

Environmental Bulletin

Volume 20 Number 17
June 21, 2009

from the Savannah River Site

Class 2 Notice **Hazardous Waste Permit Modification Requested**

The Department of Energy (DOE)-Savannah River Operations Office has requested from the South Carolina Department of Health and Environmental Control (SCDHEC) modifications to Savannah River Site's (SRS) 2000 Resource Conservation and Recovery Act (RCRA) Part B Permit Renewal Application for Volume I. This volume of the application contains general information about each of the permitted facilities at SRS and information that is common to many of the facilities.

The revision (Rev 11 of Volume I) proposes updates the sitewide Contingency Plan information.

This notice begins a 60-day comment period. More information, including the actual permit applications, is available for review and copying at the DOE Public Reading Room located in the University of South Carolina-Aiken Library, or by contacting personnel identified in this notice. The Permittee's compliance history during the life of the permit being modified is available from SCDHEC.

A public meeting will be held on Thursday, July 23, 2:00 p.m. at the Aiken County Public Library. Representatives from SRS will be available to answer questions on the modifications. Written comments may be sent to SCDHEC. All comments will be considered in the final decision. For additional information, contact Paul Sauerborn, Savannah River Nuclear Solutions, LLC, Savannah River Site, 730-1B, Aiken, SC 29808. Please send your comments to R. A. Haynes, Director, Division of Waste Management, SCDHEC, 2600 Bull Street, Columbia, SC 29201-1708.

Class 3 Notice **Hazardous Waste Permit Modification Requested**

The DOE has requested from the SCDHEC modifications to the SRS 2000 Resource Conservation and Recovery Act (RCRA) Part B Permit Renewal Application for Volume VIII. This volume of the application contains Mixed Waste Storage Buildings (MWSB) information.

The revision (Rev 5 of Volume VIII) proposes making a number of changes, the most significant of which involves design and management changes to the MWSB in order to begin receiving non radioactive hazardous waste including ignitable and reactive wastes. This and a number of other changes would enable the MWSB to have all of the same capabilities as the Hazardous Waste Storage Facility (HWSF) in N Area. This is part of the SRS effort to consolidate all HSWF activities in E Area where the MWSB is located and to eventually close the HWSF. There were also a number of other minor changes. A list summarizing all of the proposed changes is available upon request.

This notice begins a 60-day comment period. More information, including the actual permit applications, is available for review and copying at the DOE Public Reading Room located in the University of South Carolina-Aiken Library, or by contacting personnel identified in this notice. The Permittee's compliance history during the life of the permit being modified is available from SCDHEC.

A public meeting will be held on Monday, July 13, 2:00 p.m. at the Aiken County Public Library. Representatives from SRS will be available to answer questions on the modifications. Written comments may be sent to SCDHEC. All comments will be considered in the final decision. For additional information, contact Paul Sauerborn, Savannah River Nuclear Solutions, LLC, 730-1B, Aiken, SC 29808. Please send your comments to R. A. Haynes, Director, Division of Waste Management, SCDHEC, 2600 Bull Street, Columbia, SC 29201-1708.
