Educator Name-

School-

Subject-

Project Title: (up to 50 characters)

How Many Students Will be Impacted? Give an estimated number not a range.

1) Project Summary
(Briefly describe your proposal and expected results.)

Savannah River Nuclear Solutions, LLC
2023 Innovative Teaching Mini Grants Program Application

2) Goals and Objectives
(List goals and learning objectives)

3) Student Involvement
(Describe how students use the supplies/materials/equipment)

4) Project Budget

Provide an itemized list of materials and their estimated cost. Itemized total budget must not have a shortfall of more than 10% of the total amount requested ($50 for CAT A, $75 for CAT B, $100 for CAT C)

For example, a grant request of $500 must have an estimated list totaling at least $450.

List each item, supplier and estimated cost

Item	Supplier	Estimated Cost

Total Cost =

If needed, add image(s) of requested materials below and caption image(s).

5) Cost Sharing

(If your project requires more than the amount granted, describe how you will secure additional funding.)

COMPLETE FOR CATEGORIES B & C ONLY

6) Implementation Schedule

(Detail timeline for implementation, short and long term.)

Additional Comments - if applicable

If needed, add additional image(s) below.
