## **Hazardous Waste Permit Modification Requested**

The United States Department of Energy (DOE) Savannah River Operations Office has requested from the South Carolina Department of Health and Environmental Control (SCDHEC) modifications to Volume II of the 2000 Savannah River Site (SRS) Hazardous Waste Permit Application for the Hazardous Waste Storage Facility (HWSF). This revision (Revision 3 of Volume II) transfers waste treatment capacity from the HWSF to the Transuranic (TRU) Waste Storage Facility to facilitate TRU waste processing.

This notice begins a 60-day public comment period. More information, including the actual permit application, is available for review and copying at the DOE Public Reading Room located in the University of South Carolina (USC)-Aiken campus in Aiken, SC or by contacting personnel identified in this notice. SRS's compliance history during the life of the permit being modified is available from SCDHEC. Written comments may be sent to SCDHEC. All comments will be considered in the final decision. Please send your comments to:

Mr. J. T. Litton  
Division of Hazardous and Infectious Waste Management  
Bureau of Land and Waste Management  
South Carolina Department of Health and Environmental Control  
2600 Bull Street  
Columbia, SC 29201  
Telephone (803) 896-4172

A public meeting will be held on Tuesday, May 18, 2004 at 2:00 PM at the Aiken County Public Library. Representatives from SRS will be available to answer questions on the requested modifications. Any comments or questions about this meeting, the Resource Conservation and Recovery Act (RCRA) permit application, requests for information, if you need special access to participate at this meeting (please contact us at least 72 hours before the meeting), or requests to be on the RCRA mailing list should be made to:

## **SRS Performance Management Plan Now Available for Public Comment**

The draft 2004 Savannah River (SRS) Environmental Management (EM) Program Performance Management Plan (PMP) is posted for public review and comment. The SRS EM Program PMP has been revised to include a comprehensive approach to acceleration of the SRS EM Cleanup Project, achieving cleanup by the 2025 timeframe. The document is on the SRS web site at the following address: [http://sro.srs.gov/srs\\_pmp.htm](http://sro.srs.gov/srs_pmp.htm). If you would like a copy of the CD or a hard copy of the document, please make your request to Jim Moore.

Comments are requested by May 26, 2004. Please provide any comments you may have to:
