## SRNS Employees Devote a Day to Help United Way

AIKEN, S.C. – (Monday, April 23, 2012) Over 100 Savannah River Nuclear Solutions, LLC (SRNS) employees volunteered to work Friday, April 20 at seven United Way sponsored projects in an effort to improve the lives of potentially hundreds of citizens living throughout the greater Augusta, Ga., area. Known as “Project SERVE,” this initiative is part of the annual Savannah River Site “Days of Caring” program, conducted in partnership with United Way agencies throughout the Central Savannah River Area.

SRNS employees are shown laying hardwood flooring at the Heritage Academy in Augusta, Ga., an independent school offering a quality Christ-centered education to children of diverse economic, racial and ethnic backgrounds, with an intentional mission to assist children of low-income families.

Days of Caring team projects typically include clearing debris, painting, repairing flooring, replacing roofs, putting up dry wall, building wheel chair ramps, installing smoke detectors, fixing faulty plumbing and yard work.
