Program or Field Office: Savannah River Site

Location(s) (City/County/State): Aiken/Aiken County/South Carolina

Proposed Action Description:

This EEC addresses the MT to design and install new rotameters to replace the obsolete rotameters in the 234-H Tritium Air Monitoring system. Parts removed may be used as spare parts until the completion of the MT. MT-TRI-2022-00024 - Replace of 234-H Kanne Rotameters is attached as reference and provides requirements for the replacement rotameter.

This scope of work was previously evaluated under OBU-H-2023-00054. Since a revision was required and the EEC database no longer uses the previous business unit "OBU", a new EEC was created.
