

Where did Community Reuse Organizations come from?

- Section 3161 of the Defense Authorization Act of 1993 initiated the creation of “Community Reuse Organizations” across the US in response to the negative social and economic impacts of workforce restructuring
- DOE made a commitment to provide financial assistance for economic development and site reuse activities developed by the affected communities
- 15 CROs were formed across the US

SRS Workforce Trend

Community Reuse Organization Function

Community Reuse Organization - accepts and dispositions excess personal and real properties from US DOE for the purpose of industrial, economic, commercial, and civic development within a designated area.

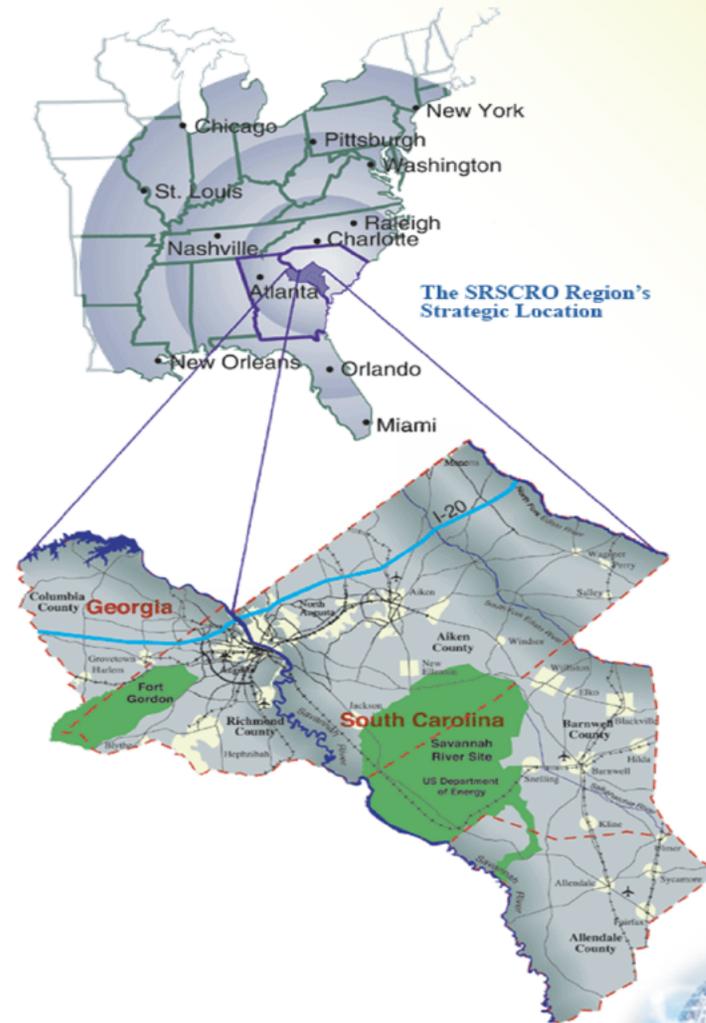

SRSCRO Purpose

- Promoting the **common economic interests and benefits** of the residents, businesses and industries and to stabilize the economy with balanced growth throughout the service area
- Obtaining **maximum utilization of other physical and human resources at SRS** and other regional facilities and institutions through existing and new programs
- Helping to **expand existing businesses and industries**
- **Assisting local economic development entities in recruiting new companies to locate in the service area, while protecting the existing quality of life** in the service area and neighboring areas through economic growth and creation of job opportunities

A Regional Focus

- Board = 22 members (11 from each state)
- Five Counties, Two States
- Designated by DOE-SR as the CRO for SRS
- Private Non-Profit 501 (c) 3
- Funding – Non-Federal Operating Dollars

SRSCRO Appointment of Directors

- Augusta Metro Chamber - 3
- Columbia County Chamber -1
- Development Authority Richmond Co. -1
- Development Authority Columbia Co. -1
- Greater Aiken Chamber - 1
- Greater North Augusta Chamber - 1
- Economic Development Partnership -2
- SouthernCarolina Alliance -2
- Augusta/Richmond County Government -1
- Columbia County Government 1
- Aiken County Government -1
- Barnwell/Allendale County Government -1 (rotation)
- GA & SC University – 1 each (Congressional Appointment)
- GA & SC Technical College -1 each (Congressional Appointment)
- GA & SC At-Large – 1 each (Congressional Appointment)

SRSCRO Board of Directors

SOUTH CAROLINA

- Danny Black
- Dr. Sandra Jordan
- Fred Humes
- David Jameson
- K. D. Justyn
- Anna Loadholt
- Terra Carroll
- Anne Rice
- Bill Robinson
- Chuck Smith
- Dr. Susan Winsor

