Agenda

• Historic Program Basics
  - National Historic Preservation Act
  - Cultural Resource Management Plan
• Accomplishments
• Support for the Heritage Foundation, Inc.
• Ongoing Activities
• Curatorial Activities
• Future Work
The National Historic Preservation Act (NHPA) of 1966

• This law requires that all Federal agencies consider the impacts to historic properties in all their undertakings (800.16(y)).

• Referred to as Section 106 of the National Historic Preservation Act.

• Specific regulations are contained in 36 CFR Part 800 and other regulations.

NHPA (Continued)

Compliance with NHPA is done in three steps:

1. Inventory resources – COMPLETE

2. Evaluate for National Register eligibility – COMPLETE

3. Avoid or mitigate effects to historic properties – Ongoing with SHPO and other Consulting Parties.
In November 2002, DOE-SR completed a Resource Study of SRS Cold War history and facilities.

Inventoried 732 SRS facilities, all of which were constructed between 1950 and 1989.

232 site facilities are historically eligible.
Selection Criteria For Historical Eligibility

Facilities ….

• that are associated with events that have made a significant contribution to the broad patterns of our history; or

• that are associated with the lives of persons significant in our past; or

• that embody the distinctive characteristics of a type, period, or method of construction, or that represent the work of a master, or that possess high artistic values, or that represent a significant and distinguishable entity whose components may lack individual distinction; or

• have yielded, or may be likely to yield, information important in prehistory or history.
STEP 2 - Eligibility

SRS Cold War National Register district encompass the SRS’s 310 square miles within Aiken, Barnwell, and Allendale counties, including:

• The Site’s Layout;
• Fuel and Target Fabrication; (M-Area)
• Heavy Water Production and Rework; (D-Area)
• Reactor Operations and reactor area support buildings; (R,P,L,K,C)
• Separations Processes and Early Waste Management; (T-Area, F/H Areas)
• Research and Development; (777-10A and SRNL)
• Facilities related to Safety and Security;
• Power Generation and Water Supply; and
• Facilities Related to Site Support. (A-Area)
STEP 3 - Avoid or Mitigate Adverse Effects

- Mitigating actions include, but are not limited to:
  - Photography – aerial, exterior, and interior;
  - Oral histories from employees & retirees;
  - Written documents describing the historical contribution and processes;
  - Preservation of artifacts;
  - Preservation of structures
- Program is conducted in accordance with Cultural Resources Management Plan (CRMP)
Cultural Resources Management Plan, (CRMP)

- Contains mitigation strategies that are appropriate to each historic property’s level of significance and integrity;

- Describes the integral role of oral history to an understanding of SRS’s past and the need to interview SRS retirees as a part of the preservation process;

- Describes how DOE will nominate eligible properties to the NRHP;

- Identifies key historical documents to be preserved that tell the story of the site layout, its construction and early operational history;

- Contains a process to determine how and where documentation will be archived;

- Contains a series of short term and long term goals for Historical Program Management.
Funding

FY08 Funding - $750,000.00

FY09 Projected Funding - $950,000.00
Accomplishments (cont.)

777-10A HAER Study *(accepted by the U. S. National Archives)*

Tritium Thematic Study

Implemented Re:Discovery artifact database
Support for the SRS Heritage Foundation, Inc.  
(Independent non-profit organization)

• DOE Permission granted to publish “SRS at 50”
• DOE Letter of Intent for Building 742-A
• DOE Letter of Intent for Ellenton Walking Trail
• DOE Letter of Intent for Barricade Adjacent to the Old City of Ellenton, SC
Ongoing Activities

• Organize Heritage Tourism Team Meetings (SHPO, SRS Heritage Foundation, DOE, SC Heritage Tourism Office, Various Museum Curator interfaces)
• Organize Historic Preservation Advisory Team Meeting
• Over 730 facilities have been walked down, 232 indentified as historical, which make up the SRS Historical District
• Approximately 100 Oral Histories have been completed to date
• Continue to identify and relocate artifacts; photography and collect drawings
• Approve/Disapprove facility modification requests
• CWA Program included in SRS Tours Program, SRS overview, and Site News
• 315-M Curation Facility awaiting design modifications
Curatorial Activities

• Catalog and protect existing artifacts
  – 1100 records in database to-date
  – Records include artifacts, collections of related artifacts, and documentary collections
• Digitize oral histories
• Consolidate historic photographic negatives
• Support to Education Outreach
  – Work with Science & Technology Enrichment Program (STEP)
  – Participation in Project Learning Tree Teacher Workshop
• Develop an artifact loan program for Aiken County Historical Museum
Future Work

- Reactor Thematic Study (complete in FY09)
- 315-M modifications
- Infrastructure Thematic Study
- Separations Thematic Study
- R&D Thematic Study
