work, the Subcontractor is entitled to a percentage of the fee specified in the Funding Schedule equaling the percentage of completion of the Work contemplated by this Subcontract.

12.0 ALLOWABLE COST AND PAYMENT

A. Invoicing

Company shall make payments to Subcontractor when requested as Work progresses, but (except for small business concerns) not more often than once every 2 weeks, in amounts determined to be allowable by Company in accordance with FAR 31.2 and, as supplemented, DEAR 931.2, in effect on the date of this Subcontract, and the terms of this Subcontract. Subcontractor may submit to Company, in such form and reasonable detail as Company may require, an invoice supported by a statement of the claimed allowable cost for performing this Subcontract. A reasonable detail of costs includes, but is not limited to:

- (1) Labor categories used
- (2) Hours expended for each category
- (3) Direct labor rate(s) for each category
- (4) G&A or Material Handling (if applicable)
- (5) Travel costs (number of trips, number of days in a travel status, location of travel)
- (6) Material costs and other direct costs (with identification of large purchases).

B. Terms of Payment

The date of payment shall, subject to any contrary terms on the face hereof, be computed from Company's receipt of an acceptable invoice. Drafts will not be honored. If there are invoice discrepancies, Company will relay to the Subcontractor the deficiencies in their invoice within ten (10) days of receipt of the invoice. The invoice will not be acted upon. Receipt of a corrected invoice will re-initiate the aging of the invoice for payment purposes.

C. Final Indirect Cost Rates

- (1) Final annual indirect cost rates and the appropriate bases shall be established in accordance with FAR 42.7 and DEAR 942.7, in effect for the period covered by the indirect cost rate proposal.

- (2) Subcontractor shall, within 90 days after the expiration of each of its fiscal years, or by a later date approved by Company, submit to the cognizant Contracting Officer responsible for negotiating its final indirect costs rates and, if required by DOE procedures, to the cognizant audit activity, proposed final indirect cost rates for that period and supporting cost data specifying the Subcontract and/or Lower-tier subcontract to which the rates apply. The proposed rates shall be based on Subcontractor's actual cost experience for that period. The appropriate Government representative and Subcontractor shall establish the final indirect cost rates as promptly as practical after receipt of Subcontractor's proposal.
- (3) Subcontractor and the appropriate Government representative shall execute a written electronic understanding setting forth the final indirect cost rates. The understanding shall specify
 - (i) The agreed-upon final annual indirect cost rates,
 - (ii) The bases to which the rates apply;
 - (iii) The periods for which the rates apply;
 - (iv) Any specific indirect cost items treated as direct costs in the settlement; and
 - (v) The affected Subcontract and/or Lower tier Subcontract, identifying any with advance agreements or special terms and the applicable rates. The understanding shall not change any monetary ceiling, contract obligation, or specific cost allowance or disallowance provided for in this Subcontract. The understanding is incorporated into this Subcontract upon execution.
- (4) Failure by the parties to agree on a final annual indirect cost rate shall be a dispute within the meaning of the "Disputes" article of this Subcontract.

D. Billing Rates

Until final annual indirect cost rates are established for any period, Company shall reimburse Subcontractor at billing rates approved by the Government or by an authorized representative (the cognizant auditor), subject to adjustment when the final rates are established. These billing rates;

- (1) Shall be the anticipated final rates; and
- (2) May be prospectively or retroactively revised by mutual agreement, at either party's request, to prevent substantial overpayment or underpayment.

E. Quick-Closeout Procedures

When the Parties agree, the quick-closeout procedures of FAR 42.7 may be used.

F. Audit

At any time or times before final payment, Company may have Subcontractor's invoices or vouchers and statements of cost audited. Any payment may be

- (1) Reduced by amounts found by Company not to constitute allowable costs or
- (2) Adjusted for prior overpayments or underpayments.

