

SRS Citizens Advisory Board

Environmental Remediation and Waste Management Subcommittee

Meeting Record

March 22, 1999
University of South Carolina
Aiken, SC

Citizens Advisory Board

Bill Lawless
Kathryn May
Lola Richardson
Wade Waters
Jimmy Mackey
Maria Reichmanis

Stakeholders

Todd Crawford
Ann Clark, SCDHEC
Russ Messick
Julie Corkran, EPA
Greg Grunzel, SCDHEC
Arthur Smith Jr.
Charles Utley

DOE/Contractors

Gerri Flemming, DOE
Steve Piccolo, WSRC
Karen Adams, DOE
Paul Huber, BSRI
Paul Sauerborn, WSRC
Mike Simmons, DOE
John Reynolds, DOE
Gerry Stejskal, WSRC
Elmer Wilhite, WSRC
Bob Sentelle, BSRI
Kim Cauthen, WSRC
Gerald Blount, WSRC
Pat Nakagawa, WSRC

Public Comments: Bill Lawless opened the meeting by asking for any public comments. There were no comments.

Issues: None

Action: None

Chemicals, Metals, Pesticides Pits: Karen Adams presented the Interim Action / Proposed Plan for the Chemicals, Metals, Pesticides Pits Operable Unit. Ms. Adams explained the history of the site, its contents and proposed remediation to the subcommittee. The subcommittee questioned the use of an asphalt cap as part of the remediation. "Ms. Adams indicated that this approach would provide infiltration control after the Soil Vapor Extraction (SVE) units were installed through the existing membrane and is less expensive than other alternatives.

Issues: None

Action: None

MOTION REVIEW:

Supplemental Environmental Impact Statement for Alternatives to the ITP process: Wade Waters (motion manager CAB) read the draft motion, which had little discussion by the subcommittee. Mr. Waters

gave a synopsis, which explained the merits of the ITP focus groups effort in narrowing the alternatives from 160 to 4. The 4 were a part of the SEIS.

Issues: None

Action: Make clarification changes to the motion in order to present at the Full CAB meeting March 23rd.

Miscellaneous Chemical Basin / Metals Burning Pit: Lola Richardson (motion manager CAB) read the draft motion, which had little comment by the meeting attendees. Ms. Richardson gave the background history of the operable unit and the proposed remedial action. The remedial action recommended using existing technology, which the subcommittee was familiar with due to it being employed at other operable units.

Issues: None

Action: Make clarification changes to the motion in order to present at the Full CAB meeting March 23rd.

Waste Management Programmatic Environmental Impact Statement regarding HLW: Maria Reichmanis (motion manager CAB) read the draft motion, its background and proposed recommendation. There was little change to the motion recommendation by the subcommittee.

Issues: None

Action: Make clarification changes to the motion in order to present at the Full CAB meeting March 23rd.

Chemicals, Metals, Pesticides Pits: Bill Lawless read this motion to the meeting participants and explained the location of the operable unit and the Constituents of Concern (COC) and the proposed remedial actions in the Interim Action / Proposed Plan. Julie Corkran (EPA Region IV) expressed her concern over the last minute nature of this motion and that it was her understanding that all board members should be notified in advance regarding any motions being prepared for the CAB. Mr. Lawless responded that the CAB had been notified but he was having computer problems, which may have caused a delay or possible non-receipt of the motion. The motion endorsed the proposed remedial action. There was little discussion.

Issues: None

Action: Make clarification changes to the motion in order to present at the Full CAB meeting March 23rd.

Mr. Lawless asked for any public comments. There being none the meeting was adjourned.