GEORGIA

- Eddie Bussey
- Sanford Loyd
- Dr. Marc Miller
- Dr. Lisa Palmer
- Sue Parr
- Monty Philpot
- Troy Post
- Walter Sprouse
- Tammy Shepherd
- Rick Toole
- Mark Wills

Focus Areas

- **Economic Development**
 - Asset Revitalization
- **Education**
 - Nuclear Workforce Initiative (NWI[®])
- **Community Voice**
 - SRS
 - Blue Ribbon Commission & Yucca Mountain

Excess Assets

Excess Assets

Real Estate License Agreement

- Use designated space within, or around, certain Government-owned facilities at SRS
- Grants permission to use designated structures, together with ingress and egress, for purposes of preparing and removing such real property structures, installed equipment and/or related personal property for transfer to SRSCRO as personal property

Asset Removal Projects

Asset Removal Projects

Asset Removal Projects

- 90 Pound Rail
- 14.2 Miles
- 2,160 Tons of Rail
- Over 40,000 Ties
- Over 40,000 tons rock ballast

Potential Other SRSCRO Asset Work Scope

- **Excess Trailers**
- **River Water Motors – 1G Pump House**
- **K, A, D-Area Power House Equipment**
- **K, A-Area Abandoned Tanks**
- **D-Area Chemical Storage Building**
- **F & H Pole Barn**
- **Wood Chipper**
- **MOX Wood Packaging Materials**
- **Abandoned Coal Yard Material**

Education Philosophy

We have an obligation to ensure that people of our region develop the skills needed for jobs in our region.

Growing Our Own Through Collaboration®

Collaboration to Advance Nuclear Skills Regionally

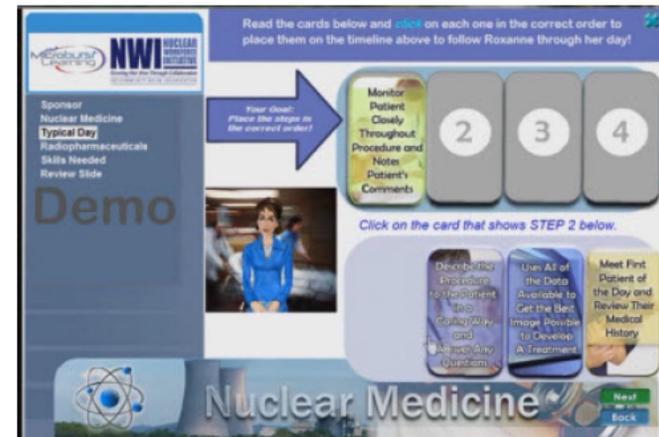

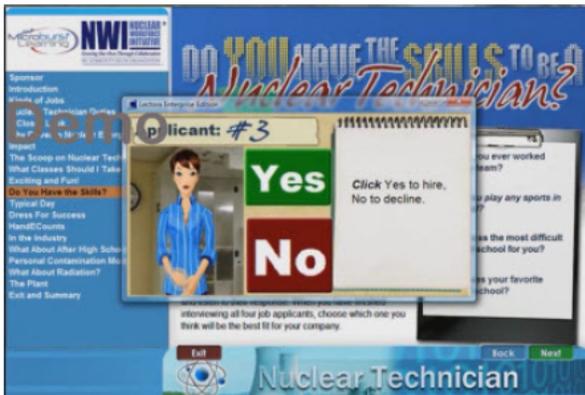

\$1.9 M DOE Grant First Two Years

Aiken Technical College	Nuclear Quality System (NQS) Associate Degree Advanced Nuclear Welding
Augusta Technical College	Chemical Technology Associate Degree Nuclear Career Advisement Program
Augusta State University	Nuclear Science Tracks in Chemistry and Physics Degree Programs
University of SC Aiken	Environmental Remediation and Restoration Specialized Biology Degree
University of SC Salkehatchie	Expansion of STEM Coursework for Region
SRSCRO	Promotion of Regional Nuclear Science Programs, Grant Management

NWI[®] Current K-12 Focus Areas

- Regional Teacher Workshop Involvement
- Nuclear Technology Animation
- Nuclear On-Line Job Shadows

National Nuclear Science Week

National
Nuclear
Science
Week

Get to Know Nuclear

- National Museum of Nuclear Science and History – Smithsonian Affiliate
- New Date - October 21-25, 2013
- National Event Location - **HERE**
 - Tour Day
 - Nuclear Science Education Day
 - Nuclear Workforce Development Day
 - CNTA Edward Teller Lecture Evening

Purpose - To recognize the contributions of the nuclear science industry and those who work in it every day
