Mr. Michael Budney, Site Manager
U.S. Department of Energy
Savannah River Operations Office
P. O. Box A
Aiken, South Carolina 29802

Dear Mr. Budney,

The Savannah River Site Citizens Advisory Board (SRS CAB) appreciates the opportunity to provide input to the site's prioritized activities for FY 2022. As in the past, the high-level liquid waste management program remains our highest priority. We ask that the budget request for FY 2022 reflect this priority and be at a level that guarantees compliance with all state and federal agreements.

The SRS CAB also places a high priority on the complete funding of Payment In-Lieu of Taxes (PILT) to Aiken County, Barnwell County and Allendale County.

In regard to all Environmental Management mission activities, recommended priorities are as follows:

1. Liquid Waste Program – including the Saltstone Disposal Units
2. Nuclear Materials
3. Common and Program Infrastructure across entire SRS complex to be addressed down to PBS levels
4. Accelerated Deactivation & Decommissioning of 235-F

Thank you for the opportunity to submit our recommended priorities for the budget request for the Savannah River Site for FY 2022.

Sincerely,

Mr. Gil Allensworth, Chairperson
SRS Citizens Advisory Board
