## A Message from Garry Flowers

SRNS President and CEO

Welcome to a special edition of the "SRNS News." Recently, I had a chance to witness and participate in the United Way's Project Vision: A Day of Caring on March 26 and Project Care and Project Serve on April 23. I am continually impressed with our employees' willingness to give back to our communities and help organizations that help others less fortunate than we are. It says so much about the character of the people of SRNS. They always show up to lend a hand with smiles on their faces and pride in their actions.

On March 26, 260 SRS employees assisted Aiken United Way Agencies with needed maintenance and upkeep tasks in 14 facilities and in the United Way Aiken County Offices. The tasks ranged from landscaping to roof repair and plumbing. On April 23, employees offered their carpentry and painting skills to Project Serve in Augusta, Ga., and Project Care in Barnwell County. It's obvious they enjoy the personal reward they receive in helping others.

I'm especially proud of this issue of the "SRNS News." Enjoy.

ON THE DAYS OF CARING,  
MORE THAN **300**  
SRNS VOLUNTEERS WORKED AT  
**14** LOCATIONS IN AIKEN COUNTY,  
**4** LOCATIONS IN AUGUSTA AND  
**6** LOCATIONS IN BARNWELL COUNTY.