G. Final Payment

- (1) Subcontractor shall submit a completion invoice, designated as such, promptly upon completion of the Work, but no later than 1 year (or longer, as Company may approve in writing electronically) from the completion date. Upon approval of that invoice, and upon Subcontractor's compliance with all terms of this Subcontract, Company shall promptly pay any balance of allowable costs and that part of the fee (if any) not previously paid.
- (2) Subcontractor shall pay to Company any refunds, rebates, credits, or other amounts (including interest, if any) accruing to or received by Subcontractor or any assignee under this Subcontract, to the extent that those amounts are properly allocable to costs for which Subcontractor has been reimbursed by Company. Reasonable expenses incurred by Subcontractor for securing refunds, rebates, credits, or other amounts shall be allowable costs if approved by Company. Before final payment under this Subcontract, Subcontractor, and each assignee whose assignment is in effect at the time of final payment shall execute and deliver-
 - (a) An assignment to Company, in form and substance satisfactory to Company, of refunds, rebates, credits, or other amounts (including interest, if any) properly allocable to costs for which Subcontractor has been reimbursed by Company under this Subcontract; and
 - (b) A release discharging Company, the Government, and their officers, agents, employees, and assigns from all liabilities, obligations, and claims arising out of or under this Subcontract, except-
 - (i) Specified claims stated in exact amounts or in estimated amounts when the exact amounts are not known;
 - (ii) Claims (including reasonable incidental expenses) based upon liabilities of Subcontractor to third parties

arising out of the performance of this Subcontract; provided, that the claims are not known to Subcontractor on the date of the execution of the release, and that Subcontractor gives notice of the claims in writing, electronically, to Company within 6 years following the release date or notice of final payment date, whichever is earlier; and

- (iii) Claims for reimbursement of costs, including reasonable incidental expenses, incurred by Subcontractor under the patent clauses of this Subcontract, excluding, however, any expenses arising from Subcontractor's indemnification of Company or the Government against patent liability.

H. Overpayments

If Subcontractor becomes aware of a duplicate invoice payment or that Company has otherwise overpaid on an invoice payment, the Subcontractor shall immediately notify Company and request instructions for disposition of the overpayment.

13.0 TAXES

To the extent possible, Subcontractor will use its best efforts to obtain services, materials and supplies furnished under this Subcontract that are tax exempt by sharing the exemption certificate. Subcontractor shall determine at the time of providing bids for this Subcontract and all subsequent modifications to this Subcontract if it is able to procure services, materials and supplies that are tax exempt. If the exemption certificate is not accepted, then the Subcontract price shall include all applicable Federal, State, and local taxes and duties.

14.0 COMPLIANCE WITH LAWS

- A. Subcontractor shall comply with all applicable federal, state, and local laws and ordinances and all pertinent lawful orders, rules, and regulations unless relief has been granted in writing by the appropriate regulatory agency. Except as otherwise directed by the Company, Subcontractor shall procure, without additional expense to the Company, all necessary permits and/or licenses.
- B. The requirements of this Article, including paragraph (b), shall be flowed down to all Lower-Tier Subcontractors

15.0 INDEPENDENT CONTRACTOR

Subcontractor shall act in performance of this Subcontract as an independent contractor and not as an agent for Company or the Government, maintaining complete control over its employees and all Lower-Tier Subcontractors. Nothing contained in this Subcontract, or any Lower-Tier Subcontract shall create any contractual relationship between any such Lower-Tier Subcontractor and the Government or Company. Subcontractor is solely responsible for the actions of itself and its Lower-Tier Subcontractors, Agents, and Employees.

16.0 SUBCONTRACTING

- A. Subcontractors are required to be registered in the System for Award Management (SAM) and maintain an active Unique Entity Identifier (UEI). Subcontractors shall maintain registration in SAM during subcontract performance and through final payment of any subcontract, basic agreement, basic order agreement, or blanket purchasing agreement, in compliance with FAR 52.204-7 and FAR 42.12. In addition, a Subcontractor Information Form (SIF) must be completed and submitted with the subcontractor's solicitation response.
- B. The fees for Site required training classes will be absorbed by the Company and the subcontractor's attendance time will be compensated for the initial attendance.
